The Abuse Death investigation regarding Alleged Child Victim (ACV) [redacted] was debriefed with Case Manager (CM) [redacted] and Team Leader (TL) [redacted] Also present was CPS Director (CPSD) [redacted] and Director of Critical Incident Support (DCIS) [redacted].

The CPS investigation was assigned on 5/18/22 concerning the death of ACV [redacted] (1yo). It was reported [redacted] was the adopted child [confirmed] of [redacted] [adoptive mother], and Ms. [redacted] has two other children residing in the home [redacted] 3yo and [redacted] 5yo]. The family reportedly resided in Kentucky since January 2022, but were in Tennessee for doctors appointments for the children and staying with the 5yo siblings father [redacted] in [redacted] County at the time of the incident.

On 4/22/22 [redacted] passed away. The death was initially believed to be the result of unsafe sleep, as the adults and children were all co-sleeping in the same bed. However, following the preliminary autopsy it was discovered [redacted] had a lethal amount of fentanyl in her system. Ms. [redacted] and Mr. [redacted] were interviewed by LE. Mr. [redacted] admitted to drugs and fentanyl in the home, and it was reported the mother stated she was aware as well. When interviewed by DCS however, the mother stated she was not aware of fentanyl in the home but had observed a bar [crushed pill] on a plate and asked Mr. [redacted] to remove it from the room. She denied drug use or being aware of Mr. [redacted] drug use until the family spent the night in the home the evening prior to [redacted] death.

An IPA was initially completed with the paternal grandmother of the 3yo sibling, for both siblings to remain in her care while the initial investigation continued. The siblings were observed with interviews attempted and no immediate concerns. Both children were medically cleared as well. On 5/20/22 the mother then contacted DCS to stating her intention to temporarily sign custody over of the children to her brother in [redacted] Georgia, along with a POA. The mother has done this and is now back in KY, and the children are in GA with their uncle. The mother reported Mr. [redacted] has no court ordered visitation and it is under her discretion. Information regarding the other birth fathers was limited, but they are reportedly not involved. Region consulted DCS legal regarding the situation. LE stated they may be forthcoming charges for reckless homicide for the APs.
