(age 13) that lives with GPA in another county.
Around 9:30 last night the family were all eating "Gushers" (fruit wraps). The baby got a piece of wrapper stuck in his mouth and mom retrieved it out. They all later went to sleep. Mom, Dad, 8 mo old and the 2 yr old sleeps together. (no safe sleep for 8 month old in the home)
The family slept late today and did not wake to send the kids to school. Mom was awaken by one of the other children in the home and she went to check on that child. When she came back into the room and checked on the 8 mo old, child was not breathing.
Parents phones were dead as they had let the children play on their phones last night.
One of the kids ran to the rental office and they called 911
8 mo old has never been seen by a pediatrician since birth. There was one visit set when the child was a week old and the family never went. The 2 yr old hasn't been seen since birth, and 3 yr old has never been seen either.
There is a 7 yr old that has never been to the dr. They are not vaccinated. Mom says she just takes them if they are sick.
There is a 10 yr old in the home. Mom says this one is vaccinated. (this has not yet been verified)
There was no formula in the home. Parents report waiting on WIC. 8 mo old was being given 2% milk and table food.
There is food in the home. Home is reported to be a little messy but not safety risks, described as just looking like there is a bunch of kids in the home.
Family reports no one on medications. Father admits to using THC. Parents refused a drug screen. Children have not reported any drug exposure or maltreatment. (there was one prior case in 2020..mom tested positive for adderal at birth.)
LE is not seeing anything criminal at this time.
Initial conversations with medical staff were no concerns for abuse/neglect. The baby was 5 lbs at birth. Baby appeared to be healthy with no signs of trauma or maltreatment

This case was assigned due to the death of [redacted] Initial concerns were for co-sleeping however the autopsy found that [redacted] died of Methamphetamine Toxicity. The parents originally refused to take drug screens. After the autopsy findings, drug screens were completed. The children initially were placed with grandparents who could not continue to care for the children. They were later placed with another relative and this placement did not work out and the children were bench ordered into custody.

The parents have been substantiated for the abuse death of [redacted] and drug exposure to the other siblings that were in the home.

Case has been reviewed by CPIT

Notice of classification was sent to the Judge and DA per local protocols.

Case is approved for closure.

ALLEGATION DEFINITION:

Tennessee Department of Children's Services

Case Recording Summary

Case Id:	[redacted]	Case Name:	[redacted]
Case Status:	Close	Organization:	[redacted] Region

Per DCS Policy 14, Work Aid 1, Section G:
Child Death is defined as:
a) Any child death caused by abuse or neglect. b) Any unexplained death of a child when the cause of death is unknown or pending an autopsy report. c) Any child death caused by abuse or neglect resulting from the parent or legal custodian/caretaker failure to stop another persons direct action that resulted in the death of the child. Child deaths are always treated as severe abuse.
Per DCS police 14, Work Aide 1, Section B:
Drug Exposed Child is defined as:
Severe forms of this allegation include but is not limited to:
The manufacturing of methamphetamine where children are present, or in close proximity;
Infants born with a diagnosis of Fetal Alcohol Spectrum Disorder (FASD);
Infants born with a diagnosis of Neo-Natal Abstinence Syndrome (NAS) where the diagnosis is not based on the mothers prescribed and appropriately followed Medication-Assisted Treatment;
Knowingly or with gross negligence allowing a child under eight (8) years of age to ingest an illegal substance or a controlled substance that results in the child testing positive on a drug screen, except as legally prescribed to the child; and/or
Knowingly allowing a child to be within a structure where a Schedule I controlled substance under TCA 39-17-406, cocaine, methamphetamine and/or fentanyl are present and accessible by the child.
OTHER SAFETY FACTORS:
During the course of the investigation [redacted] and [redacted] were safety placed with the maternal grandmother [redacted] and her husband [redacted] after they were removed from the home on an IPA due to their positive hair follicle drug screens. The children were placed there on May 25 and the grandparents were aware of the visits needing to be supervised and informed of the rules. On June 6 the children were removed from [redacted] and [redacted] home due to the couple no longer being willing to supervise visits between the children and the parents. Mr. [redacted] informed CM [redacted] that Ms. [redacted] was calling her children and telling them they would be coming home at the next court date on June 7 and this was causing the children to be upset and confused.
On June 7, 2023 at the court hearing the family presented Ms. [redacted] as a possible relative who could take the children. DCS did a background check and assessed the structure of her home. There were no initial concerns and the children were placed with Ms. [redacted] While the children were placed with her CM [redacted] had ongoing concerns she was not supervising the visits appropriately when the parents were visiting with the children. Ms. [redacted] had to be court ordered to bring the [redacted] Children to a forensic interview that she was aware of and the interviews were scheduled around her. She refused to cooperate with CM [redacted] and even after it was court ordered she missed the next forensic interview. Three appointments had to be made. Ms [redacted] also did not keep in contact with CM [redacted] to be able to see the children on a monthly basis and there were instances that the only reason CM [redacted] was able to see the children was because Ms. [redacted] had to be court ordered to bring them somewhere.
On multiple interview occasions the children informed CM [redacted] that they were staying at their parents house and staying with their mom and dad. They informed CM [redacted] that they did not know who Ms. [redacted] was.
Neither Mr. [redacted] or Mrs. [redacted] completed an alcohol or drug assessment during the whole period of time that their children were out of the home.
The children were bench ordered into DCS custody on 09/29/2023 due to the concerns presented by CM [redacted] to the [redacted] County Juvenile Court. The court also found that DCS had severe abuse findings regarding [redacted] and [redacted] due to their positive hair follicle tests.
CLOSING PARAGRAPH:
There is a preponderance of evidence to support the allegation of Abuse Death against alleged perpetrators [redacted] and [redacted]
There is a preponderance of evidence to support the allegation of Drug Exposed Child against [redacted]

CPS Investigation #: [redacted]
County: [redacted]
DATE & TIME of State's Custody: 10/02/2023
MSW Consult with [redacted] MSW
Trauma Reduction was discussed with, CPS Investigator: [redacted]

PARENT/CARETAKER(S):
Birth Mother/Child Removed From: [redacted] (Birthmother) & [redacted] (Birthfather)

Children Removed: [redacted]

Trauma reduction factors implemented were the following:

The Department of Childrens Services received a referral for Abuse Death on March 7, 2023. The alleged perpetrators were listed as [redacted] and [redacted] During the course of this investigation there was probable cause to show the children were dependent and neglected per Legal and DCS policy.

(Responsible Efforts Made): On March 7, 2023 CM [redacted] received a report of Abuse Death regarding [redacted] (DOB: [redacted]). [redacted] passed away on March 7, 2023 and it appeared to be from co-sleeping with his parents. CM [redacted] asked the parents to do drug screens on March 7, 2023 and they both refused. CM [redacted] received the autopsy report back on April 19, 2023 and it revealed [redacted] cause of death was from methamphetamine toxicity. Consequently CM [redacted] went out to the home and discussed the results with the parents. Both parents agreed to do drug screens. Mr. [redacted] was positive for alcohol, ectasy, methamphetamine and THC. Ms. [redacted] urine drug screen was negative for all substances. Due to the

concerns from the findings in [redacted] autopsy report CM [redacted] requested that all of the children get a hair follicle test and the mother also get a hair follicle test. An Immediate Protective Agreement was also done not allowing the father in the home with the children and he was to only have supervised visits. The mother did not bring her children to the hair follicle test appointment or go herself. She had to be court ordered. DCS received the hair follicle results for the children in May 2023 and all of the children were positive for methamphetamine. [redacted] was also positive for cocaine. Consequently a second IPA was completed placing the children with the maternal grandparents out of the mothers home. The maternal grandparents could not keep the children and a third IPA was done on the case placing the children with the childrens paternal aunt [redacted] on June 6, 2023. During the time the children have been placed with Ms. [redacted] the department has had concerns over her ability to protect the children and ensure that when the children are visiting the parents the parents are being properly supervised. These concerns were all presented to the [redacted] County Juvenile Court at an adjudication hearing on 09/29/2023 and the children were bench ordered into DCS custody due to the concerns.

Extenuating circumstances were approved by Assistant General Counsel [redacted] OCS Team Coordinator [redacted] and Regional Investigative Director, [redacted]

CM [redacted] talked to the children about coming into DCS custody made significant efforts to reduce trauma in this case.

For Instance:

1. The children were brought to the DCS office by Ms. [redacted] and offered an opportunity to say goodbye.
2. The children had some of their stuff from home when the came to the DCS office

All of the [redacted] Children were court ordered into DCS custody. Ms. [redacted] brought them to the DCS office at [redacted]. CM [redacted] observed that when the children arrived at the office they had backpacks but did not have bags of clothes or suitcases. The children had very little of the items that they had previously when CM [redacted] had transitioned them to different placements. CM [redacted] asked for Ms. [redacted] to stay so she could assist with answering questions about the children. Ms. [redacted] refused. She stated that CM [redacted] had been trying to remove the children from her from day one and she stated CM [redacted] could do his own paperwork.
Ms. [redacted] was quick to leave the DCS office after dropping off the children and she did not say goodbye or appear to be emotionally upset by leaving the children.

An adjudication hearing was held on the [redacted] case. [redacted] was present as legal counsel for DCS, CM [redacted] the case manager, the mother [redacted] along with her attorney [redacted] the father along with his attorney [redacted] and Ms. [redacted] was present in court as well. The hearing was held in front of Magistrate [redacted].

The parents were advised by their attorney's that they did not have to testify or speak as to any of the allegations or the petition due to the pending criminal investigation going on by the [redacted] Police Department. Both Mr. and Mrs. [redacted] plead the fifth when asked questions on the stand. CM [redacted] testified as to the allegations in the petition as well as the ongoing concerns that the Department has had that Ms. [redacted] is not being cooperative and not communicating with CM [redacted] as to who is supervising the visits the children are having with their parents. CM [redacted] also expressed concern that Ms. [redacted] was not on the children's school contact list for the school to contact in case of an emergency. Ms. [redacted] testified in court that she did not give the school a copy of the court order saying that she has custody as she did not think it was any of the school's business. She testified that CM [redacted] calls and text's her almost every day but she does not respond back to him as that is the last thing on her mind. Magistrate [redacted] found that the department did have severe abuse findings on the three children who had hair follicle test's and were positive for methamphetamine. She was disturbed that Ms. [redacted] was not communicating with CM [redacted] and that she was aware the children were placed with her due to abuse and neglect but she testified talking to CM [redacted] was the last thing on her mind. Due to the concerning reports she ordered the children into the custody of DCS.

TL [redacted] held case conference with CM [redacted]

Court was on 9/15/23 but was rescheduled to 9/29/23 so that opposing counsel could review the forensic interviews of the children. CM [redacted] spoke with the custodian, [redacted] to let her know that court had been reset and to be at the next hearing. CM also asked her to give a date and time when he could see the youngest two children at the house. She told CM to call her and would not give a day and time. CM texted her that same day (Last Thursday, 9/15/23). She has not responded back at this time. CM expressed to Ms. [redacted] that he needed to see the youngest children at her house where they stay. At this time, the mother and father has not done anything to remedy the situation to get their children back. Ms. [redacted] has stated to CM [redacted] that at the next court hearing the parents will be presenting evidence that should support them getting custody back of their children. However, their attorneys have not mentioned anything to our DCS attorney. This case will be reviewed next week after court as to the disposition of the children.

CM [redacted] met with Ms. [redacted] at at park in the community to see [redacted] and [redacted] for the month of August. The children were playing on the playground and appeared to be having a good time. Ms. [redacted] stated there was a daycare at [redacted] and if she decided to keep the children the younger ones could go to the daycare near where she worked. CM [redacted] asked about visitation with the parents. Ms. [redacted] stated that the children do not visit with their mother very much because of her work schedule. She stated their father comes by sometimes and visits with them. Ms. [redacted] asked if the parents were going to get their children back at the next court hearing. CM [redacted] asked if the parents had done anything to show they no longer had any problems with drugs or alcohol. Ms. [redacted] reproted that [redacted] had taken another hair follicle test. She also stated that [redacted] had completed his treatment. CM [redacted] stated that no one had reached out to him about these things. Ms. [redacted] thought that might be something that could be discussed at the next court hearing. No other concerns were noted from this visit. Ms. [redacted] stated she did not need anything specifically from DCS at this time.

TL [redacted] held case conference with CM [redacted] The caretaker has been going back and forth in regards to if she wants to keep custody of the children. She has stated that the parents are a handful and that they are very demanding. She didn't take the children for their CAC forensic appointments last week. She stated that there was a miscommunication between her and CM [redacted] CM [redacted] has been in contact with her along with CM [redacted] who had to help CM [redacted] out on the case for on call due to the children weren't at the placement. There was an issue regarding the children being with the parents which there is supervised contact and no one was at the residence when CM arrived. It was discussed with the caretaker that she has to be the one to supervise contact and no one else. The next court hearing for this case is Aug 31st. The children have forensic interviews set up again for August 7th. CM will continue to monitor this case and present to CPIT.

CM [redacted] received a report that the [redacted] Children were back with their parents and not being supervised by Ms. [redacted] CM [redacted] did a unannounced welfare check to Miss [redacted] home first and she was not there. Then CM did a visit to the parents home. [redacted] answered the door and CM asked who was there watching everyone. He said his mom and dad were at work and [redacted] was at work. CM [redacted] asked again who was watching everyone. He said his other grandma. CM [redacted] asked what his other grandmas name was and he seemed to have a very hard time remembering. Finally he said it was Ms. [redacted] He said Ms. [redacted] was not home right now though. As CM [redacted] was getting ready to leave [redacted] and [redacted] pulled up. Both parents said [redacted] was supposed to be watching the children but just dropped the kids off this morning. Neither parent mentioned anyone named [redacted] watching the kids. [redacted] told me to leave and I should be talking to [redacted] about everything. Mr. [redacted] [redacted] asked me to leave the premises and stated that CM [redacted] should be speaking with Ms. [redacted] and had no business being at the apartment.

CM [redacted] came back at a later time to the parents home along with police and CM [redacted] [redacted] A woman answered the door and stated her name was [redacted] Nell. Ms. Nell reported that she was expecting some childwelfare workers to come to the home. CM [redacted] asked where the [redacted] Children were at. She reported they went with their parents Ms. [redacted] and [redacted] [redacted] to the store about 15 minutes ago. CM [redacted] asked if Ms. [redacted] [redacted] had explained the situation with the parents and that the parents were not allowed to visit without being supervised. TL [redacted] held case conference with CM [redacted] The case was presented to the courts today for a transfer of custody. Test results were received on the mother and children. Methamphetamine was positive for all children and for the youngest child there was cocaine as well. Due to this an IPA was completed and transfer of custody. The grandmother and the attorneys were objecting having the children forensically interviewed but after show the statue, the judge ordered that it had to be completed. The grandmother has asked that the appointments be completed all in the same day. CM needs to get in touch with Law Enforcement to find out what steps that they are going to take. CM needs to also present the case to CPIT. CM will get the forensics set up and completed. Adjudicatory hearing is set for August 31st.

A court hearing was held regarding the status of the [redacted] Children as the paternal grandparents were not filing for custody and were not willing to keep the children. Present in court was DCS legal [redacted] CM [redacted] The attorney for the mother [redacted] and the attorney for the father [redacted] Before the hearing GAL [redacted] spoke with CM [redacted] and stated the children had an aunt [redacted] and he stated Ms. [redacted] was willing to take all five of the children. He informed CM [redacted] that Ms. [redacted] was at court outside and CM [redacted] could speak with her. CM [redacted] spoke to Ms. [redacted] and she stated that she was [redacted] aunt and the children's great aunt. Ms. [redacted] was aware of the situation with the children. CM [redacted] stated that this case had been going on for two months and a lot of things had been happening on it. He asked Ms. [redacted] multiple times why he was just learning about her and who she was. Ms. [redacted] stated that Mr. [redacted] was embarrassed and did not want to ask for help. CM [redacted] informed Ms. [redacted] that Mr. [redacted] was removed from his home by DCS and at the time CM [redacted] did that Mr. [redacted] stated he had no place to stay. Ms. [redacted] again said she didn't know why the family didn't let her know what was happening until right now. CM [redacted] did background checks on Ms. [redacted] nd they were all clear. Prior to the court hearing all parties met in a conference room to discuss the case. Attorney [redacted] suggested that Ms. [redacted] have all the children back in her care and have supervised visits as DCS had done in the original IPA. DCS legal counsel [redacted] disagreed and stated in other cases like the [redacted] case the court would of already removed the children into foster care. Attorney [redacted] maintained that Ms. [redacted] did not use drugs but was exposed to drugs. GAL [redacted] agreed the children needed to go to Ms. [redacted] home if that was at all possible. CM [redacted] informed the court that he would quickly go make sure that Ms. [redacted] home was structurally sound. The court agreed and the children were placed on an IPA with Ms. [redacted]

CM [redacted] received a letter from DFCS in Georgia with information about the families possible history from the state of GA. the letter stated

"02/24/2020- A report was made to [redacted] County DFCS by a mandated reporter. The report outlined concerns of Inadequate Supervision towards [redacted]. The report was assigned as a Child Protective Services investigation and given a 72-hour response time. The report alleged that Ms. [redacted] tested positive for THC and amphetamines. The positive result for the [redacted] came from the meconium test. [redacted] did not have any withdrawal symptoms. Ms. [redacted] admitted to smoking marijuana two times a week when she couldnt eat. She reported that she was taking Adderall which would account for the amphetamines. The case was UNSUBSTANTIATED and closed."

Ms. [redacted] agreed through her attorney to have the children safety placed with the maternal grandmother and maternal step grandfather [redacted] and [redacted] in [redacted] County. CM [redacted] completed an expedited home study with Mr. and Mrs. [redacted] and they agreed to keep the children and supervise all visitation between the parents and the children. CM [redacted] followed Mr. and Mrs. [redacted] from their home in [redacted] county to Ms. [redacted] home in [redacted] Upon arriving at the apartment in [redacted] CM [redacted] observed that the mother had already packed all of the children's things and [redacted] and [redacted] were helping get everything loaded into the truck. As it was 09:00 PM at night CM [redacted] did not interview the children regarding any details but they did not appear to be surprised or have questions about going to their grandparents home. Besides clothes, CM [redacted] observed that the children were packing up TV monitors and video gaming equipment and a lot of toys. CM [redacted] asked Ms. [redacted] to sign the IPA showing that she was in agreement with the children being placed with the grandparents. Ms. [redacted] refused to sign anything for CM [redacted] and stated that she was concerned DCS had called [redacted] in [redacted] and told them to falsify the children's hair follicle test's. CM [redacted] did not engage with Ms. [redacted] but agreed that he would speak with her attorney.

TL [redacted] held case conference with CM [redacted] The children received a hair follicle test and the mother took them to get it. The mother didn't get her hair test completed when she took the kids. Court was last week and it was ordered that the children had to get it done at that time. Court is being held today to ensure that the hair follicle test was completed. The results for the hair follicle test hasn't been received at this time. The children are still residing with the mother and the father is not in the home. CM will continue to monitor this case.

Ms. [redacted] contacted CM [redacted] Ms. [redacted] informed CM [redacted] she didnt understand why she needed to do the hair follicle test when she passed her urine screen. CM [redacted] explained that DCS was asking for her to do a hair follicle test as well. She said that everything was really overwhelming to her and she didnt like all of this court stuff. CM [redacted] asked her if she were to do the hair follicle test today would everything be clean and she said she would. She said with her job she had to keep on working and couldnt take any time off until June 7. CM [redacted] said that was a month away and DCS wanted a hair follicle test sooner then that. CM [redacted] asked her if she would allow DCS to have her children get hair follicle tests sooner and she stated she would if a family member could bring them.

CM [redacted] asked Ms. [redacted] how methamphetamine got into [redacted] system and Ms. [redacted] said she had a friend Kisha [redacted] staying with her for a while and after she stayed with them for a while Ms. [redacted] had to kick her out because she learned Ms. [redacted] was using meth. CM [redacted] explained the concern again that her son had methamphetamine in his system and when I drug tested Mr. [redacted] he was positive for that drug as well as others. Ms. [redacted] said she had no idea he was smoking around the children.

After a while Mom said that she would do a hair follicle sooner but she couldnt go to [redacted] to do it. She said she would do a hair follicle in [redacted] CM [redacted] told her I would look and see if he could find a place in [redacted] to do the hair follicle test that DCS is asking for.

An Ex-Parte restraining order was filed with the [redacted] County juvenile court restricting the father [redacted] from having any contact with the children of any kind. The order stated that the mother shall not allow any contact between Mr. [redacted] and his children. The order further stated that any contact the mother had between her and her surviving children would be supervised by an appropriate adult. The restraining order listed a court date of May 2 for this case to be heard.

Along with the restraining order was the petition that stated a Non Custodial perm plan had been developed with the family on 04/19/2023 but the parents refused to sign the plan or cooperate with it and DCS was requesting that the court order the parents to cooperate.

The FAST was assessed on 3/8/23 at the residence as Safety Result: Immediate Intervention Not Recommended and Risk Result: No Need/Risk. Case came in as a P1 for Abuse Death. The ACV in the case is [redacted] The AP's are [redacted] and [redacted] CM [redacted] and CM [redacted] met response at the family home. This case was worked in conjunction with [redacted] who is the homicide investigator from the [redacted] Police Department. Mr. and Mrs. [redacted] reported they went to bed the night before and in the bed with them was their 8 month old son [redacted] and their daughter [redacted] Mrs. [redacted] reported her children do not wake up through the night. She reported when she woke up [redacted] was not breathing and not responding. The families cell phones were dead. She quickly brought [redacted] up to her neighbor and asked for help. Her neighbor brought [redacted] to the hospital and he died. Detective [redacted] reported based on his initial observations and interviews there would be no criminal prosecution in this case. Next steps are to speak with [redacted] who is another child in the family that resides with his grandfather in [redacted] county where he goes to school. Schedule well child visits for all of the surviving children. CM [redacted] will also follow up with the mother on grief counseling and her mental health. CM [redacted] will request records from GA DFACTS to see if the family has any history down there. In a previous DCS case the family was moving to GA. CM [redacted] will upload the autopsy once it is received. All medical records will be uploaded. CM [redacted] will request all interviews from law enforcement review them and put a summary of the interviews in TFACTS. Once all tasks are completed CM [redacted] will present this case to CPIT.

The Abuse Death investigation regarding Alleged Child Victim (ACV) [redacted] was debriefed with Case Managers (CM) [redacted] and [redacted] and Team Leaders (TL) [redacted] and [redacted] Also present was Team Coordinator (TC) [redacted] CPS Director (CPSD) [redacted] and Director of Critical Incident Support (DCIS) [redacted].

The CPS investigation was assigned on 3/8/23 concerning the death of ACV [redacted] (9mo). It was reported [redacted] resided with his birth mother [redacted] birth father [redacted] Sr.], and four siblings [redacted] 1yo, [redacted] 3yo, Quoron [redacted] 6yo, [redacted] 9yo] in [redacted] County. Additionally, one sibling [redacted] 15yo] splits time between homes, and another sibling [redacted] age unknown] resides with the grandfather through agreement with the parents who maintain custody, so the child can go to school in [redacted] County.

On 3/7/23 the mother discovered [redacted] unresponsive in the family bed where the mother, father, [redacted] and the 1yo and 3yo siblings had been sleeping the previous evening. The parents cell phones were both dead, so the mother ran to an upstairs neighbor for help. 911 was called and the neighbor rushed [redacted] to the hospital, where he was pronounced deceased. No injuries or signs of abuse were present on the body and an autopsy is pending.

The surviving siblings residing in the home were each observed an interviewed as possible with no disclosure or evidence supporting abuse/neglect. The parents reported it was practice for them to co-sleep with the [redacted] and the younger children. The mother reported going to bed at 9pm the night priors with the 1yo child, while [redacted] and 3yo stayed up with the father watching TV. The father reported at some point [redacted] choked on a Gusher wrapper, but he dislodged the paper and [redacted] appeared fine after this. The mother stated it was common for the children to sleep through the night. They denied [redacted] had been sick leading up to the incident, but stated they did not take their children to the doctor unless absolutely necessary and children were unvaccinated and generally did not visit a PCP. The parents refused drugs screens. The mother stated she has been diagnosed with bipolar disorder in the past but was currently on no medications and doing well. The father

admitted to THC approximately three times a week. Grief counseling and safe sleep was discussed with the family.

Next Steps:
-- CM will request available medical records for the ACV. Records will be reviewed and uploaded to TFACTS.
-- CM will request all interviews and information/evidence collected by LE within their investigation and review, summarize, and upload what is shared to TFACTS.
-- CM will request parents have surviving siblings residing in the home medically cleared.
-- CM will complete collateral contacts with school-aged siblings school(s).
-- CM will complete global assessment of sibling who resides with grandfather.
-- CM will request child welfare records from GA for the family.
-- CM will follow-up on grief counseling support for the family and mental health for the mother.
-- CM will document and upload autopsy into TFACTS once received.
-- CM will complete Closing FAST prior to case closure.
-- CM will present findings to the Child Protective Investigative Team (CPIT) for classification review.

Employee Assistance Program (EAP) information and supervisory support was discussed with involved staff.

Worker: [redacted]

The referral from the above 2020 case states the following:
[redacted] (1 day) and three unknown children (one is age 1 and unknown about the other two) live with their mother named [redacted] and their father [redacted]

[redacted] delivered the baby at home yesterday and she said that she had the baby all of the sudden. [redacted] got up to use the bathroom yesterday and had the baby. [redacted] came in to [redacted] Hospital after having the baby via EMS and she was positive on admission for THC and amphetamines. [redacted] admitted to using marijuana. [redacted] did not say how much or how often. [redacted] did not say when she last used. [redacted] said that she has a prescription for Adderall from [redacted] Mental Health Clinic and that is the reason for the amphetamines. The prescription has not been verified yet. [redacted] said that she is on a lot of different medication for depression.

The baby was born at 37 weeks. [redacted] had limited prenatal care with Dr. [redacted] It is unknown why it was limited. It is unknown if she was drug tested on any prenatal visits. [redacted] is not really prepared for the baby. She only has a few clothes but she does not have a car seat and other needs. [redacted] was asked about family support and she said that all of her family lives at out of town. [redacted] does not have any family here either. [redacted] is supportive. It is unknown if they have access to what they need. They are on Tenncare, WIC and food stamps though. It is unknown if the baby was drug tested at all because the baby was born at home so that makes it difficult. The baby seems healthy. The baby is not showing signs of withdrawal. [redacted] said that DCS has not been involved with her before. [redacted] has three other children and she does have custody of those other kids. [redacted] and the baby will probably release from the hospital tomorrow. They are both still at the hospital now.

Based on the history above, TL [redacted] advised CM [redacted] to ask the parents to submit to a urine drug screen (UDS). TL did not see where the prescriptions were ever verified in the prior case. The meconium was positive for amphetamines and THC in the 2020 case.

Associates. TL [redacted] called the Doctors Office and was informed that the family had set up an appointment for 6/28/22 (when the ACV would have been 7 days old) but that they were a no-show and never called back to reschedule. [redacted] has never been seen by a pediatrician; [redacted] Associates reported that 5 appointments were made but all were no shows: 5/4/21, 5/6/21, 5/13/21, 6/21/21 (9am and 2pm). [redacted] had no appointments ever scheduled. [redacted] was scheduled for two appointments but were no shows as well- in 2021. Parents reported to CM [redacted] and CM [redacted] that they did not believe in vaccinating their younger children and didnt see the need to take them to the doctor if they were not sick.

CM [redacted] and CM [redacted] reported that parents admitted to co-sleeping full time with [redacted] and [redacted] The parents reported that on 3/6/23 at about 9:30PM they were in the bed eating gushers with the children and [redacted] ended up with one of the wrappers in his mouth and father removed it. They went to sleep shortly after this. Mother reported that she woke up the following morning, 3/7/23 around 9:30AM and was tending to one of the other children in the home when she returned to the bedroom to find [redacted] unresponsive in the bed. Parents reported that they do have cell phones, but the children had been playing on them and the battery had died on them. Mr. [redacted] reported that he didnt go with [redacted] to the hospital, but it wasnt that he didnt want to. Mr. [redacted] reported that he went inside the home to get his shoes and EMS left before he could get back to the ambulance.

Parents were asked to take a UDS but Mrs. [redacted] did not consent and stated it doesnt matter, my child is already dead. Mr. [redacted] admitted to THC use but also did not consent to a UDS. CM [redacted] and CM [redacted] reported that the parents did not appear under the influence. No drug paraphernalia was observed in the home and no odor of marijuana.

Parents report they did not have any formula, that they were waiting on WIC to reload so they could purchase more. Parents report that [redacted] eats table food and has been drinking 2% milk while waiting on more formula.

It was reported that the school age children in the home attend [redacted] Elementary School. However, they were not in school on 3/7/23 due to the family oversleeping.

CM [redacted] and CM [redacted] were at the home with a detective who reported that at this time, there was no evidence of anything criminal regarding the death of [redacted]

CM [redacted] and CM [redacted] reported that the home was cluttered but no safety concerns. CM [redacted] and CM [redacted] stated that the home was as clean as possible with the number of children living in the residence.

CM [redacted] and CM [redacted] reported that parents do not work. CM [redacted] and CM [redacted] stated that the family receives food stamps, WIC, and resides in section 8 housing.

All the children were interviewed/observed. Those that could be interviewed made no disclosure of abuse or neglect.

At 3:40PM TL [redacted] talked with Dr. [redacted] in the ED who was present when [redacted] arrived at the hospital. Dr. [redacted] reported no concerns with how [redacted] looked other than him being deceased. Dr. [redacted] reported that [redacted] chest was red from doing compressions but there were no marks, scars, or bruising anywhere on [redacted] body. Dr. [redacted] reported that [redacted] was weighed and in the 89% percentile at the time of death. Dr. [redacted] reported no concerns for any external signs of trauma. TL [redacted] thanked Dr. [redacted] for taking the time to talk with her.

CM [redacted] and CM [redacted] interviewed Mr. and Mrs. [redacted] Mrs. [redacted] reported she had gone grocery shopping at Sams last night before coming home and going to bed. She went to bed at 09:00 PM with her daughter [redacted] Mr. [redacted] stated that he, [redacted] and [redacted] stayed up later to watch wrestling and cleaning shoes before they all went to bed as well. The family confirmed Mr. [redacted] Mrs. [redacted] and [redacted] were all sleeping on a queen size bed in Mr. and Mrs. [redacted] bedroom. Mr. [redacted] reported he and [redacted] were eating gushers in the bedroom before going to bed. During the night he could see [redacted] was choking and he got him to spit up a gusher paper that [redacted] had put in his mouth. Mrs. [redacted] stated that she does not bring her children to the pediatrician because the children do not get sick and she was raised to not bring her children to the doctor if it can be taken care of at home. Mrs. [redacted] reported her children sleep through the night. She reported when she woke up this morning [redacted] was cold and unresponsive. Mr. and Mrs. [redacted] reported there phones were dead so they went to get help and grab the rent lady [redacted] drove [redacted] to [redacted] Mr. [redacted] reported he wanted to go but could not grab his shoes fast enough and by the time he was ready she was already gone. CM [redacted] and CM [redacted] observe that the home has 3 bedrooms. In the first bedroom on the right side of the hallway are two bunkbeds stacked on top of each other on one side of the wall and a regular size bed on the other side of the wall. In that same bedroom the family also had a toddler mattress that a toddler could sleep on. [redacted] and [redacted] sleep in the first bedroom. In the second bedroom which is the parents bedroom there is a queen size mattress where the parents sleep as well as [redacted] and [redacted] had slept. On the bedroom at the end of the hallway there are three bunkbeds. [redacted] and [redacted] sleep in the third bedroom. CM [redacted] and CM [redacted] asked both parents if they would be willing to take a drug screen. Mrs. [redacted] refused saying what does DCS asking her to do a drug screen have to do with her child dying? CM [redacted] stated it was due to a previous case where she had reported a history of previous drug use. Mrs. [redacted] stated that was back in 2020 and she was going to [redacted] Mental health taking prescribed medication that caused her drug screen to be positive for amphetamines. Mr. [redacted] stated that he smokes THC three times a week and he also refused to do a drug screen. He stated he last used marijuana on 03/05/2023. CM [redacted] spoke to the family about doing grief counseling. Safe sleep was also addressed with the family. The family was made aware that DCS would be

CM [redacted] and CM [redacted] spoke with Detective [redacted] from [redacted] Police Department regarding the case. Detective [redacted] stated the parents were no longer at the hospital and someone had picked them up and brought them home. Detective [redacted] stated the family had beds for everyone. He reported from his observations not all of the beds were used. He stated that based on his initial observations of the home and initial interviews with the parents the death appeared to be accidental. He stated that there were 7 or 8 people in the home. He stated there were 4 people sleeping in the same bed and it's possible that [redacted] got rolled over on. CM [redacted] asked Detective [redacted] if the house was filthy. Detective [redacted] said it was not super clean but the house was pretty standard for the other houses in the areas as far as how clean it was. He stated there were dirty dishes in the sink that may have have only been in the sink for one day. He reported there was some clutter on the floors and some trash that had not been thrown away. He stated there were no environmental hazards and nothing that he observed that would pose a danger to the children there.

[redacted] delivered the baby at home yesterday and she said that she had the baby all of the sudden. [redacted] got up to use the bathroom yesterday and had the baby. [redacted] came in to [redacted] Hospital after having the baby via EMS and she was positive on admission for THC and amphetamines. [redacted] admitted to using marijuana. [redacted] did not say how much or how often. [redacted] did not say when she last used. [redacted] said that she has a prescription for Adderall from [redacted] Mental Health Clinic and that is the reason for the amphetamines. The prescription has not been verified yet. [redacted] said that she is on a lot of different medication for depression.

The baby was born at 37 weeks. [redacted] had limited prenatal care with Dr. [redacted] It is unknown why it was limited. It is unknown if she was drug tested on any prenatal visits. [redacted] is not really prepared for the baby. She only has a few clothes but she does not have a car seat and other needs. [redacted] was asked about family support and she said that all of her family lives at out of town. [redacted] does not have any family here either. [redacted] is supportive. It is unknown if they have access to what they need. They are on Tenncare, WIC and food stamps though. It is unknown if the baby was drug tested at all because the baby was born at home so that makes it difficult. The baby seems healthy. The baby is not showing signs of withdrawal. [redacted] said that DCS has not been involved with her before. [redacted] has three other children and she does have custody of those other kids. [redacted] and the baby will probably release from the hospital tomorrow. They are both still at the hospital now.

E. Investigation Summary

Instruction: Condense the finding rationale for each allegation relative to the child victim(s). Be sure to identify the facts that provided for the classification decision.

Summarize the key points and dates of the child or children's statements and/or the observation of the child or children's physical state or home environment:

On March 7, 2023 CM [redacted] and CM [redacted] interviewed [redacted] reported he didn't know that [redacted] was not breathing last night and he was sleeping. When [redacted] woke up he heard his mom and dad yelling and screaming that [redacted] wasn't breathing. [redacted] stated he does not take any medicine but he is allergic to peanut butter. He stated that his mom takes medicine sometimes but it does not make her act weird or crazy. He stated that neither of his parents drink alcohol. They both smoke Newport Cigarettes. He stated his parents barely smoke though. He stated they only smoke when they are stressed. [redacted] stated his mom and dad do not fight and the only time the police have been at the home was today.
After speaking with [redacted] CM [redacted] and CM [redacted] spoke with [redacted] reported that his brother [redacted] died. He did not go into any detail on what he saw or what had happened the night before. He was very talkative and stated when he gets in trouble at school he has to go the principals office. When he gets in trouble at home he gets a whooping on his butt. He stated there are never any marks or bruises when he gets a whooping. [redacted] was asked if he knew what drugs were and he stated he did not. He was asked if he knew what smoking was and he responded, why did you ask me that? He stated only adults smoke and he is a kid and can't smoke. He did not disclose his parents using drugs or drinking alcohol.

Summarize professional, medical or psychological findings or opinions: What is the collateral's oral or written finding/opinion of the incident(s)/allegation(s)?

CM [redacted] received the Autopsy from Detective [redacted] The autopsy reported that [redacted] cause of death was Methamphetamine Toxicity and the manner of death was an accident. The injury description stated "took methamphetamine." The contributory factor stated respiratory bronchiolitis/smoke exposure.
The Autopsy is uploaded in TFACTS

Summarize alleged perpetrator's statement or admission: What is the perpetrator's explanation of the incident(s)/allegation(s)?

On March 7, 2023 CM [redacted] and CM [redacted] interviewed Mr. and Mrs. [redacted] Mrs. [redacted] reported she had gone grocery shopping at Sam's last night before coming home and going to bed. She went to bed at 09:00 PM with her daughter [redacted] Mr. [redacted] stated that he, [redacted] and [redacted] stayed up later to watch wrestling and cleaning shoes before they all went to bed as well. The family confirmed Mr. [redacted] Mrs. [redacted] and [redacted] were all sleeping on a queen size bed in Mr. and Mrs. [redacted] bedroom. Mr. [redacted] reported he and [redacted] were eating gushers in the bedroom before going to bed. During the night he could see [redacted] was choking and he got him to spit up a gusher paper that [redacted] had put in his mouth. Mrs. [redacted] stated that she does not bring her children to the pediatrician because the children do not get sick and she was raised to not bring her children to the doctor if it can be taken care of at home.
Mrs. [redacted] reported her children sleep through the night. She reported when she woke up this morning [redacted] was cold and unresponsive. Mr. and Mrs. [redacted] reported there phones were dead so they went to get help and grab the rent lady [redacted] drove [redacted] to [redacted] Mr. [redacted] reported he wanted to go but could not grab his shoes fast enough and by the time he was ready she was already gone.
On 04/19/2023 CM [redacted] arrived at the home and spoke with Detective [redacted] privately. Detective [redacted] reported the family had no idea how methamphetamine could have gotten into their son's system. He stated that the family was willing to take drug tests and be cooperative with DCS.
Ms. [redacted] did a a UA test and was negative for all substances. Mr. [redacted] stated that he had drank a beer an hour ago. He stated that he smoked THC but didn't do anything else. CM [redacted] asked if he bought the THC from a store or got it off the street. He stated he got it off the street. He stated he didn't know if it was laced with anything. Mr. [redacted] UA test was positive for amphetamine, methamphetamine, ecstasy, alcohol, and THC. Mrs. [redacted] submitted to a UA test and was negative for all substances. She reported that she had no knowledge of Mr. [redacted] ever smoking in the house around the children. DCS initiated an IPA stating that the father would not be living in the home and that someone would supervise the mother while she had the children. CM [redacted] also stated that DCS would be asking Mrs. [redacted] and her four children that were living in the home to do hair follicle test's. Ms. [redacted] kept on thinking about how methamphetamine could of gotten into [redacted] system and she let CM [redacted] know that she had a friend staying with her who also had a DCS case and had her children removed from her. She stated this friend was watching her children and staying at her house and she caught her using drugs. She believes that [redacted] was exposed to methamphetamine due to the friend that was staying with them.

Summarize witnesses' descriptions of what they saw and what they believe indicates child abuse/neglect:

On 07/14/2023 [redacted] and [redacted] were brought to see Dr. [redacted] for a wellness check. No significant health concerns or child abuse and neglect concerns were noted from that visit. On 05/04/2023 [redacted] and [redacted] were brought to see Dr. [redacted] and no child abuse or neglect concerns or significant health concerns were noted during the visit. On 07/12/2023 [redacted] was brought to see Dr. [redacted] and no significant health concerns were noted during that visit.

Summarize any other evidence or factors that support the investigative finding(s) for the allegation(s) of abuse/neglect:

The allegation of Abuse Death for [redacted] with [redacted] as the AP is substantiated. DCS received [redacted] autopsy back on April 19 and it showed that his cause of death was from Methamphetamine Toxicity. Due to [redacted] autopsy result CM [redacted] drug tested Mr. [redacted] and he was positive methamphetamine, amphetamine, alcohol, etctasy, and THC. The allegation of Abuse Death for [redacted] with [redacted] as that AP is substantiated. DCS also requested and the [redacted] county juvenile court had to order
