The death investigation regarding Alleged Child Victim (ACV) [redacted] was debriefed with the following staff: Case Manager (CM) [redacted] Team Leader (TL) [redacted] Team Coordinator (TC) [redacted], and Director of Critical Incident Support (DCIS) [redacted].

The CPS investigation was assigned in TFACTS on 7/15/24 concerning the death of ACV [redacted] (7yo). It was reported [redacted] resided with her birth mother [redacted] and birth father [redacted] in [redacted] County. A paternal half-brother [redacted] 17yo] resides with his birth mother [redacted] and reportedly has not had visitation or contact within in the household in over a year.

On 7/13/24 [redacted] was in the care and supervision of the birth mother. The mother confessed to LE drowning [redacted] in [redacted] across from the family home. [redacted] was transported to [redacted] ER where pronounced deceased. An autopsy was ordered, and final results are pending; however, preliminary results indicate the presence of blunt force trauma to the head.

The mother was interviewed by law enforcement and reported she wanted a break and to be left alone that day and [redacted] would not do so. She then took [redacted] across the road to the greenway and creek where she held her under the water until she realized she had done something wrong. The mother then pulled [redacted] from the water and attempted CPR. It was reported a passerby (after the incident) assisted with CPR. The mother was arrested and remains incarcerated without bond. The mother reported she was diagnosed with postpartum depression and bipolar when [redacted] was 2yo, resulting in a suicide attempt and hospitalization at [redacted] The mother stated she was prescribed medication to treat bipolar, but upon discharge she never refilled the medication or followed up with MH services. The mother stated she felt her mental health issues were related to the current incident. Regarding the blunt force injuries to [redacted] it is unknown if the mother explained how the injuries occurred in her interview with LE.

The father was hospitalized on 7/8/24 prior to the incident for pancreatitis. He has a history of alcohol abuse and reportedly drank approximately 10 beers a day. The mother had taken [redacted] to see the father at the hospital prior to the incident and the father reported no immediate concerns about the mothers mental health but did recall the episode when [redacted] was 2yo

and concerns for MH in the past. The father stated the paternal grandfather had recently reported talking to the mother by phone within the past week and reported she sounded paranoid but did not elaborate. The father is a veteran and A&D and grief counseling services were discussed. The mother worked at McDonalds. It is unknown if [redacted] received childcare during the time the father was hospitalized and the mother was working, but it is believed family was a support. No alcohol or drugs appeared to have been involved in the incident and the mother denied use. The mother of the 17yo half-sibling has been contacted and verified the minor has had no recent contact with his fathers household in over a year, and he is currently in FL on vacation. Birth and PCP records up to 3 years has been requested and obtained. PCP records for ages 3 to present are being requested. Request for mothers MH records is being completed.

Next Steps:
-- CM will attempt to request/upload ACVs birth/PCP records and mothers MH records.
-- CM will request all interviews and information/evidence collected by LE within their investigation and review, summarize, and upload what is shared to TFACTS.
-- CM will complete collateral interview with paternal grandfather regarding phone conversation with mother.
-- CM will follow-up with the father regarding A&D and grief counseling.
-- CM will complete Closing FAST prior to case closure.
-- CM will present findings to the Child Protective Investigative Team (CPIT) for classification review.

Employee Assistance Program (EAP) information and supervisory support was discussed with involved staff.

Update as of 8/1/24: CM has followed up with the father and has provided the family with resources for counseling service and services for A&D. CM has spoken to [redacted] half brother of [redacted] and he continues to reside with the mother and does not see the father or stepmother. CM has requested all LE reports and the ones that have been received are uploaded. CM has requested all medical records and the ones that have been received have been uploaded. TL [redacted] and TL [redacted] have spoken to the mother in the [redacted] County Jail. She remains in jail and is charged with First Degree Murder. Her next court hearing is set for 8/14/24. Ms. [redacted] admitted to TL [redacted] and TL [redacted] that she did take [redacted] across the street from their home and take her in the water while [redacted] was asking not to go in. The mother then stated that she took [redacted] out of the water and realized what had happened. Ms. [redacted] signed a release of information for her records from [redacted] and [redacted] Medical Center and these will be requested. The mother gave her aunt as a collateral and CM has contacted her and entered that notation. This case will be presented to CPIT on 8/5/24.

Next steps:
follow up on records from [redacted] Hospital for the mother and [redacted]
Present to CPIT
Follow up with LE on any reports that they have
Follow up on records from [redacted] for Ms. [redacted]
Update TL

Update as of 9/3/24: CM is still trying to get the medical records for [redacted] The hospital has stated that they do not have any records for Ms. [redacted] The medical records are reportedly being processed and sent. The father has gotten out of the hospital and stated he was working on planning the funeral for [redacted] Ms. [redacted] received a head injury while in jail and has been moved facilities. She is still awaiting court hearings.

Next steps: follow up on medical records/ follow up on autopsy/ follow up with the father/ update TL

The death investigation regarding Alleged Child Victim (ACV) [redacted] was debriefed with the following staff: Case Manager (CM) [redacted] Team Leader (TL) [redacted] Team Coordinator (TC) [redacted], and Director of Critical Incident Support (DCIS) [redacted].

The CPS investigation was assigned in TFACTS on 7/15/24 concerning the death of ACV [redacted] (7yo). It was reported [redacted] resided with her birth mother [redacted] and birth father [redacted] in [redacted] County. A paternal half-brother [redacted] 17yo] resides with his birth mother [redacted] and reportedly has not had visitation or contact within in the household in over a year.

On 7/13/24 [redacted] was in the care and supervision of the birth mother. The mother confessed to LE drowning [redacted] in [redacted] across from the family home. [redacted] was transported to [redacted] ER where pronounced deceased. An autopsy was ordered, and final results are pending; however, preliminary results indicate the presence of blunt force trauma to the head.

The mother was interviewed by law enforcement and reported she wanted a break and to be left alone that day and [redacted] would not do so. She then took [redacted] across the road to the greenway and creek where she held her under the water until she realized she had done something wrong. The mother then pulled [redacted] from the water and attempted CPR. It was reported a passerby (after the incident) assisted with CPR. The mother was arrested and remains incarcerated without bond. The mother reported she was diagnosed with postpartum depression and bipolar when [redacted] was 2yo, resulting in a suicide attempt and hospitalization at [redacted] The mother stated she was prescribed medication to treat bipolar, but upon discharge she never refilled the medication or followed up with MH services. The mother stated she felt her mental health issues were related to the current incident. Regarding the blunt force injuries to [redacted] it is unknown if the mother explained how the injuries occurred in her interview with LE.

The father was hospitalized on 7/8/24 prior to the incident for pancreatitis. He has a history of alcohol abuse and reportedly drank approximately 10 beers a day. The mother had taken [redacted] to see the father at the hospital prior to the incident and

the father reported no immediate concerns about the mothers mental health but did recall the episode when [redacted] was 2yo and concerns for MH in the past. The father stated the paternal grandfather had recently reported talking to the mother by phone within the past week and reported she sounded paranoid but did not elaborate. The father is a veteran and A&D and grief counseling services were discussed. The mother worked at McDonalds. It is unknown if [redacted] received childcare during the time the father was hospitalized and the mother was working, but it is believed family was a support. No alcohol or drugs appeared to have been involved in the incident and the mother denied use. The mother of the 17yo half-sibling has been contacted and verified the minor has had no recent contact with his fathers household in over a year, and he is currently in FL on vacation. Birth and PCP records up to 3 years has been requested and obtained. PCP records for ages 3 to present are being requested. Request for mothers MH records is being completed.

Next Steps:
-- CM will attempt to request/upload ACVs birth/PCP records and mothers MH records.
-- CM will request all interviews and information/evidence collected by LE within their investigation and review, summarize, and upload what is shared to TFACTS.
-- CM will complete collateral interview with paternal grandfather regarding phone conversation with mother.
-- CM will follow-up with the father regarding A&D and grief counseling.
-- CM will complete Closing FAST prior to case closure.
-- CM will present findings to the Child Protective Investigative Team (CPIT) for classification review.

Employee Assistance Program (EAP) information and supervisory support was discussed with involved staff.

Update as of 8/1/24: CM has followed up with the father and has provided the family with resources for counseling service and services for A&D. CM has spoken to [redacted] half brother of [redacted] and he continues to reside with the mother and does not see the father or stepmother. CM has requested all LE reports and the ones that have been received are uploaded. CM has requested all medical records and the ones that have been received have been uploaded. TL [redacted] and TL [redacted] have spoken to the mother in the [redacted] County Jail. She remains in jail and is charged with First Degree Murder. Her next court hearing is set for 8/14/24. Ms. [redacted] admitted to TL [redacted] and TL [redacted] that she did take [redacted] across the street from their home and take her in the water while [redacted] was asking not to go in. The mother then stated that she took [redacted] out of the water and realized what had happened. Ms. [redacted] signed a release of information for her records from [redacted] and [redacted] Medical Center and these will be requested. The mother gave her aunt as a collateral and CM has contacted her and entered that notation. This case will be presented to CPIT on 8/5/24.

Next steps:
follow up on records from [redacted] Hospital for the mother and [redacted]
Present to CPIT
Follow up with LE on any reports that they have
Follow up on records from [redacted] for Ms. [redacted]
Update TL

Update as of 9/3/24: CM is still trying to get the medical records for [redacted] The hospital has stated that they do not have any records for Ms. [redacted] The medical records are reportedly being processed and sent. The father has gotten out of the hospital and stated he was working on planning the funeral for [redacted] Ms. [redacted] received a head injury while in jail and has been moved facilities. She is still awaiting court hearings.

Next steps: follow up on medical records/ follow up on autopsy/ follow up with the father/ update TL

TL [redacted] and TL [redacted] went to the [redacted] County Jail on 7/29/2024 at 1:30 pm and met with Ms. [redacted] privately in a holding cell. TL [redacted] and TL [redacted] explained to Ms. [redacted] the reason for the visit and explained that they worked for DCS. Ms. [redacted] was asked about [redacted] medical care as there were not any records for her since she was three years old. Ms. [redacted] reported she still owes money to [redacted] Childrens Clinic and [redacted] was last seen for Kindergarten shots at the Health Department. Ms. [redacted] agreed to sign a release of information for herself and reported that she had been to [redacted] Hospital when [redacted] was younger for mental health. Ms. [redacted] reported she has been off her medication, Trazadone and Seroquel, since she went to [redacted] when [redacted] was two years old. She reported she had done a few therapy sessions but had not continued and did not refill her medications.

Ms. [redacted] reported that life had been a struggle as she was all alone with her seven-year-old the day of the incident. Ms. [redacted] reported her husband was in the hospital for pancreatitis as he had been hiding his drinking. She reported that he drank about 12-24 drinks a day. She reported that she drank Spiked Lemonades and had between 4-6 a day. Ms. [redacted] reported that she had two drinks the morning of the incident and didnt believe that she had smoked anything that day. She reported that she did not use any substances as her parents were on heroin. She reported she was placed in the custody of her aunt, Ms. [redacted] at the age of eleven. Ms. [redacted] reported that she and [redacted] had gone to Kroger and gotten flowers and a bear to take to Mr. [redacted] at the hospital. Mr. [redacted] was being moved out of the ICU to a room that day and was moved at 6:00 pm but he didnt tell Ms. [redacted] until 8:30 pm. Mr. [redacted] wanted Ms. [redacted] to bring her a phone charger and she had a back with deodorant and other things for him. She reported that [redacted] took about an hour nap and then they went to the hospital. She and [redacted] took all the items to Mr. [redacted] at the hospital. Ms. [redacted] reported that the visit was frustrating. She reported that she was trying to get on Disney Plus and she felt like she was a burden. (Ms. [redacted] appeared angry while talking about this) Ms. [redacted] reported she hung pictures in the hospital room that [redacted] had done for Mr. [redacted] Ms. [redacted] reported having to do everything around the home and be a good wife and mother. While at the hospital Ms. [redacted] saw the news that President Trump had been shot in the ear. Ms. [redacted] did not report any other triggers to her while at the hospital. Ms. [redacted] reported that she and [redacted] left the hospital and returned home. Ms. [redacted] reported several times that she blacked out and didnt remember what had happened. She reported hearing voices and when they got home she told [redacted] to stay inside and she went outside to sit on the steps. She talked to neighbors while outside and

[redacted] came out as she was worried about her mother. Ms. [redacted] reported that she thought that the cops were after her. Ms. [redacted] reported she just wanted some alone time. Ms. [redacted] reported that she and [redacted] walked across the street and did see a couple of people while out but did not talk to them. Ms. [redacted] gave [redacted] her phone at one point while out. Ms. [redacted] stated that they would walk across to fish sometimes. On this date she and [redacted] walked to the bridge which is not where they normally would walk. Ms. [redacted] reported she threw her phone on the ground and drug [redacted] in the water. She reported that [redacted] did not want to go in the water and [redacted] told her she didnt want to go. Ms. [redacted] reported that she was not sure how long they were in the water for. She denied [redacted] hitting her head and denied that she had hit [redacted] in the head. Ms. [redacted] reported that she carried [redacted] out and realized what had happened. Ms. [redacted] said [redacted] had water come out of her mouth. A family then approached, and Ms. [redacted] had the mother call 911 and she did not know where her phone was and the father started trying to get the water out of [redacted] Ms. [redacted] reported that police and EMS then came and [redacted] was taken to the hospital in an ambulance and Ms. [redacted] went in a police car. Ms. [redacted] was placed in a room and could hear nurses laughing at her as she was not crying due to being in shock. She reported she heard hear husbands voice as he came down from his hospital room to identify [redacted] She then heard chains and believes he might have been restrained. Ms. [redacted] was then taken to a mental hospital but was not sure where.

When asked about her marriage with Mr. [redacted] Ms. [redacted] reported that Mr. [redacted] son had caused some issues due to making accusations of Mr. [redacted] being inappropriate with [redacted] and then there were concerns for [redacted] being inappropriate with [redacted] Ms. [redacted] reported when [redacted] was about three or four, she had given her a bath and was applying lotion to her when done and [redacted] stepped back. Ms. [redacted] reported she asked [redacted] who had touched her, and she reported her brother had. DCS was involved with this, and [redacted] went to [redacted] and [redacted]. Ms. [redacted] reported that [redacted] was not allowed any contact with [redacted] after this. Ms. [redacted] reported she had always been protective of [redacted] and was a helicopter mom. She reported that this caused a strain on their marriage.

When asked about [redacted] Ms. [redacted] reported that she had blonde hair and blue eyes. She reported that [redacted] was like her and never met a stranger. Ms. [redacted] reported [redacted] was going in the second grade and they had gone to Ross back to school shopping recently and gotten [redacted] a new backpack with cats on it. Ms. [redacted] reported that [redacted] was a tomboy and loved to be outside and was going to be signed up to play softball. Ms. [redacted] reported that [redacted] loved her cat, [redacted] Ms. [redacted] reported that [redacted] always had her moms back. Ms. [redacted] reported [redacted] loved her more than her dad and would say this.

The death investigation regarding Alleged Child Victim (ACV) [redacted] was debriefed with the following staff: Case Manager (CM) [redacted] Team Leader (TL) [redacted] Team Coordinator (TC) [redacted], and Director of Critical Incident Support (DCIS) [redacted].

The CPS investigation was assigned in TFACTS on 7/15/24 concerning the death of ACV [redacted] (7yo). It was reported [redacted] resided with her birth mother [redacted] and birth father [redacted] in [redacted] County. A paternal half-brother [redacted] 17yo] resides with his birth mother [redacted] and reportedly has not had visitation or contact within in the household in over a year.

On 7/13/24 [redacted] was in the care and supervision of the birth mother. The mother confessed to LE drowning [redacted] in [redacted] across from the family home. [redacted] was transported to [redacted] ER where pronounced deceased. An autopsy was ordered, and final results are pending; however, preliminary results indicate the presence of blunt force trauma to the head.

The mother was interviewed by law enforcement and reported she wanted a break and to be left alone that day and [redacted] would not do so. She then took [redacted] across the road to the greenway and creek where she held her under the water until she realized she had done something wrong. The mother then pulled [redacted] from the water and attempted CPR. It was reported a passerby (after the incident) assisted with CPR. The mother was arrested and remains incarcerated without bond. The mother reported she was diagnosed with postpartum depression and bipolar when [redacted] was 2yo, resulting in a suicide attempt and hospitalization at [redacted] The mother stated she was prescribed medication to treat bipolar, but upon discharge she never refilled the medication or followed up with MH services. The mother stated she felt her mental health issues were related to the current incident. Regarding the blunt force injuries to [redacted] it is unknown if the mother explained how the injuries occurred in her interview with LE.

The father was hospitalized on 7/8/24 prior to the incident for pancreatitis. He has a history of alcohol abuse and reportedly drank approximately 10 beers a day. The mother had taken [redacted] to see the father at the hospital prior to the incident and the father reported no immediate concerns about the mothers mental health but did recall the episode when [redacted] was 2yo

and concerns for MH in the past. The father stated the paternal grandfather had recently reported talking to the mother by phone within the past week and reported she sounded paranoid but did not elaborate. The father is a veteran and A&D and grief counseling services were discussed. The mother worked at McDonalds. It is unknown if [redacted] received childcare during the time the father was hospitalized and the mother was working, but it is believed family was a support. No alcohol or drugs appeared to have been involved in the incident and the mother denied use. The mother of the 17yo half-sibling has been contacted and verified the minor has had no recent contact with his fathers household in over a year, and he is currently in FL on vacation. Birth and PCP records up to 3 years has been requested and obtained. PCP records for ages 3 to present are being requested. Request for mothers MH records is being completed.

Next Steps:
-- CM will attempt to request/upload ACVs birth/PCP records and mothers MH records.
-- CM will request all interviews and information/evidence collected by LE within their investigation and review, summarize, and upload what is shared to TFACTS.
-- CM will complete collateral interview with paternal grandfather regarding phone conversation with mother.
-- CM will follow-up with the father regarding A&D and grief counseling.
-- CM will complete Closing FAST prior to case closure.
-- CM will present findings to the Child Protective Investigative Team (CPIT) for classification review.

Employee Assistance Program (EAP) information and supervisory support was discussed with involved staff.
