[redacted] (15), [redacted] (9) and [redacted] (7) live with their father, [redacted] in [redacted] County. [redacted] has custody of the children. There was no information provided about the children's mother. She was not in the home at the time of the incident being reported.

-Are you requesting immediate assistance from DCS to your location, or only an immediate phone call?
Law enforcement is not requesting an immediate response.

-Please provide a brief summary of the concerns and why DCS is needed to respond immediately.
On October 25, 2022, at 12:03a.m., law enforcement responded to an ambulance call regarding a fifteen-year-old black female juvenile being unresponsive. Officers made the scene at 12:09a.m. When law enforcement arrived, they observed EMS performing CPR on [redacted] time of death was called at 12:25a.m. on October 25, 2022. Once the time of death was called, Crime Scene investigators were called to the home to take photos.

Law enforcement spoke with the father, [redacted] He said he went to bed at around 8:00p.m. on October 24, 2022, and the children went to bed at around 9:00p.m. [redacted] said he got up at around 10:00p.m. to go to upstairs and when he walked by [redacted] she did not say anything to him. He said normally [redacted] will speak to him, and he thought it was unusual that she did not say anything to him. [redacted] stated he went back downstairs at around 11:45p.m. and when he walked by [redacted] again to go back upstairs he called out to [redacted] and she did not say anything to him. He said he went over to her and kind of shook her, and she did not respond. [redacted] called 911 at this point.

[redacted] was asked if [redacted] had any medical history and he said, "no, she had really bad bruising on her foot which extends up to her left calf that happened ten months ago." [redacted] said [redacted] dropped a Listerine bottle on her foot and sustained the bruising. It is unknown if she was cut when she dropped the bottle on her leg. [redacted] said the only thing he gave her was Advil. He said he found out about the bruising eight months ago. He said [redacted] did not complain to him about the bruising until eight months ago and that is when he observed it. [redacted] was asked why he did not get medical treatment for [redacted] and he replied, "he was praying for her." He said [redacted] had been complaining of shortness of breath for a while since the bruising happened. [redacted] said [redacted] complained of shortness of breath on October 24, 2022, before they went to bed. He said he felt her pulse and compared it to his and her pulse felt fast, but he told her to breathe in and out through her nose. [redacted] said he did not think to take [redacted] to a doctor because she seemed physically fine. This is all [redacted] has reported.

[redacted] body has been taken to the medical examiner. It is unknown if she will have an autopsy. The cause of death is unknown at this time. Law enforcement does not suspect any foul play at the time of the call to the hotline. There is no arrest planned at this time. It is unknown if the children have any special needs or disabilities. The other two children, [redacted] and [redacted] are in the home with [redacted] They have not been spoken to by law enforcement. They have been observed by law enforcement

Case Recording Summary

Case Id: [redacted] Case Name: [redacted]

Case Status: Close Organization: [redacted] Region

CPSI [redacted] explained to Mr. [redacted] the reason for our visit and that we just wanted to check in with the siblings. Mr. [redacted] was willing to allow this CPSI in the home. CPSI observed [redacted] in the blow-up bed covered up with a comforter. [redacted] was sitting in a chair playing a game on a cell phone. CPSI asked Mr. [redacted] to interview the children and Mr. [redacted] gave permission for this CPSI to speak with the children.

On November 14, 2022, CPSI [redacted] observed [redacted] free of visible marks and bruises. CPSI [redacted] explained the CPSI role and addressed the allegations. CPSI [redacted] asked [redacted] did he know what happened to his sister. [redacted] reported his sister told him she dropped a Listerine bottle on her foot and that she was bruised really badly. [redacted] reported this was all he knew. CPSI asked [redacted] when he gets sick what happens, and he reported he did not know how to answer that. CPSI [redacted] re-phrased the question. [redacted] reported when he gets in trouble the father will take his phone, computer, or some of his other things. He denied the father using physical force. [redacted] was asked when he gets sick what happens, and he reported he did not know how to answer the question. CPSI [redacted] re-phrased the question. [redacted] reported his father would give him medicine but denied the father taking him to the doctor.

On November 14, 2022, CPSI [redacted] observed [redacted] he was observed free of visible marks and bruises and was playing a game on a cellphone. CPSI [redacted] introduced herself to the child and asked him did he know what happened to his sister. He just sat there and did not answer. CPSI [redacted] explained to the child if he did not know it was ok for him to say that. He then reported he did not know what happened to [redacted]

On November 21, 2022, the Department received a referral alleging Physical Abuse and Nutritional Neglect. The victims were listed as [redacted] (10) and [redacted] (7), and the alleged perpetrator was listed as birth father [redacted] The referral states both children are malnourished. The younger child has what is being reported as a non-accidental trauma to what is believed to be his left leg. There is no known description of the injury, but the child reports having difficulty walking.
On November 21, 2022, at 7:57 PM CPSI [redacted] spoke with [redacted] regarding the referral DCS received. [redacted] stated that he was seven years old and had never been to school. When asked about what he had been eating for meals, he stated that he did not know. He also did not respond to any questions regarding his sister and how she died. He was not very talkative or forthcoming with his answers. When CPSI arrived, he was receiving an IV for fluid intake. It was reported that he was underweight for his age. He weighed in at 34.8 lbs., his ideal weight should be 50.6 lbs. He stated that his legs were hurting but did not know what happened to cause the pain. He was observed wearing a green printed hospital gown, with yellow socks. His lips were very dry and his hair was matted all over his head. His legs were covered in a red rash, but there were no additional scars or bruises. It was also reported that his gums were bleeding, which are signs of Scurvy. It was reported that he would be admitted to the hospital for treatment of malnutrition.

On November 21, 2022, at 8:55 pm CPSI spoke with [redacted] regarding the DCS referral and allegations of physical abuse and nutritional neglect. He stated that he moved back to [redacted] in 2020 after the death of his wife, Hope [redacted] in 2019. He stated that he brought his boys to the hospital; after [redacted] started complaining about his leg hurting, he had been complaining for a week. But when he started having breathing issues earlier today, he got concerned and called the ambulance. He thought he was having a seizure and he was transported to the hospital. Mr. [redacted] reports the children only eat breakfast and dinner, not lunch. He stated they have always eaten that way. He stated that they like to eat oatmeal, waffles, rice, beans, chili, and different sandwiches. He stated they do not eat beef and pork. Mr. [redacted] stated the children have not been vaccinated from birth and he does not believe in having them vaccinated. He stated that he has been home-schooling them, teaching them Science, Math, English, and Scriptures from the Bible. He

lives his life by the standards of the Bible. He stated that the reason he feels that his sons are sick is because of the water they have been drinking lately. He states that they have been drinking Kool-Aid from water out of the tap. This is something that they usually don't do, they only drink water that is bottled. When asked about his daughter who died a few weeks ago, he stated that it happened suddenly, he took a nap that day. He had just passed by the room where they were playing, and she was sitting on the bed. About 9 pm he went to check on her and she was lying on her side, he asked her if she was in a deep sleep, and she did not respond. So, he reached over to touch her, and she was cold. He did CPR until the ambulance arrived, and then they worked on her, but she did not make it.

On November 21, 2022, at 10:26 pm CPSI [redacted] was able to speak with [redacted] later because when CPSI arrived, he was in the process of getting a blood transfusion. He was also underweight and being treated for malnutrition. He weighed in at 46.9 lbs. and his ideal weight should be 56.8 lbs. He was so underweight that he had to be admitted to ICU. When CPSI asked him about school, he stated that he has never been to school but he has been taught to read the scriptures only. He stated that he could not keep anything on his stomach, not even water. He does not remember the last time he had anything to eat that stayed on his stomach. He stated that every time he ate something, it would make his stomach hurt. It was reported that he also had Scurvy. He was complaining of leg pains as well when he was brought in for care, he could not walk, and it was so bad. He would not allow CPSI to pull the covers from him for observation. However, CPSI was able to see that his shoulder bones were sticking out and showing through his skin. His hair was matted all over his head and his face was very puffy.

November 28, 2022, The Child Advocacy Resource and Evaluation Services (CARES) Team with Lebonhuer Childrens Hospital completed consultant on [redacted] and [redacted] after they were admitted on November 22, 2023. The CARES consult states [redacted] presented with seizures, severe malnourishment, one month of leg pain, acute kidney injury, liver dysfunction, dehydration, skin rash, gum bleeding and hypertrophy, diffuse edema thought to be due to malnutrition/hypoalbuminemia, cardiac abnormalities, which could be due to scurvy/electrolyte abnormalities, possible cardiac thrombus, poor dentition including numerous caries, decreased cerebral (brain) volume loss thought to be due to malnutrition, vitamin D deficiency, and pericardial/pleural effusions. During this time, there is a concern about medical neglect, nutritional neglect, educational neglect, and dental neglect. Based upon the information available at this time, no medical pathology has been identified to account for his acute state, and there remain significant concerns for medical neglect, dental neglect, nutritional neglect, and educational neglect.

The CARES consult states [redacted] was evaluated for poor weight gain, severe malnourishment, gingival growths, poor dentition with numerous caries, lack of medical/dental care, bilateral leg pain, vitamin D deficiency with concerns for rickets and skin rash. At this time, there is concern for medical neglect, nutritional neglect, educational neglect, and dental neglect. Based on the information available at this time, no medical pathology has been identified to account for his acute state, and there remains significant concern for medical neglect, dental neglect, nutritional neglect, and educational neglect.

On February 9, 2023, Child victim [redacted] reported during his forensic interview that he went to the hospital/doctor because his brother [redacted] needed to go. He couldnt explain why. [redacted] did tell the interviewer that he had issues with his legs. He reported that they were hurting but didnt know why. The interviewer asked [redacted] about who took care of him, and he named his mother, father, and sister. He reported that his sister cooked for them. He talked about his father and mother using a black and brown belt to spank him in his hand. He was unable to tell the interviewer why he would receive spankings. [redacted] told the interviewer that their parents gave them medicine if they didnt feel well.

On February 9, 2023, Child victim [redacted] reported during his forensic interview that they had always been home-schooled. According to [redacted] their father took really good care of them after their mother passed. He reported that they always had food, and he denied his father physically disciplining them. He told the interviewer that they would have their devices taken away if they got in trouble for something but was unable to tell the interviewer what kind of things they did to get in trouble.

On February 23, 2023, the case on the siblings, [redacted] and [redacted] was presented to the Child Protective Investigative Team (CPIT). The allegation of education neglect was added, due to the children never being enrolled in school. The Team agreed with the classification Allegation Substantiated/Perpetrator Substantiated for the allegations of Nutritional Neglect and Educational Neglect. For the allegations of Physical Abuse, the Team agreed with the classification Allegation Unsubstantiated/Perpetrator Unsubstantiated.

On 6/6/23 [redacted] Cunning was indicted and charged with Aggravated child abuse -child U/6 and Aggravated child abuse.
On August 3, 2023, the autopsy was received on [redacted] The report states on October 25, 2022, an autopsy was completed on [redacted] by Dr. [redacted] M.D., [redacted] Regional Forensics Center. The autopsy reported the cause of death could not be determined and the manner of death could not be determined.

On October 26, 2023, CPSI [redacted] presented this cast to the [redacted] County Child Protective Investigative Team (CPIT). Present during CPIT was DCS Team Leader (TL) [redacted], Assistant District Attorney (ADA) [redacted], [redacted] Police Department ([redacted] PD), Lt. [redacted], [redacted] Child Advocacy Center (CAC) Director of Interagency Partnerships [redacted] and CAC Team Services Data Coordinator [redacted]. The team was in agreement that there is not a preponderance of evidence that supports the substantiation of the Abuse Death.
Per DCS Policy Work Aid 1 Section E:
Child Death is defined as:
a) Any child death caused by abuse or neglect.
b) Any unexplained death of a child when the cause of death is unknown or pending an autopsy report.
c) Any child death caused by abuse or neglect resulting from the parent or caretakers failure to stop another persons direct action that resulted in the death of the child. Child deaths are always treated as severe abuse.

During the course of the investigation, siblings [redacted] and [redacted] were placed in the custody of the Department of Children Services due to nutrient neglect, medical maltreatment, and educational neglect. The siblings are receiving services through foster care.
There is not a preponderance of evidence to support the allegation of Abuse Death. This case will be closed and classified as Allegation Unsubstantiated, Perpetrator Unsubstantiated for the Abuse Death of [redacted]

CPSI [redacted] interviewed the sibling, [redacted] (11) separately and in private in the nurse's office. CPSI introduced herself to [redacted] and explained that she needed to speak with him to see how everything was going at home. CPSI asked [redacted] what grade he is in and what his favorite subject is to build rapport. [redacted] reported that his favorite subject is Science, he is in the 5th grade, and he wants to invent stuff when he grows up. CPSI encouraged [redacted] to invent whatever it is that he wants to invent because the world is always evolving.

CPSI asked [redacted] who lives in the home with him, and he stated, "My sister, my brother, and my nephew". [redacted] stated his sister's name is [redacted] CPSI asked [redacted] what happens at home when he or his brother gets in trouble and [redacted] stated "We have to go to the corner, get write-offs, or if we do something really bad, she will whoop us, but she stopped doing that". CPSI asked [redacted] what would [redacted] whoop them with and he stated, "A belt in our hand". [redacted] stated, "My nephew finds a way to get me in trouble and my brother eggs it on".

[redacted] denied any physical abuse and reported that he does not remember the last time he or his brother was whooped with a belt. CPSI did not observe any marks, bruises, or injuries on [redacted]

CPSI asked [redacted] if he feels safe at home with his sister and at school and he said yes. CPSI asked [redacted] if there was anything he wanted to talk about and he said no. CPSI thanked [redacted] for his time. [redacted] was dressed appropriately for the weather, wearing a brown pullover, brown pants, and Nike shoes.

Child victim [redacted] reported during his forensic interview that he went to the hospital/doctor because his brother [redacted] needed to go. He couldnt really explain why. [redacted] did tell the interviewer that he had issues with his legs. He reported that they were hurting but didnt know why. Interviewer asked [redacted] about who took care of him and he named his mother, father and sister. He reported that his sister cooked for them. He talked about his father and mother using a black and brown belt to spank him in his hand. He was unable to tell the interviewer why he would receive spankings. [redacted] told the interviewer that their parents gave them medicine if they didnt feel well.

Child victim [redacted] reported during his forensic interview that they had always been home schooled. According to [redacted] their father took really good care of them after their mother passed. He reported that they always had food, he denied his father physically disciplining them. He told the interviewer that they would have their devices taken away if they got in trouble for something but was unable to tell the interviewer what kind of things they did to get in trouble.

CPSI spoke with [redacted] regarding the referral DCS received. [redacted] stated that he was seven years old and has never been to school. When asked about what he had been eating for meals, he stated that he did not know. He also did not respond to any questions regarding his sister and how she died. He was not very talkative or forth coming with his answers.When CPSI arrived, he was receiving an IV for fluid intake. It was reported that he was underweight for his age. He weighed in at 34.8 lbs, his ideal weight should be 50.6 lbs. He stated that his legs were hurting, but did not know what happened to cause the pain. He was observed wearing a green printed hospital gown, with yellow socks. His lips were very dry and his hair was matted all over his head. His legs were covered in a red rash, but there were no additional scars or bruises. It was also reported that his gums were bleeding, which are signs of Scurvy. It was reported that he would be admitted to the hospital for treatment of malnutrition.

[redacted]
10:26 pm CPSI was able to speak with [redacted] later because when CPSI arrived, he was in the process of getting a blood transfusion. He was also underweight nd being treated for malnutrition. He weighed in at 46.9 lbs and his ideal weight should be 56.8 lbs. He was so underweight that he had to be admitted to ICU. When CPSI asked him about school, he stated that he has never been to school but he has been taught to read the scriptures only. He stated that he could not keep anything on his stomach, not even water. He does not remember the last time he had anything to eat that stayed on his stomach. He stated that every time he ate something, it would make his stomach hurt. It was reported that he also had Scurvy. He was complaining of leg pains as well when he was brought in for care, he could not walk, it was so bad. He would not allow CPSI to pull the covers from him for observation. But, CPSI was able to see that his shoulder bones were sticking out and showing through his skin. His hair was matted all over his head and his face was very puffy.

The Abuse Death investigation regarding Alleged Child Victim (ACV) [redacted] was debriefed with Case Manager (CM) [redacted] and Team Leader (TL) [redacted] Also present was Team Coordinator (TC) [redacted], CPS Director (CPSD) [redacted], and Director of Critical Incident Support (DCIS) [redacted].

The CPS investigation was assigned on 11/9/22 concerning the death of ACV [redacted] (15yo). It was reported [redacted] resided with her birth father [redacted] and two siblings [redacted] 7yo and [redacted] 9yo] in [redacted] County. The birth mother of [redacted] is reportedly deceased.

On 10/25/22 the father reportedly called 911 from the family home at approximately 12:03am regarding finding [redacted] unresponsive. EMS and LE responded to the scene, CPR was performed, and [redacted] was pronounced deceased at 12:25am. Cause of death at this time is unknown and autopsy is pending.

The father reported he went to bed around 8pm and the children went to be around 9pm. At 10pm the father reported he went upstairs and walked by where [redacted] was sleeping, and she did not say anything to him which was unusual. At 11:45pm the father stated he went to go back downstairs and again passed by [redacted] and called out to her, but she didnt respond. He then went over to her and shook her with no response, which is when he called 911. The father stated [redacted] had no medical concerns to his knowledge other than bruising to her foot that extended to calf that happened 10 months ago from dropping a Listerine bottle on her foot. This bruising has not been mentioned by the ME to the CMs knowledge to date. The father stated [redacted] had complained of shortness of breath on 10/24/22 before going to bed. He felt her pulse and stated it felt fast and he told her to breathe in and out through her nose. The father stated he did not seek medical attention for [redacted] because she seemed fine to him.

The other children in the home were observe by the CM with no immediate concerns; however, when asked basic questions they would state they were unsure how to answer them and were not allowed to be interviewed

outside of the fathers presence. The family moved to from California to Tennessee in 2020. Child welfare Hx and criminal Hx from California is unknown currently. CM spoke with an adult daughter of the father [redacted] who reported she had not seen the siblings in 3 years and that they were home schooled. Circumstances around the mothers death in California are unknown, other than the adult sibling stated she believed she had an issue regarding shortness of breath before passing away as well and asthma may run in the family. The fathers culture is Hebrew Israelite and he was minimally cooperative during the contact with the CM. The leasing office has reported the father will rarely come to the door. No mental health or substance issues are known and the family has no history with the Department.

Next Steps:
-- CM will request current incident medical records. Records will be reviewed and uploaded to TFACTS. If
-- CM will request all interviews and information/evidence collected by LE within their investigation and review, summarize, and upload what is shared to TFACTS.
-- CM will schedule FI for the siblings.
-- CM will continue efforts to contact and engage an uncle for collateral contact.
-- CM will request criminal and child welfare records for father in California and TN.
-- CM will document and upload autopsy into TFACTS once received.
-- CM will complete Closing FAST prior to case closure.
-- CM will present findings to the Child Protective Investigative Team (CPIT) for classification review.

Employee Assistance Program (EAP) information and supervisory support was discussed with involved staff.

On 10/25/22 the Department received a referral alleging Abuse Death. The victim was listed as [redacted] and the alleged perpetrator was listed as [redacted] The referral states On October 25, 2022, at 12:03a.m., law enforcement responded to an ambulance call regarding a fifteen-year-old black female juvenile being unresponsive. Officers made the scene at 12:09a.m. When law enforcement arrived, they observed EMS performing CPR on [redacted] time of death was called at 12:25a.m. on October 25, 2022. Once the time of death was called, Crime Scene investigators were called to the home to take photos. Law enforcement spoke with the father, [redacted] He said he went to bed at around 8:00p.m. on October 24, 2022, and the children went to bed at around 9:00p.m. [redacted] said he got up at around 10:00p.m. to go to upstairs and when he walked by [redacted] she did not say anything to him. He said normally [redacted] will speak to him, and he thought it was unusual that she did not say anything to him. [redacted] stated he went back downstairs at around 11:45p.m. and when he walked by [redacted] again to go back upstairs he called out to [redacted] and she did not say anything to him. He said he went over to her and kind of shook her, and she did not respond. [redacted] called 911 at this point. [redacted] was asked if [redacted] had any medical history and he said, no, she had really bad bruising on her foot which extends up to her left calf that happened ten months ago. [redacted] said [redacted] dropped a Listerine bottle on her foot and sustained the bruising. It is unknown if she was cut when she dropped the bottle on her leg. [redacted] said the only thing he gave her was Advil. He said he found out about the bruising eight months ago. He said [redacted] did not complain to him about the bruising until eight months ago and that is when he observed it. [redacted] was asked why he did not get medical treatment for [redacted] and he replied, he was praying for her. He said [redacted] had been complaining of shortness of breath for a while since the bruising happened. [redacted] said [redacted] complained of shortness of breath on October 24, 2022, before they went to bed. He said he felt her pulse and compared it to his and her pulse felt fast, but he told her to breathe in and out through her nose. [redacted] said he did not think to take [redacted] to a doctor because she seemed physically fine. This is all [redacted] has reported. [redacted] body has been taken to the medical examiner. It is unknown if she will have an autopsy. The cause of death is unknown at this time. Law enforcement does not suspect any foul play at the time of the call to the hotline. There is no arrest planned at this time. It is unknown if the children have any special needs or disabilities. The other two children, [redacted] and [redacted] are in the home with [redacted] They have not been spoken to by law enforcement. They have been observed by law
