Description of the incident, including the suspected cause of death, injury or egregious abuse or neglect:

On June 15, 2023, the agency received a report regarding a 3-year-old child pronounced deceased in his home. Law enforcement was contacted and initiated a criminal investigation. The Medical Examiner's Office has not determined the child's cause of death; the autopsy report is pending. No criminal charges have been filed in this case, and the investigation remains open.

Findings by agency, including maltreatment determination and material circumstances leading to incident:

The agency collaborated with law enforcement and medical professionals to complete the assessment. The Medical Examiner's Office has not determined the child's cause of death; the autopsy report is pending. The Initial Assessment completed by the agency found a preponderance of the evidence to substantiate neglect to the child by the father's significant other. The agency deemed the child's sibling, half-siblings, and the significant other's children unsafe and initiated a Protective Plan that was later transitioned to an in-home Safety Plan with the child's father. Petitions for Protection or Services were filed for all five children, and the case remained open to provide ongoing case management services.
