

## **Texas: FY 2022 Child Fatality and Near Fatality Annual Report**

Child Fatality Case Summary As part of this annual report and ongoing program review, the Office of Child Safety conducts in-depth reviews for child fatalities occurring when the child is involved with DFPS in an open stage (Investigations, Family Based Safety Services, or Conservatorship) and death is confirmed to be caused by abuse or neglect.

---

Juelz was involved in an open CPI case at the time of the fatality. The investigation was initiated on January 25, 2022, alleging neglectful supervision after a traffic stop and drugs were found in the vehicle. During the investigation, Juelz died on February 27, 2022, as a result of a gunshot wound.
