On August 15, 2022, the Department of Children Services (DCS) received a referral for an allegation of Abuse Death regarding alleged child victim (ACV) [redacted] (14 months). The alleged perpetrator (AP) was listed as [redacted] The investigation was assigned to Child Protective Services Case Manager (CM) [redacted] by Team Leader (TL) [redacted] This case was worked in conjunction with the [redacted] County Sheriffs Office ([redacted]CSO) Detective [redacted]

[redacted] lived at the home with her birthmother, [redacted] Also in the home is the childs maternal great grandmother [redacted]

On August 15, 2022, [redacted] County Sheriffs Office responded to the home in reference to the 14-month-old being struck by a vehicle and the child being deceased. It was believed at this time that [redacted] was operating the vehicle at the time of the incident. It was reported that [redacted] County paramedics were called to the scene but did not perform life saving measures. It was reported that paramedics hooked a heart monitor to the victim and pronounced her deceased at the scene.

CM [redacted] accompanied by CM [redacted] and CM [redacted] arrived at the scene at approximately 8:35pm. CM [redacted] was met in the driveway by Detective [redacted] with the [redacted] County Sheriffs Office. Detective [redacted] explained that a 911 emergency call had come in at 5:15pm reporting that the child had been ran over by a car. Detective [redacted] stated that officers responded and found 14-month-old [redacted] in the driveway. Detective [redacted] was first on scene. Detective [redacted] stated that the mother was going to go down the hill to visit a friend when she placed [redacted] in the passenger seat of the car and began to back the car out of the driveway to visit a family friend. The driveway was observed to be an incline and the vehicle would have to travel 180 degrees to back out to travel forward down the driveway. It was reported that as [redacted] backed out of the driveway [redacted] fell out of the passenger side door and was struck by the front passenger tire of the mothers 2003 Nissan Xterra. Detective [redacted] stated that the mother screamed for her uncle who lives next door and called her friend. Detective [redacted] stated that the uncle called 911 and attempted CPR.

Ms. [redacted] provided the following statement to DCS and Law enforcement per CM [redacted] request. Ms. [redacted] stated that she and [redacted] were at home and around 5:00pm they were going to visit her friend who lived at the bottom of the hill. Ms. [redacted] stated that she sat [redacted] in the passenger seat of the car. Ms. [redacted] stated that she began to back out of the driveway and was turned around to look behind her. As she was backing out, she did not see [redacted] fall from the car. Ms. [redacted] stated that when she looked back, she observed that [redacted] was gone she immediately put the car in park and ran around the car. Ms. [redacted] stated that she yelled for her uncle.

CM [redacted] asked that Ms. [redacted] submit to a urine drug screen to which Ms. [redacted] stated that she could not provide a urine sample. Ms. [redacted] submitted to a mouth swab drug screen administered by CM [redacted] CM [redacted] spoke with Team Leader (TL) [redacted] who requested that Ms. [redacted] submit to a urine drug screen to assist with safety planning as the urine drug screen provides immediate results. Ms. [redacted] submitted to the urine screen after drinking some water. The urine drug screen indicated a positive result for Cocaine and THC. The Opiate test did not register. Ms. [redacted] adamantly denied Cocaine use but stated that the ex-coworker that she had purchased the marijuana from used Cocaine and believed that they may have laced her marijuana. Ms. [redacted] denied using marijuana in the home or around [redacted] Ms. [redacted] stated that she had last used marijuana around 7:30 pm on this date and that prior to that it was the previous day. Ms. [redacted] was not observed to be

impaired at this time but was visibly upset and distraught due to the current circumstances. Ms. [redacted] was crying during most of the conversations that occurred.

On August 22, 2022 The results from the previously performed mouth swab was emailed to CM [redacted] on this date. The results reflected as follows: Benzoylecgonine 16 ng/mL POSITIVE, Cocaine 10 ng/mL POSITIVE, Marijuana [THC] 8 ng/mL POSITIVE. All other substances reflected a negative result.

On August 26, 2022 Ms. [redacted] submitted to a follow up urine drug screen at the [redacted] County Department of Children Services Office. This screen reflected a positive result for marijuana which [redacted] admitted to regular use. This screen reflected a negative result for all other substances tested for.

On August 16, 2022, an autopsy was performed on ACV [redacted] by [redacted], D.O, [redacted] Forensic Center, [redacted] TN. The autopsy reports the cause of death is listed as blunt force trauma and the manner of death is listed as accident.

On November 30, 2022 the case was presented to the [redacted] County Grand Jury. The Grand Jury ruled the case an accident and no charges were filed as a result of this presentment.

On December 14, 2022 the case was presented to the [redacted] County Child Protective Investigative Team (CPIT). On September 17, 2022 The autopsy for Alleged child victim [redacted] was received by CM [redacted] Autopsy states that the Pathological diagnosis is Blunt force injuries due to motor vehicle collision. Autopsy further states that the circumstances surrounding this was that the child was a unrestrained passenger in front passenger seat who fell out of moving vehicle, with vehicle rolling over decedent. Autopsy reports that Subscapular, subgaleal, subdural, subarachnoid, and intracerebral hemorrhages were present. Autopsy reports that the skull jaws and teeth of the decedent were fractured and pulmonary contusions were also present. Cause of death is listed as blunt force trauma. Manner of death is listed as Accident.

Autopsy lists the following Narrative Summary/ Opinion.

[redacted] was a 14- month-old female who was an unrestrained motor vehicle passenger who was riding in the front passenger seat of a vehicle. She fell out of the vehicle, which subsequently rolled over her. There was no suspicion of foul play. Autopsy findings were consistent with blunt force injuries sustained in a motor vehicle rollover, and there was no evidence of natural disease. [redacted] height weight and head circumference measurements were within normal limits for age and examination raised no concerns for neglect. In my opinion, findings were consistent with cause and manner of death as described above. Signed [redacted], D.O.

Full autopsy has been uploaded into the electronic case file under alleged child victim [redacted]

The Abuse Death investigation regarding Alleged Child Victim (ACV) [redacted] was debriefed with Case Managers (CM) [redacted] and [redacted] and Team Leaders (TL) [redacted] and [redacted] Also present was Team Coordinator (TC) [redacted], Statewide CPS Director (SCPSD) [redacted], and Director of Critical Incident Support (DCIS) [redacted].

The CPS investigation was assigned on 8/15/22 concerning the death of ACV [redacted] (1yo). It was reported [redacted] resided with her birth mother [redacted] in [redacted] County. Additionally, the mother shares custody of a 7yo child [redacted]. The birth father of [redacted] reportedly resides in KY.

On 8/15/22 at approximately 5pm an incident occurred at the familys home and [redacted] was ran over by the mothers motor vehicle while the mother was driving. The family resides on a hill with a gravel driveway, with other family members who reside nearby. The mother reported she was going down to visit her cousin [redacted]. Due to the cousin residing so close, the mother stated she placed [redacted] in the front passenger seat of her SUV, not in a car seat or seat belt, for the short drive. The mother reported as she was backing around, looking behind her, the door open and [redacted] fell out. The mother reported she did not [redacted] fall out but she heard the door swing and [redacted] was not in sight. The mother reported she put the car in park, ran to check on [redacted] and saw her lying on the ground. The mother screamed for help and an uncle who lives nearby heard her and came outside to help, called 911, and began CPR. The mother called her cousin who ran up the hill to help as well. LE was first on the scene and the mother and uncle were both covered in blood from their efforts to help [redacted] Paramedics arrived and there was no heartbeat detected. [redacted] was pronounced deceased at the hospital.

When CM arrived on scene it had been cleared. CM drug screened the mother who was positive for cocaine and THC. The mother denied cocaine use, stating she believe the THC was laced with cocaine because the person she bought it from uses cocaine. The mother did not appear impaired on scene. The mother has three other children. She does not have custody of two of these children [2yo in foster care in KY where rights have been surrendered, and a 9yo in FL with a grandfather]. The third [redacted]/7yo] she shares custody with

the grandmother who resides in [redacted]. An IPA was completed for the 7yo child stating the mother would only have supervised contact. The mother has extensive history with DCS involving the other children. She reported she has been clean from meth for 21 months. LE did not complete a sobriety test on the mother at the scene. A mouth swab was also completed on the mother. LE states the investigation will be presented to Grand Jury to decide regarding criminal charges. The mother is open to services.

Next Steps:
-- CM will request birth and PCP records for the ACV. Records will be reviewed and uploaded to TFACTS. If further assessment reveals ACV had specialized health or educational needs, additional records will be collected.
-- CM will request all interviews and information/evidence collected by LE within their investigation and review, summarize, and upload what is shared to TFACTS.
-- CM will complete interview with cousin who resides nearby.
-- CM will follow-up with the mother regarding services including A&D assessment and relapse prevention as well a grief counseling services.
-- CM will attempt to contact and engage birth father in KY.
-- CM will document and upload autopsy into TFACTS once received.
-- CM will complete Closing FAST prior to case closure.
-- CM will present findings to the Child Protective Investigative Team (CPIT) for classification review.

Employee Assistance Program (EAP) information and supervisory support was discussed with involved staff.

Prelminary Death Summary Admin Review - [redacted]
This P1 referral for an Abuse Death allegation regarding 14 month old [redacted] was received on 8/15/22 at 7:18pm. Response was met by CM [redacted] CM [redacted] and CM [redacted] The case was assigned to CM [redacted] There was no open case found, but there were several previous investigations, including a number of them prior to the mother, [redacted] becoming an adult. The most recent case was an investigation that resulted in the removal of 8 year old [redacted] that occurred in 2018. [redacted] dad is reported to be [redacted] of Kentucky. Law enforcement was on the scene at [redacted], Tennessee. Detective [redacted] with the [redacted] County Sheriffs Office reported to CM [redacted] that a 911 emergency call had come in at 5:15pm reporting that the child had been run over by a car. Officers responded and found 14 month old [redacted] in the driveway of the family home. Detective [redacted] was the first on scene. Detective [redacted] stated that the mother, [redacted] reported that she had been going to visit [redacted], who is a family friend who lives down the hill from her, when she placed [redacted] in the passenger seat of the car and began to back the car out of the driveway. She had to back into the driveway of the neighbors house in order to travel down the hill. The driveway was observed to be an incline and the vehicle would have to turn 180 degrees to back out and then travel forward down the driveway. As Ms. [redacted] backed out of the driveway, [redacted] fell out of the passenger side door and was struck by the front passenger tire of the mothers 2003 Nissan Xterra. Detective [redacted] stated that the mother screamed for her uncle [redacted] who lives next door and called [redacted] on the phone. Detective [redacted] stated that Mr. [redacted] is who called 911 and attempted CPR. [redacted] body had already been removed from the scene by the coroner when CM arrived.

CM [redacted] entered the family home with law enforcement and introduced herself to the mother, [redacted] and grandmother [redacted] Ms. [redacted] stated that she and [redacted] were going to visit her friend, [redacted], who lives at the bottom of the hill around 5:00pm on 8/15/22. Ms. [redacted] stated that she sat [redacted] in the passenger side of the car and got into the drivers side. LE photographs show a childs car seat in the back seat of the car. She said she was turned around to look behind her as she was backing out, and

she did not see [redacted] fall out of the car. When she looked back, she saw that [redacted] was gone, and she immediately put the car in park and ran around the car. Ms. [redacted] stated that she yelled for her uncle [redacted] and called [redacted] at 5:09pm. Ms. [redacted] was visibly upset during the conversation. Ms. [redacted] was observed to show very little emotion focusing on a tablet in the living room of the home. It is unknown at this time if the door malfunctioned and opened on its own or if [redacted] opened it with the handle.

Ms. [redacted] stated she has not used methamphetamine in twenty-one months, but she admitted to using marijuana occasionally, including after the incident about an hour prior to CM [redacted] arrival. She said she has not had any services since before [redacted] was born, and she and [redacted] have been living with her grandmother, Ms. [redacted] for the past sixteen months. Ms. [redacted] submitted to a mouth swab drug screen and a urine drug screen. The UDS was positive for cocaine and THC. She denied cocaine use and said she thinks the marijuana may have been laced with cocaine because the man she buys it from uses cocaine. Ms. [redacted] denied using marijuana in the home or around [redacted]

Ms. [redacted] reported that she works at Subway and has a drivers license. She said she lost custody of 2 year old [redacted] in Kentucky due to her methamphetamine use. Ms. [redacted] stated that she has supervised visitation with [redacted] but there is a TPR hearing in [redacted] County, Kentucky on 8/19/22. Ms. [redacted] also lost custody of 8 year old [redacted] in 2018 due to allegations of physical abuse and psychological harm. [redacted] now lives in Florida with her grandfather. Ms. [redacted] has joint custody of 5 year old [redacted] who lives with his paternal grandmother, [redacted], in [redacted], TN. Ms. [redacted] stated that she left [redacted] with Ms. [redacted] for a week to go out of town, and while she was gone, Ms. [redacted] filed for custody. She said her visits are unsupervised and at the discretion of Ms. [redacted]

Ms. [redacted] was engaged by CM [redacted] and verified that visitation is at her discretion. She reported that she has had custody since 2017, and that Ms. [redacted] and her son had a lot of drug use and domestic violence when they were together. She said she filed for emergency custody when Ms. [redacted] lost custody of [redacted] and she was granted joint custody and residential custody by [redacted] [redacted] Court. She said Ms. [redacted] visits with [redacted] are sporadic, but he stayed two weeks with her this summer. The last visit was at the end of July. She said her visitation is not officially restricted, but [redacted] behavior is more difficult to manage after he visits with Ms. [redacted] so she limits it. She reported that he has a behavioral health counselor.

CM [redacted] completed a walk through of Ms. [redacted] home and observed it to be well kept with no visible safety hazards. CM observed a childs toys and belongings and a crib for [redacted] with nothing in it. There was also a pack and play in the living room containing plush toys and bottles on the kitchen sink on a drying rack. Ms. [redacted] stated that she didnt have concerns for Ms. [redacted] caring for [redacted] or using drugs in the home. CM [redacted] took photographs of both the mothers bedroom and [redacted] bedroom. CM [redacted] also obtained law enforcement photos of the outside of the home and the crime scene.

TL [redacted] staffed the case with TC [redacted] and Deputy Director [redacted] to enter into an IPA and restrict Ms. [redacted] to supervised contact with [redacted] It was approved, and Ms. [redacted] and Ms. [redacted] both consented and signed as well. CM [redacted] completed a walk through of Ms. [redacted] home at [redacted], TN and observed no safety hazards. [redacted] was asleep, but he was observed to have no visible marks or bruises on him.

impaired at this time but was visibly upset and distraught due to the current circumstances. Ms. [redacted] was crying during most of the conversations that occurred.

Summarize witnesses' descriptions of what they saw and what they believe indicates child abuse/neglect:

Law Enforcement received a call of a child being ran over by a car, and the child being deceased. It is believed that [redacted] ran [redacted] over, and this is all the information that can be given at this time. [redacted] county paramedics were called to the scene, and they did not attempt CPR. The paramedics hooked a heart monitor to [redacted] and she was pronounced deceased. The time [redacted] was pronounced deceased is unknown. It is unknown what injures [redacted] had on her body. [redacted] body is still located on the scene, and she has not been transported to the hospital yet. [redacted] County detectives will complete an investigation and then [redacted] body will be transported to the hospital to the morgue. It is unknown which hospital [redacted] body will be transported to. [redacted] is currently at the house, and it is unknown if she has been interviewed. It is also unknown if [redacted] has said what happen, but she has been very distraught. It is unknown if Law Enforcement will make any arrest at this time, and it is unknown if there were any witnesses of the death. Law Enforcement secured the scene, and the detectives took over. Law Enforcement has not been inside the home, so the condition of the home is unknown. It is also unknown if there are any current domestic violence, drug, alcohol, or mental health concerns at the home.

Summarize any other evidence or factors that support the investigative finding(s) for the allegation(s) of abuse/neglect:

On August 22, 2022 The results from the previously performed mouth swab was emailed to CM [redacted] [redacted] on this date.
