While at the hospital, [redacted] grandmother stated [redacted] had also been previously shot and [redacted] also had a sister (unknown) who passed away two years ago (May 31, 2022) after being shot four times. [redacted] may have been shot at the same time as the sister who passed away however this is not certain. [redacted] grandmother was cursing and yelling while at the hospital. After the family members spoke with [redacted] by phone the family members left the hospital and went to an unknown location. It is unknown where [redacted] is currently located or if he has been spoken with regarding the incident.

Law Enforcement responded to the hospital and the police report number is [redacted] Youth Services Detective [redacted] [redacted] presented to the hospital as well. Birth mother, Ms. [redacted] was initially identified as an Alleged Perpetrator, but was eliminated as a suspect. This investigation was assigned to Child Protective Services Case Manager (CPS) [redacted] by Lead Investigator (LI) [redacted] This case was worked in conjunction with [redacted] Police Department ([redacted]PD) Youth Services Detective [redacted]

[redacted] (4) lived at home with his birth parents (Mr. [redacted] and Ms. [redacted] and four-year-old sibling ([redacted] at [redacted], TN [redacted]
On July 24, 2024, at around 9:15p.m., [redacted] was taken to the emergency room at [redacted] Children's Hospital via EMS following sustaining a gunshot wound to his face. 911 was called by an unknown party at 8:50p.m. On July 24, 2024. EMS and Law Enforcement responded to the home and [redacted] was transported to [redacted] Children's Hospital. [redacted] was unresponsive when he arrived and was pronounced deceased on July 24, 2024, at 9:37p.m. When law enforcement arrived at the home, Mr. [redacted] had fled the scene.

On July 24, 2024, CPS Case Manager [redacted] interviewed Ms. [redacted] in a private room at [redacted] Childrens Hospital. Ms. [redacted] reported her, and her two children were at the apartment. She was in the kitchen with [redacted] preparing supper. [redacted] had been in the bedroom which he and [redacted] shared. statement to police. Once she completed her statement, she was allowed go to the hospital.

On July 25, 2024, law enforcement interviewed Mr. [redacted] Mr. [redacted] reported he had arrived at the apartment last evening and went directly to his bedroom to change clothes. He reported he sat down on the bed and took his pistol out of the waistband of his pants and laid it on the floor. He stated he believed he was the only person in the room. Mr. [redacted] stated he got up and went over to the dresser when he heard the gun go off. He turned around and saw his son, [redacted] lying on the floor with blood coming from a gunshot wound to his face. He stated he never heard the child come into the room. Mr. [redacted] stated apparently [redacted] picked the pistol up and either accidentally pulled the trigger or the gun went off. He stated he panicked, took the gun, and fled from the home. He stated he had to sort things out in his mind of what had happened. His family members and some friends urged him to turn himself in and talk with police. Mr. [redacted] was charged with reckless homicide, aggravated child neglect and tampering with evidence. He is awaiting trial on these charges.

On October 24, 2024, the final autopsy was received for [redacted] The autopsy stated, The decedent was reported to be a three-year-old male, who was possibly shot at the hands of another. The cause of death was Gunshot wound to the head. The manner of death could not be determined.

On November 26, 2024, TC [redacted] presented this case to the [redacted] County Child Protective Investigative Team (CPIT). Those in attendance were TC [redacted] PD representative [redacted], ADA [redacted], and CPIT Coordinator [redacted]. The team agreed there is a preponderance of evidence which supports the substantiation of the Abuse Death and Lack of Supervision.

DCS definitions:
Per DCS Policy Work Aid 1 Section E:
Child Death is defined as:
a) Any child death caused by abuse or neglect.
b) Any unexplained death of a child when the cause of death is unknown or pending an autopsy report.
c) Any child death caused by abuse or neglect resulting from the parent or caretakers failure to stop another persons direct action that resulted in the death of the child. Child deaths are always treated as severe abuse.

Per DCS Policy Work Aid 1 Section C:
Lack of Supervision is defined as: Failure to provide adequate supervision, by a parent or other legal custodian/caretaker, who can do so. A lack of supervision allegation or determination means that:
a) The child has been placed in a situation that requires actions beyond the childs level of maturity, physical ability, and/or mental ability; or
b) Caregiver inadequately supervises a child. The caregiver is with the child, but is unable or unwilling to supervise (e.g., the caregiver is under the influence of alcohol or drugs, is depressed, sleeps during the day or has inadequate parenting knowledge or skills).
c) Any registered sex offender residing in the home with unrelated minor children or victim of offender and/or caregiver knowingly resides with and/or allows children to be unsupervised with a registered sex offender.
d) Concerns that children in a congregate care facility were able to engage in sexual activity regardless of age of children and/or if initially reported as consensual, should be assigned as lack of supervision in addition to the sexual abuse allegation (see DCS Policy 18.8 Zero-Tolerance Standards and Guidelines for Sexual Abuse and Sexual Harassment Incidents and Prison Rape Elimination Act (PREA).

There is a preponderance of evidence that supports the substantiation for all allegations against Mr. [redacted] This case will be closed and classified as Allegation Substantiated, Perpetrator Substantiated for Abuse Death and Lack of Supervision.

The death investigation regarding Alleged Child Victim (ACV) [redacted] was debriefed with the following staff: Case Manager (CM) [redacted] Team Leader (TL) [redacted] Team Coordinator (TC) [redacted] CPS Director (CPSD) [redacted], and Director of Critical Incident Support (DCIS) [redacted].

The CPS investigation was assigned in TFACTS on 7/25/24 concerning the death of ACV [redacted] (3yo). [redacted] resided with his birth mother [redacted] birth father [redacted] and twin sibling [redacted] 3yo] in [redacted] County. It has not been confirmed if either parent has other minors outside of the household. At the time of the incident the parents and twins were the individuals present.

On 7/24/24 911 was called regarding a shooting incident at the familys home. [redacted] sustained a gunshot wound to the face that was believed to be self-inflicted. [redacted] was transported to [redacted] where he was pronounced deceased as a result of the injury. An autopsy was ordered.

[redacted] father fled the scene, taking the involved firearm with him. The mother reported she was in the kitchen with the 3yo twin sibling when she heard a pop and became aware [redacted] had been shot. The father turned himself in to LE the next day and reported he was in the bedroom and thought he was alone when he took the gun out of his pocket and placed it on the floor to change clothes. [redacted] picked up the gun and shot himself in the face before he knew [redacted] was in the room. The father was arrested, and a psychiatric evaluation has been ordered. The father provided LE with the firearm involved in the incident. The sibling was observed in the care of the paternal aunt with no immediate concerns. The mother has not been interviewed by CM to date. The family was ordered to leave the home for LEs investigation. The family has history with gun violence and are the victims of a drive by shooting that resulted in the death of their 4yo child in the car in 2023. The 3yo twin sibling was grazed by a bullet during that incident. CM will complete home visit and interview with the mother to ensure ongoing safety for the 3yo sibling.

Next Steps:
-- CM will request ACVs most recent PCP record if applicable. Record will be reviewed and uploaded to TFACTS.

When he arrived at the home, three FIP staff had already been engaging with the mother; and she wasnt willing to do another interview with Det. He said other than the blood in the home, it appeared appropriate. He cant say how the gun was stored or how the child was able to get access to it. He said that the father doesnt have any warrants out; but he left the home with the gun and was making suicidal statements because this is the second child hes lost with a gun involved. It is unknown where the father is, or his wellbeing. Det. [redacted] was in the process of obtaining search warrant for the home. No additional information could be provided at that time.

search of the home. The home was cluttered, but there were no hazards observed. There were sufficient food resources in the home and working utilities. There were plates of food in the home and it appeared that the family was in the middle of eating dinner when the incident occurred. Current information known is that the ACV was in the bedroom with the birth father and the mother was in the kitchen, when she heard the pop. EMS was called and the child was pronounced deceased at the hospital. He has not been able to thoroughly interview the mother and reported she was understandably distraught. [redacted] (sibling) was observed by Det. [redacted] and there were no concerns regarding the child.

It is noted that the investigation is ongoing. The indefinite question at this time is if the injury was self-inflicted or if the father accidentally shot the child. The father has yet to be interviewed.

THE FAMILY TOGETHER

This section focuses on the family system. The first step is to define who makes up the family. Generally it is a household but sometimes two households in which the children spend considerable amounts of time could be considered (e.g. divorced parents with 50:50 visitation).

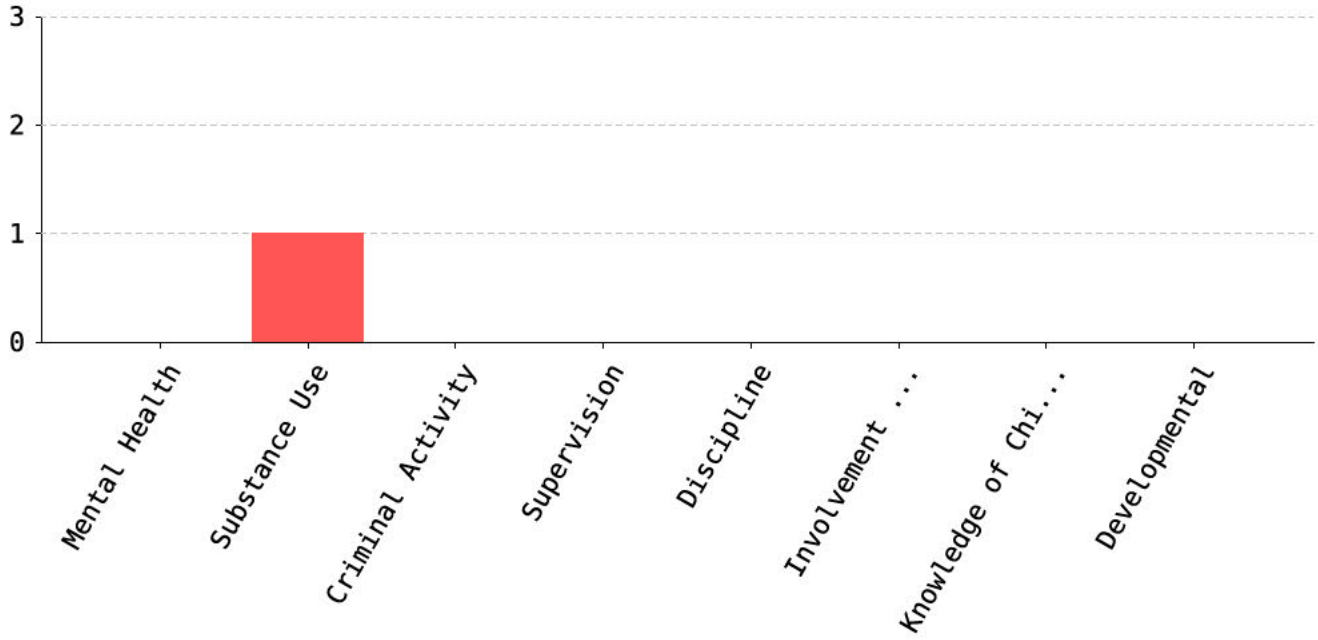

Item	Score	Justification/Narrative
Physical Condition of Home	0	
Home Maintenance	1	The home has been described as "cluttered" but, there are no health concerns present. Based on there being a gun in the home that discharged, striking and killing the child safety
Family Conflict	0	Based on previous issues where the family was mistakenly targeted and another child was shot and killed this area must be scored and reflected in the current case.
Family Safety	1	It is unknown at this time what occurred that led to the discharging of the weapon that led to the death of the child.
