December 10th: SI was requested to attend court by DA [redacted], as SI might need to testify about the information provided by the mother, who had reported her concerns about the childrens well-being but had not notified anyone at the time. SI attended court, but DA [redacted] confirmed that SI would not need to testify. The only document needed was a copy of the harbor agreement. SI reached out to [redacted] to request the agreements, which were then sent to SI and forwarded to Detective [redacted] who was working the case. DA [redacted] reported he appreciated SI work and if there is anything else they need they will follow up with SI.

December 5th: SI visited [redacted] High School and obtained a contact sheet for [redacted] who is under the guardianship of her grandmother, [redacted] SI called [redacted] to explain the purpose of the call and the concerns regarding the incident. [redacted] confirmed she was aware of the situation and that [redacted] had told her she was on the phone at the time. SI explained that a forensic interview was being requested and asked if they would participate. [redacted] agreed to attend the interview and stated that it would be helpful for [redacted] to talk about her feelings and receive any necessary support. The forensic interview was scheduled for December 6th at 9:00 a.m. SI confirmed the appointment with the CAC and informed DA [redacted] and Victim Witness Coordinator [redacted], who planned to attend the interview.

December 5th: DA Victim Witness Coordinator [redacted] reported, "I spoke with [redacted] (bio dad) at [redacted]. He mentioned that he had been in contact with [redacted] and that there is a high possibility [redacted] is at his mothers house, [redacted], located at [redacted] TN [redacted] also reported that [redacted] had asked him to purchase a box of 9mm bullets, stating he needed them."

Detective [redacted] asked, "Have you put an alert in RMS for [redacted] I think we might have discussed this, but I dont recall. I believe there should be an alert that he is possibly armed, as he asked his dad for ammunition. [redacted] also said that if he agreed to buy the ammunition, [redacted] might come out and meet himthough he is unsure how helpful this is for the runaway situation."

December 3rd: Detective [redacted] reported that a child named [redacted] may have been on the phone with [redacted] when the incident occurred. Detective [redacted] traced the number and found that [redacted] attends [redacted] High School. District Attorney [redacted] asked SI to arrange a forensic interview to determine what [redacted] heard and saw during the phone call.

December 3rd: The following information was provided by TL [redacted] regarding the meeting with the DA and detectives SI had. TL [redacted] then forwarded this information to administrative staff. [redacted] from SIU attended a meeting today with the DA and law enforcement regarding the death of [redacted] It has been reported that [redacted] brother, [redacted] called 911 and is looking to surrender after being on the run for several months. It is speculated that their mother, [redacted] has been arrested, leaving no one willing to hide [redacted] Law enforcement has an address for [redacted] and plans to pick him up tonight. However, they expressed concerns about his placement due to his high flight risk. SIU cannot determine placement decisions but acknowledged law enforcement's concerns. They requested clarification from the involved case parties on whether [redacted] would remain in detention upon being picked up or if he would be released within a few hours.Additionally, if [redacted] were to be released, law enforcement inquired about the possibility of placing him in a residential setting rather than a foster home."

The death investigation regarding Alleged Child Victim (ACV) [redacted] was debriefed with the following staff: Case Manager (CM) [redacted] Team Leader (TL) [redacted] TL [redacted], Team Coordinator (TC) [redacted], CPS Director (CPSD) [redacted], and Director of Critical Incident Support (DCIS) [redacted].

The CPS investigation was assigned in TFACTS on 10/31/24 concerning the death of ACV [redacted] (15yo). It was reported [redacted] and his sibling [redacted] 14yo] entered DCS custody D/N on 5/24/24; however, both youths absconded before placement could occur and their whereabouts have remained unknown and/or unreported since that time. The incident occurred at the residence of the birth mother [redacted] who acknowledge both boys had been in her home the last few days prior to the incident, and she did not notify DCS of their location. The birth father [name unknown] is reportedly residing in a hallway house and has no involvement with the children.

On 10/30/24 [redacted] was reportedly still on runaway status but staying in the residence of his mother. The mother had gone out. She reportedly texted [redacted] around 10:30pm to ask what he wanted to eat and he responded at that time. When the mother returned to the home at approximately midnight on 10/31/24 she reportedly found [redacted] lying in a pool of blood on the living room floor with a gunshot wound to the head. It is unknown if a firearm was located nearby and there was later concern that the mother or other resident in the home may have moved the firearm from the scene. 911 was called and [redacted] was transported to [redacted] where pronounced deceased. An autopsy was ordered. At this time LE believes the scene support that this incident was a suicide. There was an additional report that [redacted] may have been on the phone with his girlfriend at the time of the incident and she had just ended their relationship and heard the pop when shot occurred. Phone logs are being searched to see if data supports this. Another resident [redacted] was reportedly present in the home when the incident occurred along with her 4mo child but reported they were asleep in their room and did not hear a gunshot and were not aware anything had happened. LE reportedly collected 6-7 firearms in total from the home along with several baggies of marijuana. A companion referral was made to the DCS Hotline in regard to the 4mo child residing in the home. The 14yo sibling was reportedly observed in the hospital lobby following the incident, but CM was unable to make contact. The mother denied he was there despite witness observations and appears to be unforthcoming in providing information of his whereabouts. The mother also appears to have moved out of the residence where the incident occurred and her whereabouts are currently unknown.

Next Steps:
-- CM will request ACVs hospital records from incident. Records will be reviewed and uploaded to TFACTS.
-- CM will request all interviews and information/evidence collected by LE within their investigation and review, summarize, and upload what is shared to TFACTS.
-- CM will continue efforts to locate mother and report any information regarding 14yo sibling custodial youth to absconder unit.
-- CM will document and upload autopsy into TFACTS once received.
-- CM will present findings to the Child Protective Investigative Team (CPIT) for classification review.

Employee Assistance Program (EAP) information and supervisory support was discussed with involved staff.

October 31st: SI spoke with [redacted], the hospital social worker. [redacted] reported that the information he had received had been inconsistent, with the mother changing her story. [redacted] was initially told that a cousin named [redacted] was in the home and found [redacted] but later, the mother stated that she found him herself. The situation regarding who was in the home at the time of the incident remains unclear. [redacted] mentioned that some family members were present but their names were not obtained. There was another child, believed to be [redacted] brother [redacted] who is also a runaway. When they asked [redacted] who he was, he identified himself as [redacted] and they planned to contact someone and the police, knowing he was listed as a runaway. However, other family members claimed that it was not [redacted] but did not provide an alternative name. It appears that once [redacted] identity was confirmed by the hospital, the family tried to change their story and possibly remove him from the hospital. Initially, the family caused disturbances in the waiting area, but when security came to assist in locating [redacted] it seemed that [redacted] had already been taken from the hospital.

October 31st: SI spoke with birth mother [redacted] in the family room of the hospital. SI explained the purpose of the interview and their role. [redacted] stated that Jaden and his brother arrived at her house two days prior. She acknowledged that the children had been in DCS custody since May and reported that she had never notified anyone that the children were with her. She explained that both children were brought into custody due to truancy and behavioral issues. [redacted] stated that she had been at home most of the day and last communicated with [redacted] around 10:30 p.m. when she asked him what he wanted to eat. She said [redacted] texted her back, and she arrived home around midnight. She found [redacted] shortly after. [redacted] expressed that she was still in shock and could not remember much more. When asked about firearms in the home, said that while she was unsure, there might have been firearms, though she was not aware of any guns being present. [redacted] confirmed that [redacted] had been previously diagnosed with depression but was not on any current medication. She stated that she believed the only people home at the time of the incident were her friend [redacted] her son [redacted] and her friend [redacted] spoke briefly with them, and they all denied hearing a gunshot. [redacted] then became upset and stated that she needed to step outside.

October 31st: SI spoke with [redacted] who is reported to be the childrens uncle. [redacted] stated that he was in shock after receiving the initial phone call but was not directly involved with the incident or at the home. SI inquired about the

childrens custody status, how long they had been with their mother, and who was living in the home. [redacted] appeared reserved and timid, stating that he was unsure but did not want to get anyone in trouble. He confirmed that he had been told that [redacted] and [redacted] were in the home when the incident occurred. [redacted] said he was unaware that [redacted] was staying in the home, stating that [redacted] was not a good person and that he did not know [redacted] was spending time with him. [redacted] also mentioned that he had no knowledge of any issues with the children and was only there to support [redacted] As [redacted] came outside, [redacted] said he was going to check on her.

October 31st: SI, [redacted] and hospital security were in the breezeway trying to gather information to locate [redacted] While discussing who to contact, a truck was seen pulling out of the garage, which appeared to be [redacted] and [redacted] It seemed they had just left the hospital, possibly after learning that law enforcement was at the home.

October 31st: SI spoke with [redacted] in the driveway of the home. It was cold and early in the morning, so SI offered her and her baby blankets or a hoodie. [redacted] reported they were fine but unsure when they would be able to return inside. SI asked if she and her baby were okay, and [redacted] said they were but she was shaken by the incident. [redacted] reported that both [redacted] and [redacted] had been at the house for an extended period and that she believed [redacted] knew they had weapons, although she could not confirm it. [redacted] stated she had been in her room with her daughter and did not hear a gunshot or any other loud noises. She reported that she only heard [redacted] screaming and went into the room to see what had happened. [redacted] immediately grabbed her daughter, unsure if someone had broken into the house. She said that she had already spoken with law enforcement and provided her statement.

October 31st: SI spoke with Detective [redacted] outside after the search warrant was executed. Detective [redacted] reported that they would keep SI updated but had to run ballistics tests, as they had found five or six weapons in the home, along with drugs. Detective [redacted] stated that while it appeared to be a suicide at this time, they would know more once the ballistics tests were completed.

CM attempted to call the parent at [redacted] but the phone number was not in service.

On 10/31/2024, Case Manager (CM)- SIU Investigator [redacted] attempted to meet with parent, [redacted] to complete a drug screen at [redacted] in [redacted] Tennessee. There was not a number outside of the door to denote the apartment number. CM knocked on [redacted] and [redacted] to confirm she had the correct department but nobody answered. The resident from [redacted] was leaving their apartment and CM asked if he could confirm the apartment number at the duplex across from them and he said that it was [redacted]. CM then went over to the apartment. CM knocked on the door several times and no one answered. CM looked inside the window between the blinds on the door but the area in which she could see it was fairly barren. There were decorations on the patio. CM was not sure if the apartment was sparsely furnished or vacant. CM exited.
