Tennessee Department of Children's Services
Tennessee Child Abuse Hotline Summary

Submitted: No

Open CPS: ASMT [redacted] / PHA / 2024-05-30 / Services Recommended on 2024-07-18 / CM [redacted], Supe. [redacted]
Substantiated: No
Death: No
Screen Outs: No

History (not listed above): No

County of Jurisdiction: [redacted]
School/ Daycare: No

Reporter's name/relationship: [redacted]

-Child/Family Identification and Relationship Introduction Paragraph:
Unknown Female and [redacted] (3 months) live with their mother, [redacted] (22), and [redacted] paramour, Unknown, in [redacted] County.

-Are you requesting immediate assistance from DCS to your location, or only an immediate phone call?
No, Immediate Assistance is not being requested.

-Please provide a brief summary of the concerns and why DCS is needed to respond immediately.
On Thursday, 7/18/2024, at 8:10 AM, [redacted] was brought by his parents to [redacted] ER: [redacted] ran into the ER with [redacted] in her arms. [redacted] was observed to be blue and he did not have a pulse. [redacted] was without a pulse for about 25 minutes while at the ER. Eventually, Medical Staff were able to regain [redacted] pulse. [redacted] has been transferred due to needing a higher level of care. Presently, [redacted] is at [redacted] Children's Hospital. [redacted] is in critical condition and is not expected to survive.

Staff have high concerns for non-accidental trauma. Bruising was observed on [redacted] abdomen: multiple round dime-sized bruises near his belly button area. The skin is not broken. After further testing, it was discovered that [redacted] has internal bleeding in his abdomen, which could be from trauma.

Neither adult has provided an explanation about [redacted] bruising. [redacted] was at work when this incident occurred while [redacted] was at home with [redacted] paramour. It was reported that [redacted] paramour called [redacted] while she was at work and told her that something was wrong with [redacted] (hence, [redacted] running home and later returning with [redacted] Per [redacted] paramour, '[redacted] was last seen 'normal' around 7:30 AM." It is unknown how long [redacted] was without a pulse while at home.

-Are there any concerns for the safety of a Department of Children's Services Case Manager responding to the child's home?
No

-Anything additional to add to this initial report for the responding worker to know prior to response?
No

Narrative Details

Narrative Type: Original Entry Date/Time: 07/29/2025 01:35 PM Entered By: [redacted]

On July 18, 2024, the Department of Children's Services (DCS) received a referral with the allegation of Abuse Death and Physical Abuse concerning Alleged Child Victim (ACV) [redacted] (DOB: [redacted]; 3 months) with the Alleged Perpetrator listed as Unknown. The investigation was assigned to Case Manager (CM) [redacted] by Team Leader (TL) [redacted] The case was worked in conjunction with the [redacted] Police Department, Detectives (Det.) [redacted]

At the time of the alleged incident, ACV [redacted] resided with his mother, [redacted] and her paramour, [redacted]

The referral alleged that the mother and her paramour brought [redacted] to the [redacted] ER by private vehicle. The mother carried [redacted] inside in her arms and he was noted to be blue in color and without a pulse. The hospital was able to regain a pulse after 25 minutes and he was transferred to [redacted] Childrens Hospital in critical condition. [redacted] required immediate surgery and was noted to have a severe, level 5 liver laceration and possible damage to the pancreas. The liver injury is reportedly seen in comparable incidents such as major car accident or fall from a multiple story building. [redacted] continued to code throughout the surgery. [redacted] was noted to have multiple dime-sized bruises on his abdomen and internal bleeding in his abdomen

[redacted] was pronounced deceased on July 18, 2024, at [redacted] Childrens Hospital.

On July 18, 2024, CM [redacted] interviewed the mother, [redacted] who reported she works daily from 7am to 12pm. She reported last interacting with [redacted] on 7/18/24 at 4am at which time she fed him and placed him in his swing asleep. She reported no concerns or abnormalities at that time, with [redacted] being asleep when she left for work later that morning. The boyfriend provides care for the children while the mother is at work. The mother reported the boyfriend called her via Facetime around 7:45-8am that morning reporting [redacted] was acting differently and appeared to be breathing irregularly. The mother told him to bring [redacted] to the hospital. The mother reported [redacted] had GI issues since birth and they had reportedly switched his formulas several times trying to find one he tolerated well. [redacted] reportedly had a GI appointment scheduled for 2pm the day of the incident. She reported that the boyfriend said he found [redacted] in the swing limp and not

Tennessee Department of Children's Services

Case Recording Summary

Case Id:	[redacted]	Case Name:	[redacted]
Case Status:	Close	Organization:	[redacted] Region

breathing well prior to calling the mother.

On July 19, 2024, [redacted] age 4 attended a forensic interview who was reluctant to talk but demonstrated that daddy [mothers boyfriend] hit [redacted] hard on the stomach 3 times and pressed in on the babys stomach with his hands. [redacted] also presented with multiple bruises all over her body including a thumbprint sized bruise on her left arm, a very dark/large bruise above her knee, and what appeared to be a quarter-size burn on her back. [redacted] reported daddy caused her bruises as well, but when the Forensic interview occurred to gather more detailed information she refused to speak further about it and became very agitated and aggressive. A follow-up Forensic interview was attempted but [redacted] refused to talk. [redacted] was medically cleared at the hospital following the current incident.

On April 4, 2025, the final autopsy regarding ACV [redacted] by Medical Examiner [redacted], MD, Regional Forensic Center, [redacted] TN was received. The report indicated the cause of death was blunt abdominal trauma. The manner of death was ruled as a homicide.

On April 4, 2025, the case was presented to the [redacted] County Child Protective Investigation Team on this date. Present was Forensic Interviewer [redacted] TL [redacted] Assistant District Attorney [redacted] and [redacted] County Sheriff's Department Detective [redacted] This case was be classified as Allegation Substantiated Perpetrator Substantiated on [redacted] for Abuse Death. Allegation Substantiated Perpetrator Substantiated on [redacted] for Abuse Death and Severe Physical Abuse.

[redacted] is currently incarcerated in the [redacted] County Jail.
The mother has also been charged with Child Neglect.

All medical records have been received and uploaded into documents in TFACTS. Safety Nurse, [redacted] did report reviewing the records in July 2024 with no further information to add.

During the course of the investigation, CM [redacted] provided the family with resources for grief counseling.

Per DCS Policy Work Aid 1 Section E:
Child Death is defined as:
a) Any child death caused by abuse or neglect.
b) Any unexplained death of a child when the cause of death is unknown or pending an autopsy report.
c) Any child death caused by abuse or neglect resulting from the parent or caretakers failure to stop another persons direct action that resulted in the death of the child. Child deaths are always treated as severe abuse.

Physical Abuse
Any non-accidental physical injury or trauma that could cause injury inflicted by a parent, legal custodian, relative or any other person who is responsible for the care, supervision or treatment of the child.
Physical abuse also includes, but is not limited to:
a) A parent or legal custodian/caretakers failure to protect a child from another person who perpetrated physical abuse on a child;
b) Injuries marks and/or bruising that go beyond temporary redness or are in excess of age appropriate corporal punishment. (e.g., a bruise, broken bone, cut, burn);
c) Violent behavior by the parent or legal custodian/caretaker that demonstrates a disregard for the presence of a child and could reasonably result in serious injury. Striking (hitting, kicking, punching, slapping, etc.) a child in such a way that would result in internal injury. Factitious Disorder Imposed on Another (FDIA), formerly known as Munchausen by Proxy Syndrome could be considered physical abuse, medical neglect or psychological abuse.
Note: In its most severe form, physical abuse is likely to cause serious bodily injury or death.

Interim Team Coordinator (TC) [redacted] reviewed the closing case summary and case for review for closure. TC [redacted] staffed this case with Team Leader (TL) [redacted] and emailed action steps to be completed prior to being sent for final review for closure.

Regarding the summary, add the PHA definition and put the notation about the preponderance of evidence for all of the allegations in the closing summary, add a note about requesting, receiving, and uploading the medical records in the summary. An interview with the mother's paramour needs to be entered in the summary.

Tasks still needed:
Was there any medical records for [redacted] since she was observed with injuries? If so, those need to be uploaded.
CPIT form needs to be uploaded under the ACV.
Did medical records get reviewed by the safety nurse? If so, need to document.
Allegations need classified
Needs opening case summary with Family Comp, TFACTS History, Court/DA notification
Needs arrest reports on the mother and her paramour uploaded under each
Need closing FAST
Needs 740 to be completed (make sure you watch this and don't leave any incomplete sentences or paragraphs, you did on [redacted] but I fixed most of it, might want to check that one)
Needs the following Admin Reviews:
The initial admin review from 7/18.

Once remaining tasks have been completed, case will be sent back for review for closure. There are no reported safety concerns for [redacted] at this time as she is in the custody of a family member. Parents are restricted on contact.

CMA [redacted] completed a follow up visit with ACV [redacted] at [redacted] Primary on 12/09/2024 at approximately 9:30am. CMA spoke with [redacted] privately at the school. [redacted] was smiling and appeared very excited. She reported that it was Grinch day at school, and she got to sit on Santas lap. She would not say, however, what she wants for Christmas. [redacted] then asked for CMAs paper tablet and said she wanted to play school. [redacted] drew a picture for CMA. She said that things were very good at home. She agreed that she feels safe there and has everything that she needs at this time. CMA observed [redacted] to be clean and well-groomed in a green Grinch sweater, with no concerning marks or bruises.

CM [redacted] met with [redacted] and [redacted] at [redacted] reported that she did reapply for [redacted] insurance today and took two hours off work to try to get that figured out. She states that she sent them the court order and everything they asked for and that they told her she should hear something within 45 days. She reports that she has also got [redacted] in pre-k which she loves. She states [redacted] told her and her husband this past weekend about a time when she lived with her mom and her grandfather lived there and he had needles in his closet and she stepped on one and her foot was bleeding. [redacted] reports that [redacted] is starting to talk about things that have happened to her and [redacted] had also reported that she got a black eye one time from [redacted] pushing her into the closet door and she hit her eye. [redacted] states that she has been keeping a written record of things [redacted] talks about as they are highly concerning. CM informed her she would need to provide copies of that record for the GAL, she states she will make CM and GAL copies of it. [redacted] also reports that they have the assessment appointment on Thursday for the trauma focused therapy through [redacted] and she will let CM know when the first appointment is set. [redacted] reports that she has a dermatologist appointment in October for the warts on [redacted] hands and the bottom of her foot. [redacted] also reported that she did go file for child support on both parents and that they were supposed to be doing a peternity test on [redacted] because he reported that he was unsure if [redacted] was really his because [redacted] had cheated on him several times around the time she got pregnant. [redacted] reports that she is still waiting to hear about the child support and had only received a letter about the dad and not the mom so far.

CM was able to observe [redacted] playing in the living room with her toys and books. She appeared happy and smiling and free from any visible marks or bruising. She talked to CM about going on a jet ski with [redacted] husband and how fast it went. She wanted CM to play with her and read a book. [redacted] reported she is doing good and likes school. [redacted] talked about her cats at [redacted] and also having a cat at her mothers house. [redacted] wanted to show CM her new big bed and toys in her room. She appeared to jump around and show out while CM there. [redacted] stated she was glad CM came to see her.

CM thanked [redacted] for allowing CM into her home and informed her to keep CM updated about the therapy and that needed to get started as soon as possible especially with [redacted] discussing trauma that she has been through. [redacted]

CM [redacted] returned a missed call from [redacted] explained to CM that she had completed a mental health assessment with [redacted] and that they were mailing the results to her which she would provide to CM. She stated that she was also supposed to be starting therapy with [redacted] sometime in September. She states that she is back at work now. She asked if CM knows when she would get her phone back from Detectives, CM informs her she would have to talk to them about that. She informs CM she is ready to take the CVSA/Lie Detector Test to clear her name. CM asks her if she walked to work that morning or if [redacted] took her to work, she became hesitant and silent for a second and CM informed her to just be honest about everything. She then tells CM, [redacted] did take her to work and she stated she walked to work because they had left the children at home by themselves because they were asleep and her work was right up the road. She stated that she knew they would be fine as her work was so close to her home and her neighbor had cameras. CM thanked her for being honest about that. She stated she was just scared which is why she said she had walked to work. CM then informed her when she got her assessment paperwork back to let me know so I could get a copy of it to upload into her file. She also reported that she is starting Parenting Classes through [redacted] today. CM informed her when she completed that we would also need her certificate of completion, she agreed to provide a copy once completed. CM informed [redacted] that she would need to speak to the Detectives about her phone and when they would be done with it and that she needs to be open and honest with them about everything, she agreed and stated she was going to.

CM [redacted] then provided and update to Detective [redacted] and TL [redacted] about what [redacted] had stated about leaving the children home that morning while [redacted] took her to work.

Narrative Type: Original Entry Date/Time: 08/07/2024 12:00 PM Entered By: [redacted]

The death investigation regarding Alleged Child Victim (ACV) [redacted] was debriefed with the following staff: Case Manager (CM) [redacted] Team Leader (TL) [redacted] Team Coordinator (TC) [redacted], CPS Director (CPSD) [redacted], and Director of Critical Incident Support (DCIS) [redacted].

The CPS investigation was assigned in TFACTS on 7/18/24 concerning the death of ACV [redacted] (3mo). It was reported [redacted] resided in [redacted] County with his birth mother [redacted] halfsibling [redacted] 4yo], and the mothers boyfriend [redacted] who signed [redacted] birth certificate but is reportedly not the biological father of the child. The father of the 4yo sibling [redacted] is reported to have limited involvement.

On 7/18/24 at 8:10am the mother and her boyfriend presented [redacted] to the [redacted] ER by private vehicle. The mother carried [redacted] inside in her arms and he was noted to be blue in color and without a pulse. The hospital was able to regain a pulse after 25 minutes and he was transferred to [redacted] in critical condition. [redacted] required immediate surgery and was noted to have a severe, level 5 liver laceration and possible damage to the pancreas. The liver injury is reportedly seen in comparable incidents such as major car accident or fall from a multiple story building. [redacted] continued to code throughout the surgery and died as a result of his injuries later in the day on 7/18/24. [redacted] was noted to have multiple dime-sized bruises on his abdomen and internal bleeding in his abdomen. Nonaccidental trauma was indicated for all injuries. An autopsy was ordered. Preliminary results also show the presence of tears inside and outside the rectum, indicative of physical abuse.

The mother works daily from 7am to 12pm. She reported last interacting with [redacted] on 7/18/24 at 4am at which time she fed him and placed him in swing asleep. She reported no concerns or abnormalities at that time, with [redacted] being asleep when she left for work later that morning. The boyfriend provides care for the children while the mother is at work. The mother reported the boyfriend called her via Facetime around 7:45-8am that morning reporting [redacted] was acting differently and appeared to be breathing irregularly. The mother told him to bring [redacted] to the hospital. The mother reported [redacted] had GI issues since birth and they had reportedly switched his formulas several times trying to find one he tolerated well. [redacted] reportedly had a GI appointment scheduled for 2pm the day of the incident. The boyfriend reported he found [redacted] in the swing limp and not breathing well prior to calling the mother.

Tennessee Department of Children's Services

Case Recording Summary

Case Id:	[redacted]	Case Name:	[redacted]
Case Status:	Close	Organization:	[redacted] Region

The 4yo sibling was interviewed initially by CM and LE and has completed an FI. She has been reluctant to speak about [redacted] but demonstrated that daddy [mothers boyfriend] hit [redacted] hard on the stomach 3 times and pressed in on the babys stomach with his hands. The 4yo sibling also presented with multiple bruises all over her body including a thumbprint sized bruise on her left arm, a very dark/large bruise above her knee, and what appeared to be a quarter-size burn on her back. The 4yo reported daddycaused her bruises as well, but when the FI occurred to gather more detailed information she refused to speak further about it and became very agitated and aggressive. A follow-up FI has been scheduled for a different FI interviewer and location and play therapy is being discussed as well. Both the mother and boyfriend denied knowledge of any bruises on either child, except for a recent black eye for the 4yo they reported was caused from a doorknob accidentally striking her. The 4yo was medically cleared at the hospital following the current incident.

Due to the presence of nonaccidental traumatic injury and bruises associated with both children, the 4yo sibling was safety placed with distant family to minimize interference with future FIs. Family members present at the hospital presented pictures of the children with bruises in the weeks leading up to the incident and concerns about the mothers boyfriend. There was an open CPS case at the time of the incident concerning allegations of PHA. The parents had given explanations for bruises and a referral for services to CHANT and TEIS were made. A recent PCP appointment a week prior to the incident reportedly did not indicate the presence of PHA injuries or concerns for [redacted] The boyfriend has currently been arrested and charged with aggravated child abuse. The mother has agreed to a polygraph test that is being scheduled for this week. Additional charges for both the mother and boyfriend are pending.

Next Steps:
-- CM will request ACVs birth, PCP, and current incident medical records. CM will request siblings medical clearance record. Records will be reviewed and uploaded to TFACTS.
-- CM will request all interviews and information/evidence collected by LE within their investigation and review, summarize, and upload what is shared to TFACTS.
-- CM will complete follow-up FI with sibling and refer for play therapy.
-- CM will document and upload autopsy into TFACTS once received.
-- CM will complete Closing FAST prior to case closure.
-- CM will present findings to the Child Protective Investigative Team (CPIT) for classification review.

Employee Assistance Program (EAP) information and supervisory support was discussed with involved staff.

CM [redacted] received a call from [redacted] mother of [redacted] asks CM if Cm knows if medications can make her daughter be emotionless because she has concerns. [redacted] then explains to CM that she has been with [redacted] since yesterday and [redacted] is off, like she feels like she knows more than what she is saying.

[redacted] informs Cm that she also needs to inform CM that she seen [redacted] on 7/17/24 the day before all this happened. [redacted] reports that the probation office has [redacted] house listed as her residence and she had to go to [redacted] because they were coming out on the 17th to meet with her. She states that she arrived around 7am and knocked on the door and she could hear the baby screaming like someone was hurting him, like a painful scream. She states [redacted] wouldnt open the door and it took forever for him to come to the door. She states that after he did he didnt say anything to her but she got the baby out of his bed and took him outside to try to calm him. She states that he was making this weird burping sound and his lips appeared white and she later told [redacted] she needed to take him to get him checked that something was not right with him. She states she also asked [redacted] about the bruise on [redacted] lower back that she seen and [redacted] told her she didnt know how he got it.

[redacted] said she over heard [redacted] saying to other family members yesterday that [redacted] told her about the bruise on [redacted] back and that [redacted] confronted [redacted] for lying to her when she asked her about the bruise on his back on the 17th and said she didnt know. She stated that [redacted] said when she would get off of work she would notice bruises on [redacted] She also said [redacted] said something like [redacted] may have done CPR, saylor wasnt dead yet.

[redacted] reports that [redacted] threw a fit that day when she was going to leave because she didnt want her to leave, she states [redacted] was throwing herself down and screaming for her not to leave.

[redacted] states that she dont know what was going on the 17th but it was taking [redacted] to long to get to to the door and she could hear [redacted] screaming like a pain scream.

[redacted] reports that [redacted] has already took all the babies stuff out of the house and threw away the clothes he had on the day it happened because they had brown stuff on them.

On 7/19/24 CM [redacted] attended a Forensic Interview at the [redacted] Child Advocacy Center in [redacted] for [redacted] Forensic Interviewer was [redacted]. [redacted] was brought to the CAC by [redacted] custodian.

[redacted] reported that daddy really whooped her and whooped her again and she kept crying so he did it again. She talked about for fun she stayed with [redacted] and [redacted] She reported that she lived with her mom [redacted] and Daddy [redacted] She talked about going to the hospital because she is stressed. She then talked about her baby and she will never press on her cause she loves babies. She then tells [redacted] she wants to play pretend cause they are teachers, [redacted] redirects her and tells her she can not play pretend and asks [redacted] to tell [redacted] about her brother. [redacted] then states she is not going to do that and that she is mad about something where she lives.

[redacted] then begins showing anger and stating "I just dont want to deal with you". [redacted] then tells [redacted] "No looking at me, why are you sad cause your not doing this, I just want to be alone, Im just mad at you, mad at mom and dad". She then states she dont want to be alone.

[redacted] asks [redacted] about the bruise on her leg, [redacted] tells [redacted] "dont look at me" and slapped herself on her leg. She then looks at [redacted] angry and tells her no and states Im not talking to you. She begins cleaning her room.

She then states "Im not talking to you, why you so sleepy cause Im mad at you". [redacted] decides to give [redacted] a break as she appears very agitated and angry.

When [redacted] attempts to try again for the interview, [redacted] begins crying and tells CM [redacted] she only wants to talk to CM about [redacted] [redacted] CAC Director, asks her if CM [redacted] goes in there with her if she will talk to [redacted] and [redacted] states yes.

The interview was attempted again with CM [redacted] sitting in this time. [redacted] became angry again when asked to talk about

CM [redacted] spoke to Detective [redacted] via phone whom reported that he just got done at the Medical Examiners office and that [redacted] had a stage 5 liver laceration, broken ribs, bruising on the back, and they also found lacerations/tearing inside and outside the anus where he had been penetrated by something. Detective [redacted] informs CM they have completed a DNA swab and will be awaiting them results. CM [redacted] informs Detective [redacted] that I will call Dr. [redacted] to inform her and see if we need to have another exam completed on [redacted] sister [redacted] for sexual abuse.

CM [redacted] contacted Dr. [redacted] to inform of the new concerns. She was able to speak with Dr. [redacted] whom completed [redacted] exam at [redacted] Childrens Hospital and he reported that he did have [redacted] squat into the frog position and check her vaginal and anal areas when he completed his exam with no concerns, so another exam was not needed. CM [redacted] then updated Detective [redacted] on the Doctors reports.

CM [redacted] also provided an update to TL [redacted]

CM [redacted] arrived at the home on [redacted] and [redacted] on 07/18/24 at approximately 9:40 PM, to complete a Non-Custodial Expediated Home Study. CM was invited inside the home by [redacted] all necessary paperwork was completed, including the Water Hazard/Pool Safety form. Mr. [redacted] completed a walkthrough of the home with CM. The home is 4-bedroom, 3 bathrooms. [redacted] will have a bedroom downstairs next to Mr. and Mrs. [redacted] The [redacted] adult daughter and 17-year-old son, have rooms on the second level of the home. The family has one dog and two cats, and they report they are up to date on their vaccinations. The home has a fire extinguisher, and several smoke/carbon monoxide detectors. The family has a lock box for their weapon and medications, and the ammo is not stored in the box. There are no narcotics in the home. The pool needs a gate installed, which the family has already in their basement. Mr. [redacted] was putting door alarms on all outer doors while CM was present, and a sliding lock on the top of the basement door, so [redacted] is unable to go down there alone. Photos were taken of the home. The home was appropriate for the child.

CM did explain the relative caregiver program to Mr. [redacted] CM completed a NCPP including that [redacted] would be supervised around the animals until vaccination records were received, and [redacted] would be kept away from the pool until the safety precautions were in place. Mr. [redacted] agreed to this plan.

Mr. [redacted] and [redacted] completed their fingerprint information while CM was present, CM left a copy for Mrs. [redacted]

CM returned to the family home on 07/19/24 at approximately 11:10 AM. CM was invited inside the home by Mrs. [redacted] CM obtained Mrs. [redacted] fingerprint information and the vaccination records for all the animals. All animals are up to date on their vaccines.

CM [redacted] arrived at [redacted] Childrens Hospital on 7/18/24 due to [redacted] arriving there. It was reported by medical staff that [redacted] has 10 rib fractures, 6 in the front and four in the back, it is explained the ones in the front could be from CPR however, not the ones in the back. They explain they are likely from abuse. Dr. [redacted] explained that these type of liver injuries are only caused by severe trauma like a car accident, or blunt force trauma.
TL [redacted] did advise CM [redacted] to have CM [redacted] and CM [redacted] find the sister, [redacted] and have her sent to [redacted] immediately to have her checked for any injuries. Theres an open FPP case. The sister, [redacted] appears in a hospital gown with several visible bruises on her legs and arm. [redacted] is accompanied by [redacted] and [redacted] in the ER room. CM informs them I need to speak privately to [redacted] becomes very emotional and asks to stay, Cm informs her it is important that I speak with her alone. Cm then informs them I need to take pictures of [redacted] first which [redacted] helps with. [redacted] and [redacted] then step out of the room.
Cm [redacted] informs [redacted] of who CM is and that it is CMs job to make sure no one hurts her and to keep her safe. Cm begins the interview with who [redacted] lives with. [redacted] informs CM that she lives with her mom, Daddy, and [redacted] She tells CM that [redacted] died and she was crying. Cm asks her what happened to [redacted] she deflects on objects like the light switches and her hospital gown wanting to put her regular clothes on. Cm allows her to put her clothes on and again asks if she knows what happened to [redacted] says yea Daddy and then takes her hand and hits her stomach three times and pushes on it with her hand really hard. Cm asked if that is what Daddy did and she states yes. Cm asks what daddys name is and she says [redacted] She then deflects again with wanting Cm to color with her and watch tv looking for the remote. CM begins to color with her after turning on the tv and ask her about the bruise on her arm, she states daddy did it. [redacted] appears to deflect on different objects in the room when talking about [redacted] whom she refers to as daddy. CM tries coloring and talking with her about what she does for fun, she wants Cm to use specific color crayons and tells CM to color. Cm asked her about the boo boo on her leg and she deflects on watching tv and coloring again and wont tell Cm about her leg. CM then talks with her about what she does at home for fun, she states she likes to color. She then wants to go out of the room with [redacted] and talks about wanting her MiMi. CM is unable to get any further at this time and allows her to open the door for her family to come in.
Cm meets with nurse [redacted] in [redacted] room. CM observes [redacted] to be deceased with tubes in his mouth and covered with a blanket. [redacted] helps CM to get pictures of ACV. CM observes [redacted] abdomen to be covered in a plastic wrap from surgery, several bruises on his chest, a tube line in his left leg below his knee, another line ran in his right thigh,

iv in his right wrist, and bruising on his lower back and a small one on his upper back, there are small petechiae places in the scalp. [redacted] explains that she was [redacted] nurse and was one of the ones that went to pick him up from [redacted] Hospital. She reports that [redacted] has been coding all day on and off since he was picked up today. She states the report she got from [redacted] stated he was coding when initially brought in for 30 minuets. She states they were trying to stableize him enough at [redacted] to get him transferred and they couldnt fly due to weather which is why her and Nurse [redacted] had to go get him. She states that she had seen the bruise on his belly and it was smaller about the size of a thumb print and appeared yellowish. She states she had not noticed the bruising on his back as they had been working on him to keep him stable. CM thanked her for speaking with me and all the work she had done today and helping CM get the pictures.
Shortly after this, [redacted] was pronounced dead by medical staff due to his injuries.

On 7/18/24 at approximately 334pm, CM [redacted] arrived to [redacted] Children's Hospital ([redacted] Upon arrival CM [redacted] met with [redacted] Social Worker. [redacted] informs CM [redacted] that ACV [redacted] is currently in surgery however, he has been coding the entire time. [redacted] reports that the family including mother and father and another family member is in the waiting area and she will take Cm there. CM [redacted] arrives to the waiting room and asks to speak to the parents, [redacted] and [redacted] in a consultation room, the other family member [redacted] informs CM [redacted] that she needs to speak with CM. Parents enter the consultation room and Cm informs [redacted] I will be back to also speak with her.

Cm asks [redacted] where her other child [redacted] is and she informs CM that [redacted] daughter has her and had got her from [redacted] Hospital while there were there. CM informs [redacted] and [redacted] of who I am and there are concerns with [redacted] wellbeing. [redacted] asks if her other DCS worker [redacted] will be coming and CM informed her no that I was the investigator on this case and a part of CPIT and that several other CPIT members were also on their way. CM informed [redacted] I would be having [redacted] brought to the hospital so I can see her and she can also be evaluated. [redacted] asks Cm why we wanted to see [redacted] and CM informed him due to [redacted] injuries we will also need to see [redacted] and have her evaluated.

CM then goes to inform [redacted] to call her daughter [redacted] and have her bring [redacted] to the emergency room at [redacted] Childrens Hospital for evaluation, she agrees and states she will call her. [redacted] then informs CM she has pictures on her phone of both [redacted] and [redacted] having black eyes and that she has had concerns for a while. CM informs her to send them all to CM and provides her with CMs business card. Cm also informs [redacted] I will be talking to her about her concerns but right now we needed to focus on getting [redacted] to the hospital to be evaluated. CM then informs [redacted] Social Worker [redacted] that [redacted] will be coming in through the emergency room and she will need a full evaluation and to let CM know when she arrived, she agreed. Cm also informed [redacted] to let the doctors know Cm would be in the consultation room with parents for any updates.

Cm then goes back in to speak with [redacted] and [redacted] informs CM that [redacted] has been in surgery for about 30 minuets now and she shows concern on knowing what is going on. Cm informed [redacted] the doctors were aware we were in the consultation room and that they would come in here for any updates and that they were working really hard to save [redacted] life as his injuries were very serious. Cm informs them I just wanted to get some back ground information and stuff from them. Cm asks both [redacted] and [redacted] if they had ever seen any bruises on the children and they report no. [redacted] states that she was at work, [redacted] Hospital, this morning when [redacted] called her via facetime and told her [redacted] didnt look right and wasnt breathing right and she states she told him to bring him to the hospital. [redacted] states that she had to be at work at 7am.

[redacted] starts speaking and reports that he woke up close to 8am and the baby was sleeping in the swing and he picked him up and his feet were limp and he was barely breathing, he spit up brown stuff, which is when he called [redacted] and she told him to bring him to the hospital. He states he then changed his diaper and clothes. He states that [redacted] was asleep in her bedroom. He took [redacted] to the hospital and then they sent him to childrens hospital around 11 am. [redacted] states that [redacted] had called her several times, 8:03am, 8:06, 8:09, and 8:11am.

[redacted] reports that she met [redacted] online on facebook and that they had been talking for a year. She states that [redacted] came to live here with her about 8 months ago around December 24th or 25th. Cm asks how old they are, [redacted] reports he is 20 and [redacted] states she is 22. CM asks if [redacted] is [redacted] father and both report yes.

[redacted] then starts talking about he has been through stuff like this before because he was abused as a child by his mother in Ohio. He states that DCS took him away from his mother, [redacted] in [redacted] Ohio for physical abuse. He states that he had came to the states from Mexico when he was 10 years old to live with his mother and previously had been living with his grandparents in Mexico. He states that after he was removed from his mother he was placed with [redacted] (aka [redacted] and [redacted] two men. He states that they eventually adopted him at the age of 18.

Mom becomes upset and tells CM he was fine at 4 am when she fed him and she put him in his swing and that he has been having GI issues since birth. She states that they have had to change his formula several times and that he had a doctors appointment today at GI for kids which was his second appointment there.

Cm ask mom to tell me about her childhood. She states that she lived with her mother [redacted] in [redacted] growing up and she moved out when she was around 13/14 years old and stayed with aunt and friends. She states that she has had her own apartment now about 3 years now where she currently lives. Cm asks about [redacted] father, [redacted] reports his name is [redacted], and states that he lives in [redacted] but he has not really had nothing to do with [redacted] She states that he got [redacted] for the weekend not long ago and he got mad at [redacted] and tried to get into a fight with him. She states that they were fighting because [redacted] was mad that [redacted] and her were together.

[redacted] then talks about [redacted] being fine yesterday and that he had a cough but he had a cough since he was born. She states that they have had to switch formula a lot and that he has always threw up alot, and it has got worse since this formula the last couple months. She states she put him in the swing at 4am and buckled him up with nothing and he was fussy.

[redacted] states that her support system is [redacted] her brother.

Detective [redacted] and Detective [redacted] arrive. CM provides an update to them. Detectives [redacted] and [redacted] then begin interviewing [redacted] while CM [redacted] sits in the room with [redacted]

Tennessee Department of Children's Services

Case Recording Summary

Case Status:	Close	Organization:	[redacted] Region

Dr. [redacted] comes in the room to inform [redacted] that [redacted] has been coding the entire time and they are unsure if they are going to be able to get him stable but he will continue to try for a little longer, [redacted] informs him yes please keep trying.

Several minuets later, Dr. [redacted] returns to the room. CM informs the doctor the father is in the waiting area with the Detectives and SW [redacted] will go grab him. [redacted] enters the room, Dr. [redacted] informs the family that they have done everything they could do and were unable to save [redacted] Mother becomes very emotional and [redacted] appears to become angry, he starts to pick up the chair by the arms and slam it on the floor [redacted] tells him to calm down and he continues to appear angry, not crying, but angry like he wants to hit things with his fists balled up. CM steps out to inform Detectives.

CM [redacted] Detective [redacted] and Detective [redacted] then speak with Dr. [redacted] Dr. [redacted], and SW [redacted]. [redacted] provides CM [redacted] with the CT scans completed on [redacted] Dr. [redacted] stated that [redacted] had level 5 liver and pancreas lacerations and they were unable to save him due to this. They also report over 10 rib fractures, 6 in the front and four in the back, it is explained the ones in the front could be from CPR however, not the ones in the back. They explain they are likely from abuse. Dr. [redacted] explained that these type of liver injuries are only caused by severe trauma like a car accident, or blunt force trauma.

The family goes to see [redacted] and CM [redacted] Detective [redacted] and Detective [redacted] go downstairs to see family downstairs while Cm goes to the ER to meet with [redacted] as she had arrived at the ER. Detectives go to get interviews with family while CM goes to meet with [redacted]

[redacted] appears in a hospital gown with several visible bruises on her legs and arm. [redacted] is accompanied by [redacted] and [redacted] in the ER room. CM informs them I need to speak privately to [redacted] becomes very emotional and asks to stay, Cm informs her it is important that I speak with her alone. Cm then informs them I need to take pictures of [redacted] first which [redacted] helps with. [redacted] and [redacted] then step out of the room.

Cm [redacted] informs [redacted] of who CM is and that it is CMs job to make sure no one hurts her and to keep her safe. Cm begins the interview with who [redacted] lives with. [redacted] informs CM that she lives with her mom, Daddy, and [redacted] She tells CM that [redacted] died and she was crying. Cm asks her what happened to [redacted] she deflects on objects like the light switches and her hospital gown wanting to put her regular clothes on. Cm allows her to put her clothes on and again asks if she knows what happened to [redacted] says yea Daddy and then takes her hand and hits her stomach three times and pushes on it with her hand really hard. Cm asked if that is what Daddy did and she states yes. Cm asks what daddys name is and she says [redacted] She then deflects again with wanting Cm to color with her and watch tv looking for the remote. CM begins to color with her after turning on the tv and ask her about the bruise on her arm, she states daddy did it. [redacted] appears to deflect on different objects in the room when talking about [redacted] whom she refers to as daddy. CM tries coloring and talking with her about what she does for fun, she wants Cm to use specific color crayons and tells CM to color. Cm asked her about the boo boo on her leg and she deflects on watching tv and coloring again and wont tell Cm about her leg. CM then talks with her about what she does at home for fun, she states she likes to color. She then wants to go out of the room with [redacted] and talks about wanting her MiMi. CM is unable to get any further at this time and allows her to open the door for her family to come in.

Cm then goes to inform Detective [redacted] of what ACV just reported, Cm and Det. [redacted] step outside. There are many family members also in the ER waiting room and [redacted] informs CM that [redacted] wants to speak with Cm whom is [redacted] grandmother and [redacted] great grandmother. CM then speaks with [redacted] privately. [redacted] reports that she dont think [redacted] had anything to do with this and that she had never seen any marks on the children prior to [redacted] moving in. She states that she has seen pictures of the kids having bruising and also a black eye that [redacted] had. She states that she had a gut feeling something was off with [redacted] and that he is not what he acts like. She states that she has never seen any marks on [redacted] She informs CM that if [redacted] has to be placed with family she is willing to take her, she states that she is on a cane but does have her own home and lives alone in a one bedroom apartment. She states she has a lot of medical appointments and stuff but [redacted] could help her with [redacted] if needed. CM thanks her for speaking with me and gets her

contact information, [redacted] TN [redacted].

Detectives continue interviewing family while CM goes to the car to get IPA paperwork and call TL [redacted] Upon returning into the hospital CM has SW [redacted] take Cm to where ACV is, Detectives have already began also interviewing parents separately at this time where ACV is located in the PICU unit.

Cm meets with nurse [redacted] in [redacted] room. CM observes [redacted] to be deceased with tubes in his mouth and covered with a blanket. [redacted] helps CM to get pictures of ACV. CM observes [redacted] abdomen to be covered in a plastic wrap from surgery, several bruises on his chest, a tube line in his left leg below his knee, another line ran in his right thigh, iv in his right wrist, and bruising on his lower back and a small one on his upper back, there are small petechiae places in the scalp. [redacted] explains that she was [redacted] nurse and was one of the ones that went to pick him up from [redacted] Hospital. She reports that [redacted] has been coding all day on and off since he was picked up today. She states the report she got from [redacted] stated he was coding when initially brought in for 30 minuets. She states they were trying to stableize him enough at [redacted] to get him transferred and they couldnt fly due to weather which is why her and Nurse [redacted] had to go get him. She states that she had seen the bruise on his belly and it was smaller about the size of a thumb print and appeared yellowish. She states she had not noticed the bruising on his back as they had been working on him to keep him stable. CM thanked her for speaking with me and all the work she had done today and helping CM get the pictures.

CM [redacted] called [redacted] as a possible placement option as Cm [redacted] had sent this information to Cm [redacted] stated she is an options and provides her information. Cm sends this information to TL [redacted]

CM then stepped in the room where Detectives were interviewing mother [redacted] CM informed [redacted] we would be placing a no contact on her and [redacted] with [redacted] and asked her for placement options. She asked CM why, Cm then informed her due to the injuries her son had and also that she reported to Cm earlier that she had never seen any bruising on her children which she lied about. Cm asks her why she lied, she could not provide an answer. She then informs CM that [redacted] would be who she wanted to take [redacted] CM informed her due to her history we were unable to do that and asks if she knows [redacted] and if [redacted] would be an option, she states yes. CM has mother sign the IPA form on the computer and informs her I will be going to work on getting approval for [redacted] to take [redacted] she agrees. CM then leaves the room.

Backgrounds on [redacted] were approved and CM contacts [redacted] to inform her that CM [redacted] would be coming to the family home for the Home Expediated Study and if her husband wanted to stay there she could go ahead and head that way. Cm Lane completed Home Expediated Study.

Once [redacted] arrived, Cm met with her down stairs in the ER and take her to meet with [redacted] When Cm walked in [redacted] informed Cm that she wanted to talk to CM about [redacted] Cm had everyone step out of the room and asked [redacted] what she wanted to talk to CM about she began deflecting again. CM asked her if she could tell Cm how she got the boo boo on her knee, she said her daddy did it. Cm tried to talk to her more about [redacted] however she began deflecting again and wanting to leave. Cm invited everyone back into the room and then stepped out to speak to the ER doctor, [redacted] cker. Dr. [redacted] stated he talked to Dr. [redacted] and had completed everything she asked. He stated that he did observe several bruises which child reported dad did. He states that he documented everything and had her ready to be discharged whenever Cm was ready. Cm informed him we would be discharging her with [redacted] and [redacted] had just recently arrived.

Preliminary Near Death: [redacted]

C. Disposition Decision

Disposition Decision: Assessed and Closed

Comments: On April 4, 2025, the final autopsy regarding ACV [redacted] by Medical Examiner [redacted], MD, Regional Forensic Center, [redacted] TN was received. The report indicated the cause of death was blunt abdominal trauma. The manner of death was ruled as a homicide.

D. Case Workers

Case Worker: [redacted]

Date: 07/16/2025

Team Leader: [redacted]

Date: 07/16/2025

E. Investigation Summary

Instruction: Condense the finding rationale for each allegation relative to the child victim(s). Be sure to identify the facts that provided for the classification decision.

Summarize the key points and dates of the child or children's statements and/or the observation of the child or children's physical state or home environment:

[redacted] appears in a hospital gown with several visible bruises on her legs and arm. [redacted] is accompanied by [redacted] and [redacted] in the ER room. CM informs them I need to speak privately to [redacted] becomes very emotional and asks to stay, Cm informs her it is important that I speak with her alone. Cm then informs them I need to take pictures

Department of Children's Services

Child Protective Service Investigation Summary and Classification Decision of Child Abuse/Neglect Referral

Case Name : [redacted] **Investigation ID:** [redacted]

of [redacted] first which [redacted] helps with. [redacted] and [redacted] then step out of the room. [redacted] was seen at [redacted] after he was pronounced deceased.

Summarize professional, medical or psychological findings or opinions: What is the collateral's oral or written finding/opinion of the incident(s)/allegation(s)?

Cm meets with nurse [redacted] in [redacted] room. CM observes [redacted] to be deceased with tubes in his mouth and covered with a blanket. [redacted] helps CM to get pictures of ACV. CM observes [redacted] abdomen to be covered in a plastic wrap from surgery, several bruises on his chest, a tube line in his left leg below his knee, another line ran in his right thigh, iv in his right wrist, and bruising on his lower back and a small one on his upper back, there are small petechiae places in the scalp. [redacted] explains that she was [redacted] nurse and was one of the ones that went to pick him up from [redacted] Hospital. She reports that [redacted] has been coding all day on and off since he was picked up today. She states the report she got from [redacted] stated he was coding when initially brought in for 30 minuets. She states they were trying to stableize him enough at [redacted] to get him transferred and they couldnt fly due to weather which is why her and Nurse [redacted] had to go get him. She states that she had seen the bruise on his belly and it was smaller about the size of a thumb print and appeared yellowish. She states she had not noticed the bruising on his back as they had been working on him to keep him stable. CM thanked her for speaking with me and all the work she had done today and helping CM get the pictures.

Summarize alleged perpetrator's statement or admission: What is the perpetrator's explanation of the incident(s)/allegation(s)?

Cm then goes back in to speak with [redacted] and [redacted] [redacted] informs CM that [redacted] has been in surgery for about 30 minuets now and she shows concern on knowing what is going on. Cm informed [redacted] the doctors were aware we were in the consultation room and that they would come in here for any updates and that they were working really hard to save [redacted] life as his injuries were very serious. Cm informs them I just wanted to get some back ground information and stuff from them. Cm asks both [redacted] and [redacted] if they had ever seen any bruises on the children and they report no. [redacted] states that she was at work, [redacted] [redacted] Hospital, this morning when [redacted] called her via facetime and told her [redacted] didnt look right and wasnt breathing right and she states she told him to bring him to the hospital. [redacted] states that she had to be at work at 7am.

[redacted] starts speaking and reports that he woke up close to 8am and the baby was sleeping in the swing and he picked him up and his feet were limp and he was barely breathing, he spit up brown stuff, which is when he called [redacted] and she told him to bring him to the hospital. He states he then changed his diaper and clothes. He states that [redacted] was asleep in her bedroom. He took [redacted] to the hospital and then they sent him to childrens hospital around 11 am. [redacted] states that [redacted] had called her several times, 8:03am, 8:06, 8:09, and 8:11am.

[redacted] reports that she met [redacted] online on facebook and that they had been talking for a year. She states that [redacted] came to live here with her about 8 months ago around December 24th or 25th. Cm asks how old they are, [redacted] reports he is 20 and [redacted] states she is 22. CM asks if [redacted] is [redacted] father and both report yes.

[redacted] then starts talking about he has been through stuff like this before because he was abused as a child by his mother in Ohio. He states that DCS took him away from his mother, [redacted] [redacted] [redacted] in [redacted] Ohio for physical abuse. He states that he had came to the states from Mexico when he was 10 years old to live with his mother and previously had been living with his grandparents in Mexico. He states that after he was removed from his mother he was placed with [redacted] (aka [redacted] and [redacted] [redacted] two men. He states that they eventually adopted him at the age of 18.

Summarize witnesses' descriptions of what they saw and what they believe indicates child abuse/neglect:

On Thursday, 7/18/2024, at 8:10 AM, [redacted] was brought by his parents to [redacted] [redacted] ER: [redacted] ran into the ER with [redacted] in her arms. [redacted] was observed to be blue and he did not have a pulse. [redacted] was without a pulse for about 25 minutes while at the ER. Eventually, Medical Staff were able to regain [redacted] pulse. [redacted] has been transferred due to needing a higher level of care. Presently, [redacted] is at [redacted] Children's Hospital. [redacted] is in critical condition and is not expected to survive.

Staff have high concerns for non-accidental trauma. Bruising was observed on [redacted] abdomen: multiple round dime-sized bruises near his belly button area. The skin is not broken. After further testing, it was discovered that [redacted] has

Department of Children's Services

Case Name : [redacted] **Investigation ID:** [redacted]

internal bleeding in his abdomen, which could be from trauma.

Neither adult has provided an explanation about [redacted] bruising. [redacted] was at work when this incident occurred while [redacted] was at home with [redacted] paramour. It was reported that [redacted] paramour called [redacted] while she was at work and told her that something was wrong with [redacted] (hence, [redacted] running home and later returning with [redacted] Per [redacted] paramour, '[redacted] was last seen 'normal' around 7:30 AM." It is unknown how long [redacted] was without a pulse while at home.

Summarize any other evidence or factors that support the investigative finding(s) for the allegation(s) of abuse/neglect:

[redacted] is now placed with a new custodian. She is safe and still has no contact with her mother.
