Abuse Death:
Child death is defined as:
-Any unexplained death of a child when the cause of death is unknown or pending an autopsy report.
-Any child death caused by abuse or neglect resulting from the parent or caretakers failure to stop another persons direct action that resulted in the death of the child. Child deaths are always treated as severe child abuse.
-Any child death caused by abuse or neglect resulting from the parent or caretakers to stop another persons direct action that resulted in the death of the child.

Drug exposed child:
The Department of Children Services defines Drug Exposed Child as an allegation that pertains to a person, under the age of 18 whom:
a) Has been exposed to or is at risk of exposure to a drug or chemical substance (including but not limited to alcohol, cannabis, hallucinogens, stimulants, sedatives, narcotics, methamphetamine, heroin, inhalants) that could adversely affect the childs physical, mental or emotional functioning; or
b) Has a parent/caregiver that uses drugs or chemical substances that impacts or is at risk of impacting their ability to adequately care for the child.

The Abuse Death investigation regarding Alleged Child Victim (ACV) [redacted] was debriefed with Case Manager (CM) [redacted] and Team Leaders (TL) [redacted] and [redacted]. Also present was Team Coordinators (TC) [redacted] and [redacted] CPS Director (CPSD) [redacted] and Director of Critical Incident Support (DCIS) [redacted].

The CPS investigation was assigned on 1/18/23 concerning the death of ACV [redacted] (3yo). It was reported [redacted] resided with her birth mother [redacted] and two siblings [redacted] 2yo and [redacted] 7yo] in [redacted] County. Also residing in the home are the maternal grandparents [redacted] and [redacted] The birth father [redacted] of [redacted] and the 7yo sibling resides in Pennsylvania. He was contacted and reported he is currently homeless and has bipolar disorder, and has not had contact with the children since 2019. The birth father [redacted] of the 2yo sibling is involved and has visitation with the 2yo every other day and on weekends. Additional, the paternal aunt of the 2yo, keeps the 7yo sibling for the mother on Thursday through Sunday weekly due to the mothers work schedule. [redacted] is autistic and non-verbal.

On 1/17/23 [redacted] was in the care and supervision of her mother at the familys home. The mother reported [redacted] attends school on Tuesday, Wednesdays, and Thursdays from 8am-12pm. The mother picked up [redacted] from school and they returned home. She reported they played and then they laid down for a nap at 2:30pm. The 7yo sibling returned home from school at 3:15pm at which time the mother woke to find [redacted] was missing. She noted the front door was ajar and her cell phone was in the floor, which [redacted] at been watching as they fell asleep. The mother began looking throughout the home and outside for [redacted] The mother stated [redacted] has been known to get out of the house before, both at her home and at the home of the 2yo siblings father. The mother did not report any precautions that had been taken to keep [redacted] from getting out. By 4pm the mother had not found [redacted] and contacted LE via their non-emergency number. LE responded to the home by 4:15pm and began searching the area. LE located [redacted] shirt next to a neighbors pool. The water was not full, and it was green in color. LE searched the pool and found [redacted] CPR was initiated on scene and [redacted] was transported to the hospital where pronounced deceased. The

grandparents were not at the home at the time of the incident, and the 2yo sibling was in the care of his father.

LE noted the smell of marijuana in the home. The home was searched, and marijuana was found. The mother stated she would test positive for THC. Upon drug screen consent she tested positive for amphetamines, THC, cocaine, and benzodiazepines. The mother denied any other drug use and reported she had last smoked at bar the previous Saturday. The grandmother also admitted to marijuana use and stated she and the mother would only smoke outside, not in the presence of the children. The grandfather denied drug use. An IPA was completed and both siblings were initially placed with the 2yo siblings father. The 2yo remains in his care, but the 7yo sibling moved placement with paternal aunt of the 2yo, who the 7yo sibling was already used to staying with half the week. Home studies were completed, and no concerns were found.

Next Steps:
-- CM will request current ACVs medical records from birth to present, to include PCP, specialist appointments. Records will be reviewed and uploaded to TFACTS.
-- CM will request ACVs and 7yo siblings school records and complete collateral interview with teachers/school.
-- CM will request all interviews and information/evidence collected by LE within their investigation and review, summarize, and upload what is shared to TFACTS.
-- CFTM will be held to address needs and implement services.
-- CM will document and upload autopsy into TFACTS once received.
-- CM will complete Closing FAST prior to case closure.
-- CM will present findings to the Child Protective Investigative Team (CPIT) for classification review.

Employee Assistance Program (EAP) information and supervisory support was discussed with involved staff.
