# Tennessee Department of Children's Services
## Tennessee Child Abuse Hotline Summary

Open CPS: No
Substantiated: No
Death: No
Screen Outs: No

History (not listed above): No

County of Jurisdiction: [redacted]
School/ Daycare: At the facility
Active Military: Unknown

Reporter's Name/Relationship: [redacted]

-Child/Family Identification and Relationship Introduction Paragraph:
[redacted] (17) is a resident at [redacted] Center in [redacted] County. It is believed that she has been at the center for about two months. She is in the custody of the State of Illinois. [redacted] is a supervisor at the Illinois Department of Child and Family Services; the Guardianship Administrator is [redacted]. Her mother, [redacted] lives in Illinois.

-Are you requesting immediate assistance from DCS to your location, or only an immediate phone call?
No, Immediate Assistance is not being requested.

-Please provide a brief summary of the concerns and why DCS is needed to respond immediately.
On Thursday, 11/16/2023, [redacted] was involved in an "aggressive incident" at [redacted] Center which caused her to be placed in a "physical restraint" by staff, Unknown. [redacted] became non-responsive so EMS was contacted. Upon arrival, EMS initiated CPR. [redacted] was transported via EMS to the [redacted] Hospital emergency room with CPR in progress. [redacted] went into cardiac arrest and was placed on a ventilator. [redacted] was then transported to the [redacted] Hospital ICU. [redacted] was tested for drugs and alcohol; the results were negative. [redacted] was put on a "strong medication" to make her heart beat.

This is "very likely a near death" situation for [redacted] who is "likely terminal." She is currently intubated and is unresponsive. She has had a cardiac catheter; however, nothing related to her heart was found. She remained unresponsive during the CT scan. If the scan shows "brain death" they will remove the tube that is keeping her breathing.

There is no additional information regarding the restraint. During the initial assessment it was reported that there were no marks on [redacted] neck and no hemorrhage on her head. There are three "marks" on her right abdomen that the nurses described as "three small dots". The origin of these marks is unknown.

The [redacted] Police Department was called to the center and performed a review of the cameras. Reportedly there are no concerns with the restraint that was done to [redacted] The police department has been to the ICU and are closely monitoring the situation. It is unknown who from the police department is investigating the matter. The police are not currently at the hospital. The contacts in Illinois are aware of the situation. [redacted] is in route to the hospital. Mr. [redacted] has requested the intake number from the CPS report; this will be provided. [redacted] Director [redacted] has been in contact with the hospital.

-Are there any concerns for the safety of a Department of Children's Services Case Manager responding to the child's home?
No

-Anything additional to add to this initial report for the responding worker to know prior to response?
No

Closing Case Summary Part 2

[redacted] stated when we got to the Health Department everything was ok. She became irritated because we had to do a safety sweep of the restroom. We did a safety sweep of the bathroom we asked for her hoodie and told her to pop her bra. She got irritated and slammed the door and was cursing. The Manager on Duty was called to come for assistance. The Manager on Duty was told that she was showing unsafe behaviors. We were asked to keep her in a room, but she moved to another room. She was very irritated and anxious because she said we told the nurse she was trying to run. Three managers came and she was still irritated. They had me and Ms. [redacted] go to the front. We heard commotion and banging and ran back there. Security was there as well. She in a restraint with 4 people. She was screaming and pushing them into the filing cabinets, but I didnt see them choking her. Security put handcuffs on her during the restraint. The manager was telling them to take the cuffs. I was told to go back to [redacted] and was later told about the stuff that happened. They were still at the Health Department when I arrived at [redacted] I went back to the Teacher Counselor office because I had a panic attack in the van. I didnt go back to the lobby until my break, but everything had cleared by then.

[redacted] knows [redacted] as [redacted] She stated she saw [redacted] when she was leaving for transport. She stated she seem ok. She stated Ms. [redacted] and another female staff transported [redacted] to the health department. She stated the manager on duty received a call stating [redacted] was refusing to set expectations and staff was having trouble with her at the health department. Another supervisor left and arrived at the health department to assist. Staff returned to the campus without [redacted] who was being transported by the police. She arrived back to campus with the police, and she was not displaying any issues. She stated when [redacted] got inside Mr. [redacted] was at her left and Mr. [redacted] was at her right. [redacted] swung at both staff members, and she hit Mr. [redacted] him in the face. Mr. [redacted] was hit too. 8 staff members were present. She stated [redacted] was observed moving during the restraint. She was able to pull staff from the middle of the lobby and they stopped in the corner. Mr. [redacted] was swapped out because he was hit, and another staff assisted. Mr. [redacted] was eventually swapped out. She stated Ms. [redacted] held [redacted] legs to prevent her from kicking. She stated the restraint lasted for 25-26 minutes. She stated [redacted] went from moving/talking to grunting. She began wheezing and nursing checked her pulse. She was laid on the ground and they began using ammonia tabs to get her to respond. Ms. [redacted] called 911 at 12:26 pm from the front desk phone. She stated it took the ambulance 6 minutes to arrive. Nursing performed CPR and sent someone to get the AED kit. She is unsure if they used the kit. Once EMS arrived, they took over efforts to

| Case Status: | Close | Organization: | [redacted] Region |

revive her. They used a machine to attempt to revive her, they checked her pulse, and they intubated her. She stated they performed life saving measures for 10-12 minutes.

[redacted] stated she didnt know who [redacted] was. She stated I was walking to the front, and she was placed in a therapeutic Team Control. I stepped in and assisted with her leg as she was trying to walk through and get out of the restraint. I was asked to check on [redacted] who had stepped outside. When I came back in, I was asked to go back to the courtyard to make sure things were ok because most people were in the front. I only saw the restraint during the Team Control when she was leaning forward. She was being aggressive toward staff trying to bite staff. I didnt see that view but to my knowledge she had already bit other staff.

[redacted] stated she was in consult and heard noise in the lobby. She stated I left the conference room and went to the lobby. She was already in the restraint. I asked if nursing had been contacted and was told no. I called nursing and nursing came. She was still in a restraint, but she was moving, resisting, and wiggling. Staff swapped out but I dont know how many swapped out. Nursing was doing their thing, and they sat her on her bottom on the floor. Nursing checked her and started compressions. I was in and out of the lobby checking on other youth. For the most part there are not many restraints in the lobby but there are no restrictions on where restraints can occur. I didnt hear her say anything but more of grunting sounds. I couldnt see her face.

[redacted] stated Ms. [redacted] called about what was going on at the Health Department. She stated, I gave them directions to return to the building. I told them not to put handcuffs on her. I had a team meet them at the building in case she was still in crisis. This is typical when youth are escalated in the community. Whoever is available in Leadership, Program Managers, Supervisors and auxiliary staff (unit staff and direct care staff) assisted with this. I arrived about 10 minutes remaining in the restraint. She was in a Team Control when I arrived. It looked like a standard team control. Nursing was talking to her and flashing a light in her face. She was put in a seated and thats when I tried to talk to her, but she wasnt saying anything. I dont remember her saying anything. I didnt join in the hold in that I typically dont. The momentum of the youth is where they go. The object of a team control is to not put the youth on the floor. All staff were in the proper positions. The front desk called 911 and paramedics arrived within 2-3 minutes.

[redacted] stated earlier that day nursing was called on the radio and I went to see if everything was ok. She asked if we could talk in private about her female issues. She wasnt off task and was very coherent having an intelligent conversation. Nurse [redacted] told me that she was scheduled for an appointment at the Health Department that day for irregular bleeding and cramping. Later that day I was in the clinic because the Mental Health Doctor was present with the kids in the clinic. Nurse [redacted] went to the call first. Nurse [redacted] then came and got me for assistance. I grabbed the pulse oximeter and the blood pressure machine and took off running. When I got there, she was sitting against the door with her eyes closed. Staff were still around her and one staff was still holding her wrist. I asked staff to move so I could get closer to her. I put the pulse oximeter on her finger and the blood pressure cup on. Nurse [redacted] broke the ammonia packet and put it under her nose, and she didnt flinch. We started saying her name. I checked for a pulse, didnt feel anything and CPR was started. We did sternum rubs, with no response. We did CPR with the AED until EMT arrived. We also used the rescue bag until the Ambu Bag arrived. I asked what happened, but no one would answer me.

[redacted] stated as soon as I walked in the door. I saw there was a situation. Manager on Duty, [redacted] asked me to assist. I clocked in and came back out into the lobby. The only thing I did was hold her head up because she was trying to struggle. She was trying to drop her body weight and flip over. I was holding her head (described as one hand on the forehead and one hand on the back of the head) during the hold. She was in a Team Control and was trying to bite staff and drop her body weight. I didnt hear her say anything. After about 5 minutes someone switched out with me, and I was told to go to [redacted]

[redacted] stated she came in the police car, and they walked her in the building. Staff tried to get her concerns, and I guess she was upset and hit one of the staff. Then we followed protocol and went hands on. I was the support to help get her in the restraint. I switched with staff. I was only present for a few minutes and left to answer crisis calls around the building. I came back into the lobby to ask questions about another crisis in the building, but I didnt return to that restraint. She was kicking and screaming because she was upset. Her fighting caused the movement in the lobby. She was in a Team Control and there can be up to 5 people in the hold, depending on aggression levels of the kid. It is not unusual to move if the youth is struggling.

A request was made for the [redacted] Cares Team Physician Dr. [redacted] to review the medical records for

[redacted] "[redacted] Per Dr [redacted] "Attached is my completed report with my medical impressions on [redacted] Summary: "I do not think that the patient suffered an actual subarachnoid hemorrhage (SAH) as previously reported on CT scan. I think she has what's called "pseudo SAH" which means her brain looked like it had hemorrhage, but it really didn't. Instead, the bright stuff radiologists were seeing on CT and thought was blood, was an artifact created by her severe anoxic brain injury from being without circulation/oxygenation for over 45 minutes. The medical examiner also did not note blood on her brain, which again would support that [redacted] likely did not suffer a brain bleed. And remember- autopsy is gold standard for identifying gross brain hemorrhage. See my note for details. My final impression is that while [redacted] cause and manner of death remains unknown, I do not think her death was a result of trauma".
An autopsy was completed on [redacted] on November 21, 2023, at the [redacted] Tennessee Regional Forensic Center by [redacted], M.D. Assistant Medical Examiner and [redacted], M.D. Forensic Pathology Fellow in [redacted] TN. The cause of death is listed as "Complications of restraint with a contributing factor of asthma Manner Undetermined.
On October 31, 2024, Assistant District Attorney [redacted] stated the district attorneys office will be prosecuting [redacted] will be charged with aggravated child abuse, aggravated child neglect, and reckless homicide. The other three will be facilitation of each of those charges. Indictments will be issued.
The case was presented to [redacted] County Child Protective Investigative Team (CPIT) on December 12, 2024. Those in attendance were [redacted] Special Investigations Team Leader, [redacted] Child Advocacy Center, 2nd Lt. [redacted] Police Department, [redacted], and [redacted] Assistant District Attorney.
The team agreed with the classification of Allegation Substantiated Perpetrator Substantiated.
DCS policy Work Aid 1 (E) defines the following criteria for Physical Abuse:
Any non-accidental physical injury or trauma that could cause injury inflicted by a parent, caretaker, relative or any other person who is responsible for the care, supervision or treatment of the child. Physical abuse also includes, but is not limited to:
a) A parent or caretakers failure to protect a child from another person who perpetrated physical abuse on a child;
b) Injuries, marks and/or bruising that go beyond temporary redness or are in excess of age appropriate corporal punishment. (e.g., a bruise, broken bone, cut, burn);
c) Violent behavior by the parent or caretaker that demonstrates a disregard for the presence of a child and could reasonably result in serious injury (e.g., domestic violence). Striking (hitting, kicking, punching, slapping, etc.) a child in such a way that would result in internal injury. Munchausen by Proxy Syndrome could be considered physical abuse or psychological abuse. NOTE: Physical abuse should not be confused with developmentally appropriate, discipline-related marks and bruises on the buttocks or legs of children six (6) years of age and older when there are no developmental or physical delays, past history of abuse or recent (within the past year) screened-out reports. NOTE: In its most severe form, physical abuse is likely to cause serious bodily injury or death

Child death is defined as:
a) Any child death caused by abuse or neglect.
b) Any unexplained death of a child when the cause of death is unknown or pending an autopsy report.
c) Any child death caused by abuse or neglect resulting from the parent or caretakers failure to stop another persons direct action that resulted in the death of the child. Child deaths are always treated as severe abuse.
The is preponderance of the evidence to support the allegation of Physical Abuse and Abuse Death. The case will be closed and classified Allegation Substantiated, Perpetrator Substantiated.

Closing Case Summary
The Department of Children's Services (DCS) Special Investigations Unit (SIU) received a referral on November 17, 2023, with an allegation of Severe Physical Abuse (Preliminary Near Death), regarding non-custodial alleged child victim (ACV) [redacted] DOB: [redacted], who was placed at [redacted] Center for Girls. On November 18, 2023, Dr. [redacted] confirmed brain death at 1715 hours. On November 20, 2023, [redacted] died as a result of the incident and the allegation of Abuse Death was added. It was reported [redacted] was in the state custody of Illinois DCFS and placed with [redacted] Center RTC in Tennessee through ICPC in mid-September 2023. It was additionally reported [redacted] was not in Illinois state custody due to abuse/neglect concerns but for service provision, and the mother [redacted] was actively involved in her life.
The alleged perpetrator was listed as Unknown but was later identified as [redacted] and [redacted]
On Thursday, November 16, 2023, [redacted] was involved in an aggressive incident at the [redacted] Center which caused her to be placed in a physical restraint by staff, Unknown. [redacted] became non-responsive, so EMS was contacted. Upon arrival, EMS initiated CPR. [redacted] was transported via EMS to the [redacted] Hospital emergency room with CPR in progress. [redacted] went into cardiac arrest and was placed on a ventilator. [redacted] was then transported to the [redacted] Hospital ICU. She is currently intubated and is unresponsive. She has had a cardiac catheter; however, nothing related to her heart was found. She remained unresponsive during the CT scan. If the scan shows brain death they will remove the tube that is keeping her breathing. There is no additional information regarding the restraint. During the initial assessment it was reported that there were no marks on [redacted] neck and no hemorrhage on her head. There are three marks on her right abdomen that the nurses described as three small dots. The origin of these marks is unknown.
Investigators involved in the case were: Detective [redacted] ([redacted] Police Department), Case Manager (CM) [redacted] and Team Leader (TL) [redacted] Executive Director [redacted], TL [redacted], Team Coordinator (TC) [redacted], CPS Director (CPSD) [redacted].

Interviews were conducted with the following individuals during the course of the investigation:

Case Manager (CM) [redacted] did not report any prior concerns with [redacted] placement at [redacted] Center. CM [redacted] stated that mother, [redacted] had informed [redacted] staff that October and November were trauma months for [redacted] due to a history of sexual abuse (rape) and the child should not receive pelvic exams during that time. CM [redacted] stated that according to reports made to her [redacted] was at an OBGYN exam and that is when she lost it, and the original restraint occurred. She was then taken back to [redacted] and another restraint occurred. CM [redacted] stated she received a call from [redacted] Police Department on November 16, 2023, at approximately 12:57pm. CM [redacted] stated she returned the call at approximately 3:15pm on November16, 2023. CM [redacted] stated she was not notified of the incident by [redacted] until November 17, 2023. CM [redacted] reported [redacted] having a medical diagnosis of Asthma.
[redacted] stated as of Saturday November 18, 2023, [redacted] was unresponsive and is on a ventilator. She stated [redacted] mother arrived in Tennessee on Friday November 17, 2023.
[redacted] stated [redacted] is referred to as [redacted] and she was placed in Tennessee because they could not locate a placement for her in Illinois. She was placed at [redacted] Center on September 8, 2023. She has a history of aggressive behaviors (physical/verbal, running away) she was placed in their departments custody on December 2, 2020. She has had multiple placements and no known health issues. Since her placement he stated he has not received any reports of her being restrained.
[redacted] stated [redacted] was declared brain dead on Saturday November18, 2023. She stated the mother arrived to at the hospital over the weekend and they have discussed next steps with her. She stated the family has decided to remove

[redacted] from the ventilator and this will occur today.
[redacted] stated she received a call at 12:16pm on Friday November 17, 2023, from a nurse at the hospital. She stated the nurse stated they have her daughter at the hospital, and she has been intubated. She stated she and her family (Husband [redacted] and Sister [redacted] arrived in [redacted] at 6:45pm. She states a worker from [redacted] was sitting with [redacted] She stated she asked the worker what happened, but the worker stated she did not know. She stated another worker (therapist) told her [redacted] was antsy because she was being taken for a pelvic exam. Ms. [redacted] stated she did not understand why she was being taken for an exam. She stated October-November are [redacted] trauma months. Anything like pumpkins or clowns can trigger her. She stated [redacted] therapist stated if she had known about the appointment, she would have told them it was not a good time. She stated [redacted] has been wetting the bed, she has nightmares and must sleep with a weighted blanket. She stated when she is antsy, she does not like being touched. She stated she has PTSD, and she suffers from manic depression. She was on medication. She stated she was informed [redacted] was restrained while she was at the appointment and the police had to be called. She stated it was reported that [redacted] started to fight staff. Ms. [redacted] stated her daughter can became aggressive she will curse, and her words can "cut you like a knife". She stated she will go back and forth during a confrontation. She stated [redacted] has been at [redacted] for 2 months and 8 days. She stated she observed bruises and scratches on her shoulder, arms, and legs. She stated the doctor in the ICU stated for there to be a bleed on the brain she had to be hit in the head. She reports she was informed [redacted] was without oxygen for 45 minutes while at the campus. She was transported to [redacted] Hospital then to [redacted]. She reports the doctor stated they might have been able to save her if she had gone 2 minutes without oxygen and that [redacted] died at the facility. Ms. [redacted] reports her daughter was beaten. On Saturday night doctors stated she was 100% unresponsive and declared it was a brain death. They removed her from the ventilator at 11:39am. Her body will be returned to Illinois. The family reports they were not informed of any restraints or fights. They stated they have heard the staff at the facility are inconsiderate and they break kids arms. [redacted] was reportedly healthy. She has active asthma, and she uses an inhaler as needed. Ms. [redacted] stated [redacted] was placed in custody in 2020. She was placed at a group home called [redacted] November 10, 2020. She went to a placement in Michigan for 2 months then returned to [redacted] before being sent to Tennessee. She stated [redacted] was sexually assault during her second stay at the group home-[redacted]. Ms. [redacted] stated she was told [redacted] is good place and if she does well, she would be stepped down. Ms. [redacted] stated she received a text on November 16, 2023, from the caseworker stating when you get a chance call me its about [redacted] She stated that was a normal text she received. she stated she did not know anything until Friday November 16, 2023, when DCFS in Illinois came to her home.
[redacted] stated Ms. [redacted] stated on November 16, 2023, she received word that [redacted] attacked staff during a transport. She stated [redacted] attacked [redacted] and [redacted] Ms. [redacted] was not present during the incident or during the transport. She stated once staff returned to the campus, [redacted] was walking into the building. She was observed hitting Mr. [redacted] in the face (eye) and a restraint was initiated. She was placed in a team control restraint and there were 8-9 staff present. Ms. [redacted] stated as they were initiating the restraint that is when she walked in. She stated the restraint lasted 30 minutes. She stated [redacted] was kicking and dropping her weight. She stated she really could not tell if she dropped her weight. She stated additional staff came to assist. Nursing was called when staff initiated the restraint. Ms. [redacted] recalled someone leaving to go get an ammonia packet because her name was being called and [redacted] appeared to be unresponsive. Ms. [redacted] stated as the manager on duty her job is to observe/assist in the restraint. She stated she went hands on at one point and stated staff had to switch out but does not recall who which out with whom. Ms. [redacted] stated she left before nursing returned. She stated she left to go put something in the office. She stated 911 was called because [redacted] was not responding. The nurse administering CPR until the ambulance arrived. She stated they arrived in 2-3 minutes. She stated 1- 2 staff went to the hospital. She stated the restraint occurred on Thursday November 16, 2023.
[redacted] stated she walked in the building during the restraint. She stated I clocked in and went to see if they needed assistance. Staff [redacted] asked me to switch out with her. I was in the restraint for 5 minutes and I got tired. I asked staff [redacted] to switch out with me. I stood in the lobby as the hold continued. She was placed in a Team Control. (Ms. [redacted] stood and demonstrated staff positions during a Team Control). Staff are on each of the youths arms as the youths arms are wrapped around the staffs mid-section (stomach). She was trying to get out of the restraint. She was making grunting/growling sounds as she was trying to get out of the restraint. I didnt notice anything different from any other Team Control. I was observing and present during the time Nursing intervened. I was present when the nurse asked

Case Status: Close Organization: [redacted] Region

for an ammonia packet, checked for a pulse and called 911. I was present when the ambulance arrived. During the hold, there were staff ([redacted] and [redacted] holding her head to prevent her from biting staff, as this is common because the youth will try to bite staff.

[redacted] stated when I got there the Manager on Duty (MOD) told me to hold the building down because they had to leave to go get her from the Health Department. I was in the front when the police brought her back to [redacted] Center. We were about to walk her back to the courtyard when she hit Mr. [redacted] in the eye. She was cursing, and we went hands on. She was kicking, fighting, and trying to bite and spit. She was moving and was not letting us grab her. We were tussling for a minute. We asked for a supervisor and tried to place her in a Team Control. She continued to kick, bite and spit. We had her arms wrapped around our stomach as staff held both of her arms. Staff were holding her head on the front and back. I switched out after about 10 minutes; I dont remember who switched out with me because she was still fighting. I was in and out of the lobby because I was still responding to calls on the courtyard. When I came back in the lobby, she was in a seated position, and I saw her head up. I sat in another area in the lobby. I dont remember her saying anything.

[redacted] stated she arrived at the restraint 21-25 minutes after the restraint was initiated. She stated [redacted] was in a team control restraint. She stated staff were about to disengage and [redacted] was observed slipping down and slumping downwards. She stated nursing asked her if she was ok. There was no response. Staff was sent to go get an ammonia packet. Nurse [redacted] began CPR and Nurse [redacted] took over. She stated Mr. [redacted] and Mr. [redacted] were involved in the restraint when she was present. She stated after they noticed she was slumping downward nursing took over and was talking to [redacted] She stated Ms. [redacted] and Ms. [redacted] were trying to stabilize her head. She stated Ms. [redacted] was switched out because she is pregnant. She stated 911 was called and staff assisted with getting the necessary equipment. The ambulance arrived 5-6 minutes later.

[redacted] stated, On Thursday November 16, 2023, I was called to go with the supervisor to assist because she was aggressive and off task when she went to the Health Department. She was aggressive and tried to fight staff. Ive never seen her like that before, she even bit me. We were inside of the medical room, and she refused to follow staff expectations. She attacked Ms. [redacted] Ms. [redacted] Mr. [redacted] me and a couple of the medical examiners. The Health Department security was standing in the door. We got her to reduce tension and placed her in a team restraint. The police came and escorted her to [redacted] She was initially rude/cursing toward police, but she was not physically aggressive toward them. When we returned to [redacted] Center, I heard a lot of hollering. When I came inside of the building, she was trying to fight staff, and they put her in a restraint. I observed the restraint for about 3-4 minutes, and I left to get my arm treated by nursing. When I came back into the lobby the police and paramedics were present.

[redacted] stated [redacted] had an appointment at the [redacted] County Health Department located at [redacted]. She stated she received a call stating [redacted] was refusing to pop. She stated kids must pop after staff completes a safety sweep. Staff went to into the bathroom to do a safety sweep. [redacted] refused to pop her bra, pants pockets, and pant leg for staff. She stated staff at the health department was not aware of their protocols and told [redacted] she did not have to listen to staffs directions. She stated [redacted] became rowdy. She stated she instructed staff to bring [redacted] back to campus. She stated [redacted] was in the exam room and she was making verbal threats towards staff who were posted at the door. She stated [redacted] consented to treatment, but she refused to pop. She stated [redacted] did not want staff by the door. She stated [redacted] staff spoke with the Health Department staff. She stated the health department staff went back and told the [redacted] they stated she was going to run. She stated [redacted] was telling staff to get away and was verbally threatening staff. She instructed Ms. [redacted] and Ms. [redacted] to move away from the door. She stated security was called and staff was going back and forth with [redacted] She stated was staff was talking to [redacted] and [redacted] became aggressive. She stated [redacted] and [redacted] were in the door. Ms. [redacted] stated [redacted] bit her on the arm, pulled her hair, and was striking/hitting all three of them. She stated security at the health department intervened. She stated [redacted] and [redacted] intervened. [redacted] began biting [redacted] and [redacted] was bitten on the leg and [redacted] pulled [redacted] hair out. She stated security attempted to reach for their weapon and she told them no. Security at the health department hand cuffed [redacted] The [redacted] Police Department ([redacted] PD) were called and attempted to transport her downtown. [redacted] calmed down and the hand cuffs were taken off. [redacted] PD was asked to transport [redacted] back to campus, because the vans do not have a security gate, and she was still escalated. Ms. [redacted] stated the Manager on Duty was notified before they left the health department. She stated once they arrived back to campus, [redacted] never reached tension reduction she cursed the police out. She stated [redacted] walked into the building and she started striking [redacted] and hit him in the face. She was placed into a team control restraint. Mr. [redacted] and Mr. [redacted] put [redacted] into a restraint. She reports the restraint lasted 20 minutes and [redacted]

## Tennessee Department of Children's Services

## Case Recording Summary

Case Id: [redacted] Case Name: [redacted]

Case Status: Close Organization: [redacted] Region

was fighting the entire time. Nursing was accessing her during the restraint. She reached tension and staff was talking to her. She was placed in seated restraint after going into a seated position. She appeared to be unresponsive. Nurse [redacted] called her name. Nurse [redacted] was also present. Staff was told to lay her down and CPR was administrated. Staff was told to get the AED machine. 911 was called by the counselor or the front desk clerk. Nursing administered CPR unit EMS arrived. The AED machine was not used. Staff member Ms. [redacted] went to hospital with [redacted] Mr. [redacted] and Mr. [redacted] initiated the restraint. [redacted] was present but did not restrain [redacted]

[redacted] stated I was called for nursing due to a restraint up front. I went to observe the hold. There was a lot of twisting, wrestling from her and staff switched out due to them being tired and needing to reposition. It was a normal physical hold. She was trying to twist her body to slide out. They were turned around and I got down so I could see her head. There were 2 staff at her head and initially I was at the back of the restraint because she was facing the door. She was grunting and that is what we typically hear when the youth are moving and twisting. I felt like I couldnt see her head well enough so I had staff to move so I could see her head. I had staff sit her down because I could not see well enough. I remember her eyes were closed, she didnt open her eyes and didnt respond to my voice. I ran to the back to get the ammonia packet. When I returned the finger pulse oximeter was placed on her finger and I began sternum rubs. She was unresponsive to the sternum rubs and I had staff lay her down to check for a pulse and I started CPR. I asked for an Ambu bag and the AED machine. The paramedics came and took over.

[redacted] stated she observed the police escorting [redacted] into the building. There were 7-8 people. The police walked [redacted] into the building without incident. The police left. A struggle ensured. They ended up in the corner. When asked how they ended up in the corner she stated [redacted] was struggling and staff must go with the momentum of the child. They ended up in the corner. Ms. [redacted] stated she stood in front of the wall to prevent [redacted] from hitting the wall. She stated she acted as a buffer. She stated her back was to restraint. [redacted] was twisting her head and Mr. [redacted] was holding her head saying dont bite. She stated [redacted] was screaming, I am not trying to bite. She stated [redacted] head was turning towards her arms. Ms. [redacted] stated she became support staff and began monitoring the restraint. She stated when staff released [redacted] she said it was not good. She stated nursing told staff to go get the bag. Ms. [redacted] explained that she had never seen an incident like this before and she was used to seeing movement after a restraint. She stated she heard staff say [redacted] head was struggling. She stated she has never seen nursing do the knuckle thing or go get the bag. She stated [redacted] was laid out. She stated she did not hear [redacted] say she could not breathe. She stated she [redacted] was never released from the restraint until nursing began administering aid. She stated nursing used an ammonia pack. She stated [redacted] did not respond and nursing called her name and shook her. Nursing did chest rubs, and CPR was administered. Ms. [redacted] stated [redacted] did not hit her head. Ms. [redacted] was asked how long the restraint lasted and she stated "it felt like an eternity" but estimates between 20-25 minutes.

[redacted] stated I went to the Health Department because I got a call saying she was fighting. I arrived at the Health Department at the same time as the police. The police tried to take her to jail, and I asked that they release her to us. She got into the patrol car with no problems. She was not handcuffed. The police transported her to our facility. When I arrived at the [redacted] Center, we walked through the doors and was told to take her to the courtyard to the Safe Room. She refused and thats when she hit [redacted] and we placed her in a restraint. During a Team Control we go with the momentum of the youth while they are forward facing with their feet on the ground. The initial contact started by the chairs, and she tried to use her power to walk through us. We finally got her stabilized and I was on her left side. I do not remember who switched out with me, but I returned approximately 10 minutes later. She was trying to kick and bite staff. She calmed down and slumped over. Staff tried to lift her head, but it kept dropping. Nursing told us to lay her on the ground. Nursing rubbed her chest and asked for an ammonia packet, and they did CPR. She wasnt calm before going into the seated position. She didnt respond but you could feel she was reaching tension reduction because the breaths had slowed down. She didnt say anything, but she was making grunting noises. She was breathing when she was seated. When we disengaged thats when we heard a sigh, and she slumped her head over.

[redacted] stated there was a call about [redacted] going into crisis while at an appointment. She stated she was outside when the police arrived. She stated as soon she exited the car she was instructed to walk to her bedroom. She stated [redacted] turned and struck staff with her fist. They struggled and fought. Staff attempted a team control hold. They fell, got up, and initiated the restraint. Ms. [redacted] was involved for a few minutes, and she step in to assist with supporting staff on the back. She stated toward the end staff talked about transferring the [redacted] into a high standing restraint. She stated they noticed something was

## Tennessee Department of Children's Services

## Case Recording Summary

Case Id: [redacted] Case Name: [redacted]

Case Status: Close Organization: [redacted] Region

wrong. They called her name, but she was not responding. Nursing called for an ammonia pack. They escalated to calling 911. CPR was performed. Nursing performed CPR until EMS arrived. She stated Mr. [redacted] was punched, and Mr. [redacted] and Mr. [redacted] were involved in the restraint. There were about 10-15 people involved in the restraint. Ms. [redacted] stated she did not see [redacted] hit her head but stated staff was tussling to get control of [redacted]
[redacted] stated he went to the Health Department, and he tried to talk to her to see what the situation was. When I got there, she was already escalated and was verbally and physically aggressive towards staff. She attacked us. We had to intervene because she had hit and bit staff. She attacked Ms. [redacted] and we tried to intervene. The Health Department security tried to intervene as well. The police were called, and they transported her back to the building [redacted] Center. She was still escalated and as we were walking in, she attacked me and hit me in my left eye. She was placed in a Team Control restraint. She was verbally aggressive with staff. She was standing but vertical with staff on both sides of her. Staff were trying to position her, but she was trying to fight, hit, and kick staff. She was still making verbal threats. Staff switched out with me, and I got back in the restraint for support. Staff was trying to talk to her and nursing came. Nursing told us to move her to a seated and thats when nursing intervened. She wasnt aggressive when she was moved to a seated position. I dont recall her saying anything. I stepped to the side when nursing intervened. I was outside waiting for the paramedics. Im not sure who called 911.
[redacted] stated she was not involved in the incident with [redacted] She stated staff disengaged at 12:26pm. She stated she observed [redacted] or [redacted] laying on the floor and they were trying to get her to respond. They did CPR on her. Nurse [redacted] asked staff to go get the AED machine. As they were placing the pad on her to shock her the ambulance arrived. She stated Mr. [redacted] went to hospital but was relived because he was involved in the restraint. Ms. [redacted] and Ms. [redacted] were at the hospital. [redacted] was taken for testing to the Cath lab, they check her heart, it was normal, and they completed a CT of her head. The CT showed she had a brain bleed. These tests occurred at [redacted] was unable to admit her due to her age. She was transported to [redacted] at 8:47pm.
[redacted] stated when the police dropped her off, we walked her in, and she hit staff with a closed fist. We intervened and placed her in a restraint. Other staff were placed in the Team Control for support because she was fighting and biting staff. After she was in the hold, I backed off and let those staff handle it. I switched out with staff on both sides of the restraint. The restraint had gone on for about 27 minutes. She was placed in a seated because we were going toward the end of the 30-minute mark. Thirty minutes is the max time for a restraint at a time, but it is also depending upon the childs resistance. We go based off how calm the youth is. She wasnt calm, so she was moved to a seated. I stepped away and nursing intervened. Nursing checked her and saw signs of her not responding. CPR and the AED was used. The front desk possibly called 911.
[redacted] stated [redacted] is assigned to her courtyard. She stated she was waiting for her to return from transport. When she returned and entered the building, she hit one staff Mr. [redacted] She was placed into a restraint by Mr. [redacted] and Mr. [redacted] They attempted a high standing restraint then went into a team control restraint. Ms. [redacted] stated she assisted with pulling [redacted] pants up and she held her head to prevent her from hitting the wall. She stated she was not present during the entire restraint. She stated she went to get paperwork. She stated staff member [redacted] went to the hospital with [redacted] Ms. [redacted] stated she observed the restraint and reports [redacted] was fighting back. She was restrained for 25 minutes. She stated it took staff a while to stabilize her because she was kicking, biting, and flipping her body around. She stated [redacted] was trying to drop her weight to make her body heavy. She stated staff was still trying to stabilize the hold. Assistance was being provided by additional staff. Nursing arrived after 3 minutes. She stated if nursing observes anything wrong, they will say the positioning is incorrect. She stated the restraints last longer if youth are being aggressive. She reports [redacted] did not deescalate during the restraint. She stated [redacted] has been in 5 restraints since her admission for being aggressive towards staff and peers. She reports [redacted] would become aggressive if she felt peers were talking about her and male staff members were also a trigger for her. Ms. [redacted] stated she was present when the nurse did external rubs. She stated CPR was performed and the AED was used. Ms. [redacted] reports she noticed [redacted] was unresponsive when the nurse did an external rub and called her name a few times. She stated 911 was called.
[redacted] stated a text message was received stating assistance was needed. Ms. [redacted] stated she walked up front, and [redacted] was being restrained. She was in a team control hold, and she was trying to drop her weight to the floor. She was observed kicking. Ms. [redacted] stated once things appeared calm, she was sent to check on the other youth. She reports she was not involved in the restraint, but she responds to crisis calls. She reports she heard [redacted] grunting during the

restraint. She reported she heard someone say, you dont need to push her or push against her. She stated Mr. [redacted] Ms. [redacted] Mr. [redacted] and Mr. [redacted] were observed in the restraint. Mr. [redacted] was supporting [redacted] back and Mr. [redacted] was holding her head. [redacted] was attempting to bite, so a hand was placed on her head and chin to prevent this. She stated nursing was present, but Ms. [redacted] was gone when it was stated [redacted] became unresponsive.
[redacted] [redacted] stated Staff [redacted] [redacted] and I took her to the Health Department. Everything went smooth. When we got to the back, and she was about to go into the patient room she stopped at the door and asked that we not come in the room. We sat in the hallway. She came out of the patient room to go into the restroom, and I told her I needed to do a safety sweep of the restroom. I told her that she needed to take her hoodie off and pop. She threw her hoodie at me, cursed us out, and went into the restroom and slammed the door. I texted my manager to let her know what was going on. I was advised to go back to the van. We were unable to take her to the van because she brushed past us and went back into the patient room with the medical assistant. I was told the manager would come up there. She was in the patient room with the nurse, and I asked if I could talk to her because the manager was on the way. I was talking to the nurse, and she ran out of the room into another room with the door cracked. She was cursing and making threats. She stood up, called me a liar, and told me to get out of her space. My manager came and took her in the room with [redacted] [redacted] [redacted] [redacted] and security. [redacted] and I sat in the lobby. When we heard loud noises, I went to the back, and they were trying to get her in a restraint tried to assist, and she pulled my wig off. They were able to get her calm down. She said she was mad at me because I told the nurse she was a runner. When the police came, she was escorted back to the van. I arrived at [redacted] Center before the police transported her back to the facility. I didnt see the restraint at the [redacted] Center. I went on my lunch break, and it looked as though nursing was resituating her. I was still distraught from the Health Department, so I kept walking out the front door.

[redacted] Center
CARES Team
[redacted] TN [redacted]
t: [redacted]

A request was made for the [redacted] Cares Team Physician Dr. [redacted] to review the medical records for [redacted]

Below is summary of Dr. [redacted] report.

Per Dr [redacted] "Attached is my completed report with my medical impressions on [redacted]

Summary:

"I do not think that the patient suffered an actual subarachnoid hemorrhage (SAH) as previously reported on CT scan. I think she has what's called "pseudo SAH" which means her brain looked like it had hemorrhage but it really didn't. Instead, the bright stuff radiologists were seeing on CT and thought was blood, was an artifact created by her severe anoxic brain injury from being without circulation/oxygenation for over 45 minutes. The medical examiner also did not note blood on her brain, which again would support that [redacted] likely did not suffer a brain bleed. And remember- autopsy is gold standard for identifying gross brain hemorrhage. See my note for details. My final impression is that while [redacted] cause and manner of death remains unknown, I do not think her death was a result of trauma".

[redacted] Police Department Police Report # [redacted] dated 11/16/2023 has been uploaded to the case file. Details of the report have been copied verbatim:

"On 11/16/2023 at approximately 1229hrs, officer was dispatched to [redacted] at the [redacted] Center regarding an unresponsive 17-year-old female. Upon arrival, officer observed 15-20 [redacted] employees inside and outside of the center. When officer went inside, officer observed the [redacted] nurse, [redacted] performing CPR on the juvenile and other staff attempting to get the AED machine prepped to shock the victim. Officer was told that the victim, [redacted] had only been in the custody of [redacted] for less than 60 days. Staff told officer that victim [redacted] was transferred from Illinois to this facility and is in the custody of Illinois. Staff said that victim [redacted] was having some female medical issues from being a victim of sex trafficking. They said that she was transported to the [redacted] County Health Department this morning at [redacted] and [redacted] During her visit at the Health Department, victim [redacted] allegedly became upset and verbally aggressive towards [redacted] staff. Victim [redacted] became physically violent and bit three [redacted] staff and punched one in face. Officer was told that Health Department security guards were called in and then [redacted] Police were dispatched and made scene. Officer was told that victim [redacted] did not see the doctor and was transported back to the [redacted] Center. When victim [redacted] got into the lobby of the [redacted] Center at [redacted], she became violent and was placed into a [redacted] approved physical restraint by multiple staff members. Officer was told that during the restraint period, a juvenile is restrained by staff by them taking each arm and placing it behind the juvenile and the child is bent over at the waist. Officer was told by staff that the restraint is kept applied for 30 minutes. Staff told officer that during this time, staff members are required to switch places to let the child rest and each staff member rest. Officer was told that it is also [redacted] policy that the facilities nurse be present while the restraint is applied to check the juvenile's physical condition and to make sure no issues arise. Officer heard nurse [redacted] tell Detective [redacted] that for the first twenty minutes of the restraint, victim [redacted] did not say anything verbally aggressive or complain of any medical issues. Mrs. [redacted] said that victim [redacted] did physically try to get out of the restraint by actively pushing and pulling her waist and hips in different directions, trying to free herself. Mrs. [redacted] said that in the last five minutes of the restraint, she noticed that victim [redacted] was no longer moving away from the restraint and sounded like she was snoring. Mrs. [redacted] said that she checked victim [redacted]

and found that she was unresponsive at which time she had staff lay her victim [redacted] down and she began administering CPR. Mrs. [redacted] said that she also used Ammonia wake-up scents in an attempt to get a response from victim [redacted] but got no response. [redacted] EMS unit#[redacted] made scene at approximately 1232hrs and began life-saving measures on victim [redacted] She was then transported to [redacted] but at the time of this report, officer does not know the official status of victim [redacted] Detectives [redacted] and [redacted] made scene and spoke with witnesses. Officer collected 16 statements from staff on scene and a crime scene log was completed by officer [redacted]

Detective [redacted] Police
[redacted] - Assistant Director, Office of Licensure (Department of Mental Health and Substance Abuse)
[redacted] - Investigator Supervisor, Office of Licensure (Department of Mental Health and Substance Abuse)
[redacted] Police Department
[redacted]
[redacted] TN [redacted]

Police Body Cam was reviewed with Detective [redacted] Police, [redacted] - Assistant Director, Office of Licensure (Department of Mental Health and Substance Abuse) and [redacted] - Investigator Supervisor, Office of Licensure (Department of Mental Health and Substance Abuse) at the [redacted] Police Department. The body cam video was reviewed but a copy of the footage could not be released due to the on going criminal investigation.

Body Cam 1- Officer [redacted] arrived at the [redacted] County Health Department at approximately 11:27AM. [redacted] Program Manager, [redacted] arrives at the same time and both enter the building together. Officer [redacted] arrives to the medical exam room where [redacted] staff [redacted] and [redacted] are holding alleged child victim, [redacted] arms/wrist. Also present in the room are [redacted] staff [redacted] and a female Health Department Security Guard. There is no struggle observed as the staff are holding the ACVs arms. They exit the door while holding the ACVs arm and a bruise is observed under the ACVs left eye. Mr. [redacted] ask the staff to transport the ACV back to [redacted] The team of people exit the building and while standing outside an Officer his heard asking the ACV if she was ok. The ACV shook her head in a motion to state no. The ACV then pointed to both Mr. [redacted] and Mr. [redacted] with her thumbs as they are still holding her arm/wrist and stated they some b*tches. They dragged my shoulder because I didnt The ACVs next words are inaudible as Mr. [redacted] begins to sing and talk over the ACV. The Officers inform [redacted] that they would be able to transport the ACV to [redacted] The ACV was placed in a patrol car (with Officer [redacted] and a second Officer). When the Officer arrives at [redacted] Center multiple staff are seen outside of the building and the staff escort the ACV into the building. As the Officers return to their patrol cars, there is an Officers voice heard saying how many people do they need to restrain one little girl.

Body Cam 2- Officer [redacted] receives a call at approximately 11:12AM on 11/16/2023 with a report of 3 adults fighting at the [redacted] County Health Department located at [redacted] TN [redacted] The Officers arrive at the Health Department at approximately 11:24AM. As the Officers enter the building, they are met by an unidentified Health Department staff who states, she (alleged child victim, [redacted] is very disgruntled however, she (ACV) is being agitated by the staff ([redacted] She is a young girl 17, who came in for some issues and per state law we can not allow extras in the back. They ([redacted] staff) confronted her because they think she going to run because she is at [redacted] There were words back and forth and they ([redacted] staff) didnt deescalate, they got her more agitated. The Officers asked where is the ACVs parents and the Health Department staff and male Security Guard state the ACV was with placed at [redacted] At this time, [redacted] staff, [redacted] arrives and all incidents from Body Cam [redacted] are observed as well. At approximately 11:34AM the ACV is placed in the patrol car with Officer [redacted] and a second officer, with no incidents. The ACV is not handcuffed and is heard crying. An Officer is heard asking the ACV if she is ok and the ACV continues to cry. The ACV is then heard saying they put handcuffs on me. When the patrol car arrives to [redacted] Center the ACV is heard telling the Officers where to turn into the campus to the [redacted] Center. The ACV is then heard saying theyre gonna hurt me. I want you to walk me inside. The Officer is heard stating that he would walk the ACV inside. When the back door of the patrol car is opened, Mr. [redacted] is standing at the door and tells the ACV, you can come by force or by choice. The ACV then states, ok, Im getting out. As the Officers attempt to escort the ACV into the building, Mr. [redacted] states, there are no officers allowed beyond this door. The Officers then turn and walk from the building.

Back of Patrol Car- The ACV is observed entering the back of the police patrol car without incident. The ACV is observed crying, holding her left eye and rubbing her wrist. The ACV uses her shirt to wipe her face/tears. The ACV states, they put handcuffs on me. After the ACV stops crying, she is calm while riding in the car. The ACV is looking out of the windows and continues to rub her hand/wrist. The ACV is fidgeting with the string from her pants and at one point puts the string in her mouth. When the patrol car arrives at [redacted] Center the ACV tells the Officers where to turn onto the campus to the [redacted] Center. The ACV is calm prior to seeing the staff outside of the building. The ACV nervously says, theyre all right there ready to restrain me. They all got their gloves on. I want you to walk me inside. The ACV then begins to cry. When the door of the patrol car is opened, the ACV turns to step out. Mr. [redacted] is standing at the door and tells the ACV, you can come by force or by choice. The ACV then states, ok, Im getting out.

[redacted] Supervisor
[redacted] Center
[redacted] TN [redacted]

SI [redacted] made contact with [redacted] at [redacted] Center. SI [redacted] met with Ms. [redacted] in a private confidential conference room. SI [redacted] engaged Ms. [redacted] and established rapport. SI [redacted] informed Ms. [redacted] of the purpose of the contact. Ms. [redacted] stated that he is a Supervisor and has been employed with [redacted] for approximately 5 years. Within her role, Ms. [redacted] stated, I supervise staff to make sure they are following protocol. I interact with the youth. I talk to them, we play, color and complete puzzles together, they love me. I help them (youth) cope throughout the day. I am assigned to [redacted] I have had 2 interactions with her (alleged child victim, [redacted] One time she (ACV) asked me a question and the other time we spoke in passing. There were never any detailed interactions. I had never seen her (ACV) physically aggressive because I didnt work directly with her.

Regarding the incident involving alleged child victim, [redacted] Ms. [redacted] stated, she (ACV) came in the police car and they walked her in the building. Staff tried to get her concerns and I guess she (ACV) was upset and hit one of the staff. Then we followed protocol and went hands on. I was the support to help get her in the restraint. I switched with staff (could not remember which staff). I was only present for a few minutes and left to answer crisis calls around the building. I came back into the lobby to ask questions about another crisis in the building, but I didnt return to that restraint. She (ACV) was kicking and screaming because she was upset. Her (ACV) fighting caused the movement in the lobby. She (ACV) was in a Team Control and there can be up to 5 people in the hold, depending on aggression levels of the kid. It is not unusual to move if the youth is struggling.

[redacted] TN [redacted]

SI [redacted] made contact with [redacted] Teacher Counselor at [redacted] Center. SI [redacted] met with Mr. [redacted] in a private confidential conference room. SI [redacted] engaged Mr. [redacted] and established rapport. SI [redacted] informed Mr. [redacted] of the purpose of the contact. Mr. [redacted] stated that he is a Teacher Counselor and has been employed with [redacted] for approximately 9 months. Within his role, Mr. [redacted] stated, Im involved in the day-to-day routine during the residential side after 2pm. I am present during Life Skills, dinner and the bedtime routine.

Regarding the incident involving alleged child victim, [redacted] Mr. [redacted] stated, I had never met her (ACV) and had no previous interactions with her. As soon as I walked in the door (at the beginning of work shift) I saw there was a situation. Manager on Duty, [redacted] asked me to assist. I clocked in and came back out into the lobby. The only thing I didnt was hold her (ACV) head up because she (ACV) was trying to struggle. She (ACV) was trying to drop her body weight and flip over. I was holding her head (described as one hand on the forehead and one hand on the back of the head) during the hold. She (ACV) was in a Team Control and was trying to bite staff and drop her body weight. I didnt hear her say anything. After about 5 minutes someone (could not remember staff) switched out with me and I was told to go to [redacted]

Nurse [redacted] stated that she is a Registered Nurse and has been employed with [redacted] for approximately 1.5-2 years. Within her role, Nurse [redacted] stated, I am present during med pass and nursing calls to assess concerns. I transport the youth to the clinic to the Doctor. She (alleged child victim, [redacted] would have her good and bad days just as any other youth. I didnt see her act out but Im a night shift Nurse and I dont typically see the youth acting out. I was never called for a restraint with her (ACV). I didnt see her (ACV) have outburst.

Regarding the incident involving alleged child victim, [redacted] Nurse [redacted] stated, earlier that day Nursing was called on the radio and I went to see if everything was ok. She (ACV) asked if we could talk in private about her female issues. She (ACV) wasnt off task and was very coherent having an intelligent conversation. Nurse [redacted] told me that she (ACV) was scheduled for an appointment at the Health Department that day for irregular bleeding and cramping. Later that day (Thursday 11/16/2023) I was in the clinic because the Mental Health Doctor was present with the kids in the clinic. Nurse [redacted] went to the call first. Nurse [redacted] then came and got me for assistance. I grabbed the pulse oximeter and the blood pressure machine and took off running. When I got there, she (ACV) was sitting against the door with her eyes closed. Staff were still around her and one staff (could not remember name) was still holding her wrist. I asked staff to move so I could get closer to her (ACV). I put the pulse oximeter on her finger and the blood pressure cup on. Nurse [redacted] broke the ammonia packet and put it under her (ACV) nose and she (ACV) didnt flinch. We started saying her (ACV) name. I checked for a pulse, didnt feel anything and CPR was started. We did sternum rubs, with no response. We did CPR with the AED until EMT arrived. We also used the rescue bag until the Ambu Bag arrived. I asked what happened, but no one would answer me.

The Abuse Death investigation regarding Alleged Child Victim (ACV) [redacted] was debriefed with the following staff: Case Manager (CM) [redacted] and Team Leader (TL) [redacted] TL [redacted], Team Coordinator (TC) [redacted], CPS Director (CPSD) [redacted], and Director of Critical Incident Support (DCIS) [redacted].

The CPS investigation was initially assigned on 11/17/23 as a Preliminary Near Death (PND) investigation concerning allegations of Physical Abuse (severe) for ACV [redacted] (17yo). On 11/20/23 [redacted] died as a result of the incident and the allegation of Abuse Death was added. It was reported [redacted] was in the state custody of Illinois DCFS and placed with [redacted] Center RTC in Tennessee through ICPC in mid-September 2023. It was additionally reported [redacted] was not in Illinois state custody due to abuse/neglect concerns but for service provision, and the mother [redacted] was actively involved in her life.

It was reported on 11/16/23 [redacted] had left the [redacted] Center with [redacted] staff for an appointment at the Health Department. While at the appointment, it was reported [redacted] became aggressive and physical restraint was utilized by staff lasting 30 minutes, which was the maximum amount of time allowed for consecutive restraint. [redacted] staff requested law enforcement transport [redacted] back to the [redacted] Center following the appointment due to [redacted] transportation not being equipped with secured vehicles. Once back at the [redacted] Center, [redacted] had arranged for multiple staff members to be present to receive [redacted] back at the facility in case there was ongoing behaviors or escalation. Once inside the lobby of the facility it was reported [redacted] became aggressive and uncooperative and physical restraint was used again. Video surveillance was present but only captured a small portion of the incident as most of it occurred outside of the cameras line of sight. The restraint at the [redacted] Center lasted approximately 29 minutes at the end of which it was discovered [redacted] had become unresponsive. Approximately 24 staff members were present in the vicinity at the time of the incident, of which 21 have been interviewed to date. Consensus from staff is the response and restraint utilized were appropriate. One of the staff members was a nurse who had directed staff to sit [redacted] upright just before discovering she was unresponsive. The nurse retrieved and ammonia packet and initiated a sternum rub to attempt to elicit response and paramedics were called. Some staff reported hearing [redacted] make grunting and/or gurgling sounds. [redacted] was transported to [redacted]

Hospital with CPR in progress and placed on a ventilator, prior to be transferred to [redacted] Hospital, where she remained unresponsive and continued to decline. CT scans revealed a suspected brain bleed and brain death occurred with [redacted] passing away on 11/20/23. An autopsy was ordered and cause of death has not been reported at this time. [redacted] reportedly had asthma with inhaler use as needed, but no other reported medical conditions were reported or known. [redacted] toxicology screen was negative. Illinois DCFS has also opened a death investigation with interviews and site visits forthcoming.

Next Steps:
-- CM will request ACVs medical records. Records will be reviewed and uploaded to TFACTS.
-- CM will request all interviews and information/evidence collected by LE within their investigation and review, summarize, and upload what is shared to TFACTS.
-- CM will complete the remaining [redacted] staff interviews.
-- CM will complete interviews with Health Department staff and LE who transported ACV.
-- CM will document and upload autopsy into TFACTS once received.
-- CM will present findings to the Child Protective Investigative Team (CPIT) for classification review.

Employee Assistance Program (EAP) information and supervisory support was discussed with involved staff.

[redacted] Assistant Director of Residential Services [redacted] Center
Operations Center
[redacted]
[redacted] TN [redacted]

SI [redacted] made contact with [redacted] Assistant Director of Residential Services [redacted] Center at [redacted] Operations Center. SI [redacted] met with Ms. [redacted] in a private confidential office. SI [redacted] engaged Ms. [redacted] and established rapport. SI [redacted] informed Ms. [redacted] of the purpose of the contact. Ms. [redacted] stated that she is the Assistant Director of Residential Services [redacted] Center and has been employed with [redacted] for approximately 20 years. Within her role, Ms. [redacted] stated, I check on the youth if they have a grievance. If I see the youth its because there is a huge crisis. I have been involved with a couple of crises with her (alleged child victim [redacted] and she was cheerful and calm afterwards.

Regarding the incident involving alleged child victim, [redacted] Ms. [redacted] stated, Manager [redacted] called about what was going on at the Health Department. I gave them directions to return to the building. I told them not to put handcuffs on her (ACV). I had a team meet them (ACV and police) at the building in case she (ACV) was still in crisis. This is typical when youth are escalated in the community. Whoever is available in Leadership, Program Managers, Supervisors and auxiliary staff (unit staff and direct care staff) assisted with this. I arrived about 10 minutes remaining in the restraint. She (ACV) was in a Team Control when I arrived. It looked like a standard team control. Nursing was talking to her (ACV) and flashing a light in her face. She (ACV) was put in a seated and thats when I tried to talk to her, but she (ACV) wasnt saying anything. I dont remember her saying anything. I didnt join in the hold in that I typically dont. The momentum of the youth is where they go. The object of a team control is to not put the youth on the floor. All staff were in the proper positions. The front desk called 911 and paramedics arrived within 2-3 minutes. On 11/16/2023 staff [redacted] and [redacted] were at [redacted] Hospital with her (ACV). Staff [redacted] and [redacted] were with her (ACV) at [redacted] Childrens Hospital. The Nursing Manager attempted to make contact with the mother and State of Illinois Case Manager on 11/16/2023 but were unable to make contact. On 11/17/2023 staff remained at [redacted] Childrens Hospital with her

[redacted] Clinical Manager
Operations Center
[redacted] TN [redacted]

SI [redacted] made contact with [redacted] Clinical Manager at [redacted] Operations Center. SI [redacted] met with Ms. [redacted] in a private confidential office. SI [redacted] engaged Ms. [redacted] and established rapport. SI [redacted] informed Ms. [redacted] of the purpose of the contact. Ms. [redacted] stated that she is a Clinical Manager and has been employed with [redacted] for approximately 2 years. Within her role, Ms. [redacted] stated, I supervise the Clinical Team. I dont interact with the youth as often as the residential staff. If we go over to the courtyard, its to say hi to the youth.

Regarding the incident involving alleged child victim, [redacted] Ms. [redacted] stated, I didnt have any interaction with her (ACV) that day. I saw her before she was transported to the Health Department. When she (ACV) first got there (time of placement) we came out to greet them and introduced ourselves. On Thursday (11/16/2023) I was in consult and heard noise in the lobby. I left the conference room and went to the lobby. She (ACV) was already in the restraint. I asked if nursing had been contacted and was told no. I called nursing and nursing came. She (ACV) was still in a restraint, but she was moving, resisting, and wiggling. Staff swapped out but I dont know how many swapped out. Nursing was doing their thing and they sat her (ACV) on her bottom on the floor. Nursing checked her (ACV) and started compressions. I was in and out of the lobby checking on other youth. For the most part there are not many restraints in the lobby but there are no restrictions on where restraints can occur. I didnt hear her (ACV) say anything but more of grunting sounds. I couldnt see her (ACV) face.

[redacted] Teacher Assistant
[redacted] Operations Center
[redacted]
[redacted] TN [redacted]

SI [redacted] made contact with [redacted] Teacher Assistant at [redacted] Operations Center. SI [redacted] met with Ms. [redacted] in a private confidential office. SI [redacted] engaged Ms. [redacted] and established rapport. SI [redacted] informed Ms. [redacted] of the purpose of the contact. Ms. [redacted] stated that she is a Teacher Assistant and has been employed with [redacted] for approximately 3 years. Within her role, Ms. [redacted] stated, Im present when the youth wake up. I help with the morning routine, coping skills and assist in the classroom with small crisis and struggles. I transition with the youth throughout the day.

Regarding the incident involving alleged child victim, [redacted] Ms. [redacted] stated, on Thursday (11/16/2023) I didnt know who she (alleged child victim, [redacted] was. I was walking to the front, and she (ACV) was placed in a therapeutic Team Control. I stepped in an assisted with her leg as she (ACV) was trying to walk through and get out of the restraint. I was asked to check on Manager [redacted] who had stepped outside. When I came back in, I was asked to go back to the courtyard to make sure things were ok because most people were in the front. I only saw the restraint during the Team Control when she (ACV) was leaning forward. She (ACV) was being aggressive toward staff trying to bite staff. I didnt see that view but to my knowledge she (ACV) had already bit other staff.

Team Leader (TL) [redacted] and Executive Director [redacted] met with [redacted] today at the [redacted] Office located at [redacted] TN [redacted]

The TL introduced both parties and explained the purpose of the interview. Ms. [redacted] stated she has been employed with [redacted] for 3 years. She works at the front desk.

She is certified to restraints but does not actively participate due to medical issues.

Ms. [redacted] knows [redacted] as [redacted] She stated she saw [redacted] when she was leaving for transport. She stated she seem ok. She stated Ms. [redacted] and another female staff transported [redacted] to the health department. She stated the manager on duty received a call stating [redacted] was refusing to set expectations and staff was having trouble with her at the health department. Another supervisor left and arrived at the health department to assist. Staff returned to the campus without [redacted] who was being transported by the police. She arrived back to campus with the police, and she was not displaying any issues. She stated when [redacted] got inside Mr. [redacted] was at her left and Mr. [redacted] was at her right.

[redacted] swung at both staff members, and she hit Mr. [redacted] him in the face. Mr. [redacted] was hit too. 8 staff members were present.
She stated [redacted] was observed moving during the restraint. She was able to pull staff from the middle of the lobby and they stopped in the corner.

Mr. [redacted] was swapped out because he was hit, and another staff assisted.

Mr. [redacted] was eventually swapped out.

She stated Ms. [redacted] held [redacted] legs to prevent her from kicking.

She stated the restraint lasted for 25-26 minutes.

She stated [redacted] went from moving/talking to grunting. She began wheezing and nursing checked her pulse. She was laid on the ground and they began using ammonia tabs to get her to respond.

Ms. [redacted] called 911 at 12:26 pm from the front desk phone. She stated it took the ambulance 6 minutes to arrive. Nursing preformed CPR and sent someone to get the AED kit. She is unsure if they used the kit.

Once EMS arrived, they took over efforts to revive her. They used a machine to attempt to reviver her, they checked her pulse, and they intubated her.

She stated they performed life saving measures for 10-12 minutes.

She identified the following staff members as being present: [redacted] Nurse [redacted] Nurse [redacted] and staff [redacted]

[redacted] Teacher Counselor
Operations Center
.
TN [redacted]

SI [redacted] made contact with [redacted] Teacher Counselor at [redacted] Operations Center. SI [redacted] met with Ms. [redacted] in a private confidential office. SI [redacted] engaged Ms. [redacted] and established rapport. SI [redacted] informed Ms. [redacted] of the purpose of the contact. Ms. [redacted] stated that she is a Teacher Counselor and has been employed with [redacted] for approximately 6 months. Within her role, Ms. [redacted] stated, I work with the youth day to day during and after school until bedtime. She (alleged child victim, [redacted] is typically a good kid. She (ACV) likes to fight and has a temper. She stuck to herself and didnt cause too many problems.

Regarding the incident involving alleged child victim, [redacted] Ms. [redacted] stated, I think it was Friday, I dont remember. When we got to the Health Department everything was ok. She (ACV) became irritated because we (staff [redacted] had to do a safety sweep of the restroom. We did a safety sweep of the bathroom, asked for her (ACV) hoodie and told her to pop her bra. She (ACV) got irritated and slammed the door and was cursing. The Manager on Duty was called to come for assistance. The Manager on Duty was told that she (ACV) was showing unsafe behaviors. We were asked to keep her (ACV) in a room, but she (ACV) moved to another room. She (ACV) was very irritated and anxious because she said we told the nurse she was trying to run. Three managers came and she (ACV) was still irritated. They had me and Ms. [redacted] go to the front. We heard commotion and banging and ran back there. Security was there as well. She (ACV) in a restraint with 4 people. She (ACV) was screaming and pushing them into the filing cabinets but I didnt see them choking her. Security put handcuffs on her (ACV) during the restraint. The manager was telling them to take the cuffs. I was told to go back to [redacted] and was later told about the stuff that happened. They were still at the Health Department when I arrived at [redacted] I went back to the Teacher Counselor office because I had a panic attack in the van. I didnt go back to the lobby until my break, but everything had cleared by then. I didnt provide a written statement to police.

[redacted] Transportation Specialist
Operations Center
[redacted] TN [redacted]

SI [redacted] made contact with [redacted] Transportation Specialist at [redacted] Operations Center. SI [redacted] met with Ms. [redacted] in a private confidential office. SI [redacted] engaged Ms. [redacted] and established rapport. SI [redacted] informed Ms. [redacted] of the purpose of the contact. Ms. [redacted] stated that she is Transportation Specialist and has been employed with [redacted] for approximately 2 years. Within her role, Ms. [redacted] stated, I do transports. I take youth to appointments and to new placements at the time of discharge. I also assist with children on the courtyard. I didnt have a chance to build a rapport with her (alleged child victim [redacted]

Regarding the incident involving alleged child victim, [redacted] Ms. [redacted] stated, On Thursday (11/16/2023) I was on courtyard 4 and was called to assist with another child. She (ACV) asked me about that day, and she knew a lot about her appointment. Staff [redacted] and I took her (ACV) to the Health Department. Everything went smooth. When we got to the back, and she (ACV) was about to go into the patient room she (ACV) stopped at the door and asked that we not come in the room. We sat in the hallway. She (ACV) came out of the patient room to go into the restroom, and I told her I needed to do a safety sweep of the restroom. I told her (ACV) that she needed to take her hoodie off and pop. She (ACV) threw her hoodie at me, cursed us out and went into the restroom and slammed the door. I texted my manager to let her know what was going on. I was advised to go back to the van. We were unable to take her (ACV) to the van because she brushed past us and went back into the patient room with the medical assistant. I was told the manger would come up there (Health Department). She (ACV) was in the patient room with the nurse, and I asked if I could talk to her because the manager was on the way. I was talking to the nurse, and she (ACV) ran out of the room into another room with the door cracked. She (ACV) was cursing and making threats. She (ACV) stood up, called me a liar, and told me to get out of her space. My manager came and took her (ACV) in the room with [redacted] and security. [redacted] and I sat in the lobby. When we heard loud noises, I went to the back and they were trying to get her (ACV) in a restraint. I

tried to assist, and she (ACV) pulled my wig off. They were able to get her (ACV) calm down. She (ACV) said she was mad at me because I told the nurse she was a runner. I respect their privacy. When the police came, she (ACV) was escorted back to the van. I arrived at [redacted] Center before the police transported her back to the facility. I didnt see the restraint at the [redacted] Center. I went on my lunch break, and it looked as though nursing was resituating her. I was still distraught from the Health Department, so I kept walking out the front door.

Senior TC [redacted]

Team Leader (TL) [redacted] and Executive Director [redacted] met with [redacted] today at the [redacted] Office located at [redacted] TN [redacted]

The TL introduced both parties and explained the purpose of the interview. Ms. [redacted] stated she has been employed with [redacted] for a 1 year. She stated she completed CPI training over the summer. She completed the physical portion of the training in June.

Ms. [redacted] stated a text message was received stating assistance was needed. Ms. [redacted] stated she walked up front, and [redacted] was being restrained. She was in a team control hold and she was trying to drop her weight to the floor. She was observed kicking. Ms. [redacted] stated once things appeared calm, she was sent to check on the other youth. She reports she was not involved in the restraint, but she responds to crisis calls.

She reports she heard [redacted] grunting during the restraint. She reported she heard someone say, You dont need to push her or push against her. She stated Mr. [redacted] Ms. [redacted] Mr. [redacted] and Mr. [redacted] were observed in the restraint. Mr. [redacted] was supporting [redacted] back and Mr. [redacted] was holding her head. [redacted] was attempting to bite, so a hand was placed on her head and chin to prevent this.

She stated nursing was present, but Ms. [redacted] gone when it was stated [redacted] became unresponsive.

Ms. [redacted] had no further information to report.

[redacted] Supervisor [redacted]

Team Leader (TL) [redacted] and Executive Director [redacted] met with [redacted] today at the [redacted] Office located a [redacted] TN [redacted] The TL introduced both parties and explained the purpose of the interview.

Ms. [redacted] stated she has been employed with [redacted] for 5 years. She began working as a Teacher Counselor and was promoted to a supervisor.

Ms. [redacted] stated [redacted] is assigned to her courtyard. She stated she was waiting for her to return from transport. When she returned and entered the building, she hit one staff Mr. [redacted] She was placed into a restraint by Mr. [redacted] and Mr. [redacted]

They attempted a high standing restraint then went into a team control restraint. Ms. [redacted] stated she assist with pulling [redacted] pants up and she held her head to prevent her from hitting the wall. She stated she was not present during the entire restraint. She stated she went to get paperwork.

She stated staff member [redacted] went to the hospital with [redacted] Ms. [redacted] stated she observed the restraint and reports [redacted] was fighting back.

She was restrained for 25 minutes. She stated it took staff a while to stabilize her because she was kicking, biting, and flipping her body around.

She stated [redacted] was trying to drop her weight to make her body heavy. She stated staff was still trying to stabilize the hold.

Assistance was being provided by additional staff. Nursing arrived after 3 minutes.

She stated if nursing observes anything wrong, they will say the positioning is incorrect. She stated the restraints last longer if youth are being aggressive.

She reports [redacted] did not deescalate during the restraint. She stated [redacted] has been in 5 restraints since her admission for being aggressive towards staff and peers. She reports [redacted] would become aggressive if she felt peers were talking about her and male staff members were also a trigger for her.

Ms. [redacted] stated she was present when the nurse did external rubs. She stated CPR was performed and the AED was used.

Ms. [redacted] reports she noticed [redacted] was unresponsive when the nurse did an external rub and called her name a few times.

She stated 911 was called.

It should be noted Ms. [redacted] is pregnant and is expected to began maternity leave soon.
It should also be noted Ms. [redacted] did not make eye contact during the interview.

[redacted] Educational Supervisor
Operations Center
[redacted]

SI [redacted] made contact with [redacted] Educational Supervisor at [redacted] Operations Center. SI [redacted] met with Mr. [redacted] in a private confidential office. SI [redacted] engaged Mr. [redacted] and established rapport. SI [redacted] informed Mr. [redacted] of the purpose of the contact. Mr. [redacted] stated that he is an Educational Supervisor and has been employed with [redacted] for approximately 1 year. Within his role, Mr. [redacted] stated, if youth have issues with the Teacher Assistants, I am the person they voice their concerns to. Im the person the youth can reach out to. She (alleged child victim [redacted] was respectful toward me. She (ACV) always listened. I was in compliance with her meeting expectations I had of her.

Regarding the incident involving alleged child victim, [redacted] Mr. [redacted] stated, On Thursday (11/16/2023) when the police dropped her (ACV) off we walked her in and she (ACV) hit staff with a closed fist. We intervened and placed her in a restraint. Other staff were placed in the Team Control for support because she (ACV) was fighting and biting staff. After she (ACV) was in the hold, I backed off and let those staff handle it. I switched out with staff on both sides of the restraint. The restraint had gone on for about 27 minutes. She (ACV) was placed in a seated because we were going toward the end of the 30-minute mark. Thirty minutes is the max time for a restraint at a time, but it is also depending upon the childs resistance. We go based off how calm the youth is. She (ACV) wasnt calm, so she was moved to a seated. I stepped away and nursing intervened. Nursing checked her (ACV) and saw signs of her not responding. CPR and the AED was used. The front desk ([redacted] possibly called 911. I was present when the paramedics arrived, and I provided a written statement to the police.

Supervisor Courtyard 4

Team Leader (TL) [redacted] and Executive Director [redacted] met with [redacted] today at the [redacted] Office located at [redacted] TN [redacted] The TL introduced both parties and explained the purpose of the interview.

Ms. [redacted] stated she has been employed with [redacted] for 4 years. She began working as a supervisor for 2 years and was previously a Senior Teacher Counselor. Ms. [redacted] participated in CPI training in September 2023.

Ms. [redacted] stated was not involved in the incident with [redacted] She stated staff disengaged at 12:26pm.

She stated the following staff were involved: Ms. [redacted] Ms. [redacted] Mrs. [redacted] Staff [redacted] Assistant Director [redacted] Nurse [redacted] Nurse [redacted] and Ms. [redacted]

She stated she observed [redacted] or [redacted] laying on the floor and they were trying to get her to respond. They did CPR on her. Nurse [redacted] asked staff to go get the AED machine. As they were placing the pad on her to shock her the ambulance arrived.

She stated Mr. [redacted] went to hospital but was relived because he was involved in the restraint. Ms. [redacted] and Ms. [redacted] were at the hospital.

[redacted] was taken for testing to the Cath lab, they check her heart, it was normal, and they completed a CT of her head. The CT showed she had a brain bleed.

These tests occurred at [redacted] was unable to admit her due to her age. She was transported to

[redacted] Supervisor
[redacted] Operations Center
[redacted] TN [redacted]

SI [redacted] made contact with [redacted] Supervisor at [redacted] Operations Center. SI [redacted] met with Mr. [redacted] in a private confidential office. SI [redacted] engaged Mr. [redacted] and established rapport. SI [redacted] informed Mr. [redacted] of the purpose of the contact. Mr. [redacted] stated that he is a Supervisor and has been employed with [redacted] for approximately 7 years. Within his role, Mr. [redacted] stated, Im present during morning routine. I deal with crisis. I try to help find different behavior interventions for the youth. I supervise staff. I help meet needs when youth are struggling with behaviors/traumas. When she (alleged child victim [redacted] first came she was ok. She (ACV) would spike very quickly with verbal altercations but would deescalate when she would talk to staff.

Regarding the incident involving alleged child victim, [redacted] Mr. [redacted] stated, On Thursday (11/16/2023) I went to the Health Department, and I tried to talk to her (ACV) to see what the situation was. When I got there, she (ACV) was already escalated and was verbally and physically aggressive towards staff. She (ACV) attacked us. We had to intervene because she (ACV) had hit and bit staff. She (ACV) attached Ms. [redacted] and we tried to intervene. The Health Department security tried to intervene as well. The police were called, and they transported her (ACV) back to the building ([redacted] Center). She (ACV) was still escalated and as we were walking in, she (ACV) attacked me and hit me in my left eye. She (ACV) was placed in a Team Control restraint. She (ACV) was verbally aggressive with staff. She (ACV) was standing but vertical with staff on both sides of her. Staff were trying to position her, but she (ACV) was trying to fight, hit and kick staff. She (ACV) was still making verbal threats. Staff switched out with me, and I got back in the restraint for support. Staff was trying to talk to her (ACV) and nursing came. Nursing told us to move her (ACV) to a seated and thats when nursing intervened. She (ACV) wasnt aggressive when she was moved to a seated position. I dont recall her saying anything. I stepped to the side when nursing intervened. I was outside waiting for the paramedics. Im not sure who called 911.

[redacted] Program Manager/Manager On Duty
[redacted] Operations Center
[redacted] TN [redacted]

SI [redacted] made contact with [redacted] Program Manager/Manager on Duty at [redacted] Operations Center. SI [redacted] met with Mr. [redacted] in a private confidential office. SI [redacted] engaged Mr. [redacted] and established rapport. SI [redacted] informed Mr. [redacted] of the purpose of the contact. Mr. [redacted] stated that he is a Program Manager/Manager on Duty and has been employed with [redacted] for approximately 7 years. Within his role, Mr. [redacted] stated, I am present during educational hours. I am present while the youth are at school, but I do work residential when needed. She (alleged child victim, [redacted] had altercations with the same peer and Ive had to intervene. It was the same peer every day because they were in the same class.

Regarding the incident involving alleged child victim, [redacted] Mr. [redacted] stated, I went to the Health Department because I got a call saying she (ACV) was fighting. I arrived at the Health Department at the same time as the police. The police tried to take her (ACV) to jail, and I asked that they release her (ACV) to us. She (ACV) got into the patrol car with no problems. She (ACV) was not handcuffed. The police transported her (ACV) to our facility ([redacted] Center). When I arrived at the [redacted] Center, we walked through the doors and was told to take her (ACV) to the courtyard to the Safe Room. She (ACV) refused and thats when she hit [redacted] and we placed her in a restraint. During a Team Control we go with the momentum of the youth while they are forward facing with their feet on the ground. The initial contact started by the chairs, and she (ACV) tried to use her power to walk through us. We finally got her stabilized and I was on her left side. I do not remember who switched out with me, but I returned approximately 10 minutes later. She (ACV) was trying to kick and bite staff. She (ACV) calmed down and slumped over. Staff tried to lift her head, but it kept dropping. Nursing told us to lay her (ACV) on the ground. Nursing rubbed her (ACV) chest and asked for an ammonia packet and they did CPR. She (ACV) wasnt calm before going into the seated position. She (ACV) didnt respond but you could feel she was reaching tension reduction because the breaths had slowed down. She (ACV) didnt say anything, but she was making

Team Leader (TL) [redacted] and Executive Director [redacted] met with [redacted] today at the [redacted] Office located at [redacted] TN [redacted] The TL introduced both parties and explained the purpose of the interview. Ms. [redacted] stated she has been employed with [redacted] for 17 years. She has worked in various programs. She stated she trains new staff (8 weeks courses).

She stated she was coming to work, and staff was communicating via an instant message app. There was an all call for assistance at the [redacted] Center. She went to help. Upon arrival, she arrived at the same time the police did between 11:40-11:50am. Staff was outside. She was unaware of what was going on.
She observed the police escorting [redacted] into the building. There was 7-8 people. The police walked [redacted] into the building without incident. The police left.

A struggle ensured. They ended up in the corner. When asked how they ended up in the corner she stated [redacted] was struggling and staff must go with the momentum of the child. They ended up in the corner. Ms. [redacted] stated she stood in front of the wall to prevent [redacted] from hitting the wall. She stated she acted as a buffer. She stated her back was to restraint. [redacted] was twisting her head and Mr. [redacted] was holding her head saying dont bite. She stated [redacted] was screaming, I am not trying to bite. She stated [redacted] head was turning towards her arms. Ms. [redacted] stated she became support staff and began monitoring the restraint. She stated when staff released [redacted] she said it was not good. She stated nursing told staff to go get the bag.

Ms. [redacted] explained that she had never seen an incident like this before and she was used to seeing movement after a restraint. She stated she heard staff say [redacted] head was struggling. She stated she has never seen nursing do the knuckle thing or go get the bag. She stated [redacted] was laid out. She stated she did not hear [redacted] say she could not breathe. She stated she [redacted] was never released from the restraint until nursing began administering aid.

She stated nursing used an ammonia pack. She stated [redacted] did not respond and nursing called her name and shook her. Nursing did chest rubs, and CPR was administered. Ms. [redacted] stated [redacted] did not hit her head. Ms. [redacted] was asked how long the restraint lasted and she stated "it felt like an eternity" but estimates between 20-25 minutes. She stated restraints must be disengaged after 30 minutes. You cannot continue hands on once the restraint reaches 30 minutes. Staff receives time warnings from nursing. She stated [redacted] would calm down and would get amped back up. Ms. [redacted] stated she did not notice anything inappropriate during the restraint.

She stated staff did a good job and she trained most of the staff who were involved restraint. She stated she is never involved in the restraints.

[redacted] Nurse
[redacted] Operations Center
[redacted]
[redacted] TN [redacted]

SI [redacted] made contact with [redacted] Nurse at [redacted] Operations Center. SI [redacted] met with Nurse [redacted] in a private confidential office. SI [redacted] engaged Nurse [redacted] and established rapport. SI [redacted] informed Nurse [redacted] of the purpose of the contact. Nurse [redacted] cried and appeared genuinely concerned for alleged child victim, [redacted] as she asked numerous times of the ACVs health status. Nurse [redacted] stated that although she has performed CPR before, she has never performed CPR on someone she knew personally. Nurse [redacted] stated that she is the Charge Nurse and has been employed with [redacted] for two employment periods (20092015 and 2021 to present). Within her role, Nurse [redacted] stated, I am the Charge Nurse and when fully staffed I work directly in the office/clinic. I see the youth in the clinic to distribute medications and during nursing calls for restraints and all other medical needs (vomiting, twisted ankle, etc.).

Regarding the incident involving alleged child victim, [redacted] Nurse [redacted] stated, On Thursday (11/16/2023) I was called for nursing due to a restraint up front. I went to observe the hold. There was a lot of twisting, wrestling from her (ACV) and staff switched out due to them being tired and needing to reposition. It was a normal physical hold. She (ACV) was trying to twist her body to slide out. They were turned around and I got down so I could see her head. There were 2 staff at her head and initially I was at the back of the restraint because she (ACV) was facing the door. She (ACV) was grunting and that is what we typically hear when the youth are moving and twisting. I felt like I couldnt see her head well enough so I had staff to move so I could see her head. I had staff sit her down because I could not see well enough. I remember her (ACV) eyes were closed, she (ACV) didnt open her eyes and didnt respond to my voice. I ran to the back to get the ammonia packet. When I returned the finger pulse oximeter was placed on her (ACV) finger and I began sternum rubs. She was unresponsive to the sternum rubs and I had staff lay her down to check for a pulse and I started CPR. I asked for an Ambu bag and the AED machine. The paramedics came and took over. I dont remember the exact

Residential Transportation Coordinator [redacted]

Team Leader (TL) [redacted] and Executive Director [redacted] met with [redacted] today at the [redacted] Office located at [redacted] TN [redacted]

The TL introduced both parties and explained the purpose of the interview. Ms. [redacted] stated she has been employed with [redacted] for 5 years.

She began working as a Teacher Counselor for two years and was a supervisor for one year. She works on [redacted].

Her last CPI training was in August which can consist of a refresher or physical training. A refresher is held every 6 months and physical training occurs 2 times a week on Tuesday/Friday.

Ms. [redacted] stated she is over transportation. She stated [redacted] had an appointment at the [redacted] County Health Department located at [redacted]. She stated she received a call stating [redacted] was refusing to Pop. She stated kids must pop after staff completes a safety sweep. Staff went to into the bathroom to do a safety sweep. [redacted] refused to pop her bra, pants pockets, pant leg for staff. She stated staff at the health department was not aware of their protocols and told [redacted] she did not have to listen to staffs directions. She stated [redacted] became rowdy. She stated she instructed staff to bring [redacted] back to campus. She stated [redacted] was in the exam room and she was making verbal threats towards staff who were posted at the door. She stated [redacted] consented to treatment, but she refused to pop. She stated [redacted] did not want staff by the door. She stated [redacted] staff spoke with the Health Department staff. She stated the health department staff went back and told the [redacted] they stated she was going to run. She stated [redacted] was telling staff to get away and was verbally threatening staff. She instructed Ms. [redacted] and Ms. [redacted] to move away from the door. She stated security was called and staff was going back and forth with [redacted] She stated was staff was talking to [redacted] and [redacted] became aggressive. She stated [redacted] and [redacted]

were in the door.

Ms. [redacted] stated [redacted] bit her on the arm, pulled her hair, and was striking and hitting all three of them. She stated security at the health department intervened. She stated [redacted] and [redacted] intervened. [redacted] began biting [redacted] and [redacted] was bitten on the leg and [redacted] pulled [redacted] hair out. She stated security attempted to reach for their weapon and she told them no.

Security at the health department hand cuffed [redacted] The [redacted] Police Department ([redacted]PD) were called and attempted to transport her downtown. [redacted] calmed down and the hand cuffs were taken off. [redacted]PD was asked to transport [redacted] back tot campus, because the vans do not have a security gate and she was still escalated. Ms. [redacted] stated the Manager on Duty was notified before they left the health department. She stated once they arrived back to campus, [redacted] never reached tension reduction she cursed the police out. She stated [redacted] walked into the building and she started striking [redacted] and hit him in the face. She was placed into a team control restraint. Mr. [redacted] and Mr. [redacted] put [redacted] into a restraint. She reports the restraint lasted 20 minutes and [redacted] was fighting the entire time.

Nursing was accessing her during the restraint. She reached tension and staff was talking to her. She was placed in seated restraint after going into a seated position. She appeared to be unresponsive.

Nurse [redacted] [redacted] called her name. Nurse [redacted] [redacted] was also present. Staff was told to lay her down and CPR was administrated. Staff was told to get the AED machine. 911 was called by the counselor or the front desk clerk. Nursing administered CPR unit EMS arrived.

The AED machine was not used. Staff member Ms. [redacted] went to hospital with [redacted]

Mr. [redacted] and Mr. [redacted] initiated the restraint. [redacted] [redacted] was present but did not restrain [redacted]

Ms. [redacted] stated she does not work directly with [redacted] and the restraint began because of aggression.

[redacted] Transportation Specialist
Operations Center
[redacted] TN [redacted]

SI [redacted] made contact with [redacted] Transportation Specialist at [redacted] Operations Center. SI [redacted] met with Mr. [redacted] in a private confidential office. SI [redacted] engaged Mr. [redacted] and established rapport. SI [redacted] informed Mr. [redacted] of the purpose of the contact. Mr. [redacted] stated that he is a transportation specialist and has been employed with [redacted] for approximately 1 year. Within his role, Mr. [redacted] stated that he, makes sure the youth are on task. I transport them to doctor visits on and off campus. Ive worked with her, (alleged child victim- [redacted] before. She (ACV) is aggressive toward staff and peers.

Regarding the incident involving alleged child victim, [redacted] Mr. [redacted] stated, On Thursday (11/16/2023) I was called to go with the supervisor to assist because she (ACV) was aggressive and off task when she went to the Health Department ([redacted] She (ACV) was aggressive and tried to fight staff. Ive never seen her like that before, she even bit me. We were inside of the medical room, and she (ACV) refused to follow staff expectations. She (ACV) attached Ms. [redacted] Ms. [redacted] Mr. [redacted] me and a couple of the medical examiners. The Health Department security was standing in the door. Someone from the Health Department started recording on her phone although she said she wasnt recording. We got her (ACV) to reduce tension and placed her in a team restraint. The police came and escorted her (ACV) to [redacted] She (ACV) was initially rude/cursing toward police, but she was not physically aggressive toward them. When we returned to [redacted] Center, I heard a lot of hollering. When I came inside of the building, she (ACV) was trying to fight staff and they put her in a restraint. I observed the restraint for about 3-4 minutes, and I left to get my arm (where she bit me) treated by Nursing. When I came back into the lobby the police and paramedics were present. I provided a written statement to the police.

Team Leader (TL) [redacted] and met with [redacted] today at the [redacted] Office located at [redacted] TN [redacted]

The TL introduced herself and explained the purpose of the interview. Ms. [redacted] stated she has been employed with [redacted] for 5 years. She began working as a supervisor 2-3 years ago. Ms. [redacted] stated she recently completed CPI training in September or October 2023.

This was a physical re-training, and she completes a refresher training every 6 months or every week as needed.

Ms. [redacted] stated she arrived at the restraint 21-25 minutes after the restraint was initiated. She stated [redacted] was in a team control restraint. She stated staff were about to disengage and [redacted] was observed slipping down and slumping downwards. She stated nursing asked her if she was ok. There was no response.

Staff was sent to go get an ammonia packet. Nurse [redacted] began CPR Nurse [redacted] took over.

She stated Mr. [redacted] and Mr. [redacted] were involved in the restraint when she was present. She stated after they noticed she was slumping downward nursing took over and was talking to [redacted] She stated Ms. [redacted] and Ms. [redacted] were trying to stabilize her head. She stated Ms. [redacted] was switched out because she is pregnant. She stated 911 was called and staff assisted with getting the necessary equipment. The ambulance arrived 5-6 minutes later.

She stated 8 people were present during the restraint: Ms. [redacted] Ms. [redacted] Mr. [redacted] Ms. [redacted] Nurse [redacted] Ms. [redacted] Ms. [redacted] and Mr. [redacted]

She stated she only saw Ms. [redacted] switch out with Ms. [redacted] She stated she is not aware of the incident that occurred off

[redacted] Unit Staff
[redacted] Operations Center
[redacted] TN [redacted]

SI [redacted] made contact with [redacted] Unit Staff at [redacted] Operations Center. SI [redacted] met with Ms. [redacted] in a private confidential office. SI [redacted] engaged Ms. [redacted] and established rapport. SI [redacted] informed Ms. [redacted] of the purpose of the contact. Ms. [redacted] stated that she is a unit staff and has been employed with [redacted] for approximately 2 years. Within her role, Ms. [redacted] stated that she, deals with crisis. I go to the courtyards to see about concerns and assist with restraints. I am not assigned to a specific courtyard. I am a floater. Ive worked with her (alleged child victim- [redacted] and she is aggressive but once we talk to her she is able to calm down. She (ACV) likes to argue with her peers. I am aware of 2 previous restraints that she (ACV) has been in.

Regarding the incident involving alleged child victim, [redacted] Ms. [redacted] stated, this happened Thursday (11/16/2023). When I got there the Manger on Duty (MOD) told me to hold the building down because they had to leave to go get her (ACV) from the Health Department. I was in the front when the police brought her (ACV) back to [redacted] Center. We were about to walk her (ACV) back to the courtyard when she (ACV) hit Mr. [redacted] in the eye. She (ACV) was cursing, and we went hands on. She (ACV) was kicking, fighting, and trying to bite and spit. She (ACV) was moving and was not letting us grab her. We were tussling for a minute. We asked for a Supervisor and tried to place her (ACV) in a Team Control. She (ACV) continued to kick, bite and spit. We had her arms wrapped around our stomach as staff held both of her arms. Staff were holding her (ACV) head on the front and back. I switched out after about 10 minutes, I dont remember who switched out with me because she was still fighting. I was in and out of the lobby because I was still responding to calls on the courtyard. When I came back in the lobby she (ACV) was in a seated position and I saw her head up. I sat in another area in the lobby. I dont remember her (ACV) saying anything.

[redacted] Supervisor
Operations Center
[redacted] TN [redacted]

SI [redacted] made contact with [redacted] Supervisor at [redacted] Operations Center. SI [redacted] met with Ms. [redacted] in a private confidential office. SI [redacted] engaged Ms. [redacted] and established rapport. SI [redacted] informed Ms. [redacted] of the purpose of the contact. Ms. [redacted] stated that she is a supervisor and has been employed with [redacted] since December 2022. Within her role Ms. [redacted] stated that she makes sure staff met expectations and will reiterate expectations to the youth. If staff do not have the answers the youth can come to me. I supervise the staff not the youth, but I can do both if needed. I am present on the Courtyards.

Regarding the incident involving alleged child victim, [redacted] Ms. [redacted] stated, this occurred Thursday (11/16/2023). I walked in the building during the restraint. I clocked in and went to see if they needed assistance. Staff ([redacted] Staff) asked me to switch out with her. I was in the restraint for 5 minutes and I got tired. I asked staff ([redacted] to switch out with me. I stood in the lobby as the hold continued. She (ACV) was placed in a Team Control. (Ms. [redacted] stood and demonstrated staff positions during a Team Control). Staff are on each of the youths arms as the youths arms are wrapped around the staffs mid-section (stomach). She (ACV) was trying to get out of the restraint. She (ACV) was making grunting/growling sounds as she was trying to get out of the restraint. Ive never met her (ACV) before. I am assigned to [redacted] and she is assigned to [redacted]. I didnt notice anything different from any other Team Control. I was observing and present during the time Nursing intervened. I was present when the nurse asked for an ammonia packet, checked for a pulse and called 911. I was present when the ambulance arrived. During the hold, there were staff ([redacted] and [redacted] holding her (ACV) head to prevent her (ACV) from biting staff, as this is common because the youth will try to bite staff. I provided a written statement to the police.

Mother
[redacted]

Team Leader (TL) [redacted] met with [redacted] mother of [redacted] at [redacted].

The TL introduced herself expressed condolences and asked Ms. [redacted] if she was able to speak with the TL. She agreed.

The TL explained the purpose of the interview. Ms. [redacted] stated she received a call at 12:16pm on Friday November 17, 2023 from a nurse at the hospital. She stated the nurse stated they have her daughter at the hospital, and she has been intubated. She stated she and her family (Husband [redacted] and Sister [redacted] arrive to [redacted] at 6:45pm. She states a worker from [redacted] was sitting with [redacted]

She stated she asked the worker what happened, but the worker stated she did not know. She stated another worker (therapist) told her [redacted] was antsy because she was being taken for a pelvic exam. Ms. [redacted] stated she did not understand why she was being taken for an exam.

She stated October-November are [redacted] trauma months. Anything like pumpkins or clowns can trigger her. She stated [redacted] therapist stated if she had known about the appointment, she would have told them it was not a good time. She stated [redacted] has been wetting the bed, she has nightmares, and must sleep with a weighted blanket. She stated when she is antsy, she does not like being touched.

She stated she has PTSD and she suffers from manic depression. She was on medication.

She stated she was informed [redacted] was restrained while she was at the appointment and the police had to be called. She stated it was reported that [redacted] started to fight staff. Ms. [redacted] stated her daughter can became aggressive she will

curse and her words can "cut you like a knife". She stated she will got back and forth during a confrontation.

She stated [redacted] has been at [redacted] for 2 months and 8 days. She stated she observed bruises and scratches on her shoulder, arms, and legs.

She stated the doctor in the ICU stated in order for there to be a bleed on the brain she had to be hit in the head.

She reports she was informed [redacted] was without oxygen for 45 minutes while at the campus.

She was transported to [redacted] Hospital then to Methodist LeBonhuer Germantown.

She reports the doctor stated they might have been able to save her if she had gone 2 minutes without oxygen and that [redacted] died at the facility.

Ms. [redacted] reports her daughter was beaten.

On Saturday night doctors stated she was 100% unresponsive and declared it was a brain death.

They removed her from the ventilator at 11:39am. Her body will be returned to Illinois.

The family reports they were not informed of any restraints or fight.

They stated they have heard the staff at the facility are inconsiderate and they break kids arms.

[redacted] was reportedly healthy. She has active asthma, and she uses an inhaler as needed.

Ms. [redacted] stated [redacted] was placed in custody in 2020. She was placed at a group home called [redacted] 11-10-2020.
She went to a placement in Michigan for 2 months then returned to [redacted] before being sent to Tennessee.

She stated [redacted] was sexually assault during her second stay at the group home-[redacted]a's.

Ms. [redacted] stated she was told [redacted] is good place and if she does well, she would be stepped down.

Ms. [redacted] stated she received a text on 11/16/2023 from the caseworker stating when you get a chance call me its about [redacted]

She stated that was a normal text she received. she stated she did not know anything until Friday November 16, 2023 when DCFS in Illinois came to her home.

Ms. [redacted] provided pictures of [redacted] while she was on the ventilator and she stated once her body is returned to Illinois services will be performed by [redacted] Services.

The TL expressed condolences to the family and provided Ms. [redacted] with her business card.

Telephone Call:
[redacted] Supervisor DCSF in Illinois.

Team Leader (TL) [redacted] contacted Mr. [redacted] today to speak with him about [redacted]

The TL introduced herself and explained the reason for the telephone call. Mr. [redacted] stated [redacted] is referred to as [redacted] and she was placed in TN because they could not locate a placement for her in Illinois. She was placed at [redacted] Center on 9/8/2023.

She has a history of aggressive behaviors (physical/verbal, running away) she was placed in their departments custody on December 2, 2020.

She has had multiple placements and no known health issues. Since her placement he stated he has not received any reports of her being restrained.
The mother [redacted] still has parental rights. Mr. [redacted] stated he was in [redacted] on Saturday 11-17-2023 he and met with mom and her family at the hospital. Per, Mr. [redacted] a brain study will be performed today. The Regional Administrator [redacted] is in route to [redacted]

Mr. [redacted] stated his office can be contacted if additional information is needed regarding [redacted]

The TL thanked Mr. [redacted] for speaking with her and ended the called.

[redacted] Case Manager
State of Illinois
[redacted]

SI [redacted] made contact with State of Illinois Case Manager [redacted] by phone. SI [redacted] engaged CM [redacted] and established rapport. SI [redacted] informed CM [redacted] of the purpose of the contact. CM [redacted] did not report any prior concerns with alleged child victim, [redacted] placement at [redacted] Center. However, CM [redacted] stated that although [redacted] had only been at [redacted] for 2 months, the scheduled monthly staffings did not occur. CM [redacted] stated that mother, [redacted] had informed [redacted] staff that October and November were trauma months for [redacted] due to a past history of sexual abuse (rape) and the child should not receive pelvic exams during that time. CM [redacted] stated that according to reports made to her [redacted] was at an OBGYN exam and that is when she lost it and the original restraint occurred. She was then taken back to [redacted] and another restraint occurred.

CM [redacted] stated she received a call from [redacted] Police Department on 11/16/2023 at approximately 12:57pm. CM [redacted] stated she returned the call at approximately 3:15pm on 11/16/2023. CM [redacted] stated she was not notified of the incident by [redacted] until 11/17/2023.

CM [redacted] reported the ACV having a medical diagnoses of Asthma.

[redacted], ICU PCC
[redacted] Childrens Hospital
[redacted]
[redacted] TN [redacted]

SI [redacted] met response at [redacted] Childrens Hospital [redacted] ICU Room [redacted] with alleged child victim, [redacted], PCC, ICU allowed SI [redacted] to observe [redacted] in ICU room [redacted] PCC [redacted] stated that multiple tests had been completed and the hospital was awaiting official reports to pronounce [redacted] brain dead. PCC [redacted] stated that the mother had not arrived from Illinois, and the hospital staff would be as compassionate as possible as there would only be so much they could do after [redacted] has a legal diagnoses of brain dead. PCC [redacted] stated that ICU doctors would return in the morning along with hospital Social Worker, [redacted]

During observation of [redacted] staff, [redacted] was present. Ms. [redacted] stated that [redacted] staff were rotating with sitting with [redacted] until her family arrived. Ms. [redacted] stated that she had been present in the room with [redacted] for approximately 3 hours. ICU Nursing allowed SI [redacted] to take photos of visible marks/bruises on [redacted] The following was observed; Circular bruise on top of left hand, small dot on left leg (ICU Nursing removed leg compressions to view the marks) and 3 horizontal dots/marks on right side of abdomen. The photos have been uploaded to the case file.

## Case Recording Summary

| | | | |
|---|---|---|---|
| Case Id: | [redacted] | Case Name: | [redacted] |
| Case Status: | Close | Organization: | [redacted] Region |

This is very likely a near death situation for [redacted] who is likely terminal. She is currently intubated and is unresponsive. She has had a cardiac catheter; however, nothing related to her heart was found. She remained unresponsive during the CT scan. If the scan shows brain death they will remove the tube that is keeping her breathing.

There is no additional information regarding the restraint. During the initial assessment it was reported that there were no marks on [redacted] neck and no hemorrhage on her head. There are three marks on her right abdomen that the nurses described as three small dots. The origin of these marks is unknown.

The [redacted] Police Department was called to the center and performed a review of the cameras. Reportedly there are no concerns with the restraint that was done to [redacted] The police department has been to the ICU and are closely monitoring the situation. It is unknown who from the police department is investigating the matter. The police are not currently at the hospital. The contacts in Illinois are aware of the situation. [redacted] is in route to the hospital. Mr. [redacted] has requested the intake number from the CPS report; this will be provided. [redacted] Director [redacted] has been in contact with the hospital.

-Are there any concerns for the safety of a Department of Childrens Services Case Manager responding to the childs home?
No

-Anything additional to add to this initial report for the responding worker to know prior to response?
No

Initial notification sent to appropriate parties b [redacted] | SIU Team Leader , when applicable.
Referral sent to juvenile court per regional protocol.
All severe abuse referrals will be sent to the District Attorneys office per regional protocol.

Department of Children's Services

# Child Protective Service Investigation Summary and Classification Decision of Child Abuse/Neglect Referral

**Case Name :** [redacted] **Investigation ID:** [redacted]

**C. Disposition Decision**

Disposition Decision: Assessed and Closed

Comments: The Department of Children's Services (DCS) Special Investigations Unit (SIU) received a referral on November 17, 2023, with an allegation of Severe Physical Abuse (Preliminary Near Death), regarding non-custodial alleged child victim (ACV) [redacted] DOB: [redacted], who was placed at [redacted] Center for Girls.

**D. Case Workers**

Case Worker: [redacted] Date: 12/17/2024

Team Leader: [redacted] Date: 12/20/2024

**E. Investigation Summary**

**Instruction: Condense the finding rationale for each allegation relative to the child victim(s). Be sure to identify the facts that provided for the classification decision.**

**Summarize the key points and dates of the child or children's statements and/or the observation of the child or children's physical state or home environment:**

On November 16, 2023 [redacted] was taken off campus from the [redacted] Center to the Health Department for a medical appointment. While at the appointment she became escalated and the police were called. [redacted] was transported by police back to the [redacted] Center. While entering the building [redacted] was still escalated and a restraint was started. While in the restraint [redacted] was aggressive and fighting with staff. Nursing came to observe and check on [redacted] and observed that [redacted] went from moving and fighting to grunting and quiet. It was reported that Nursing attempted to get an arousal from [redacted] but there was not response Nursing checked her pulse and there was not one. CPR was initiated and 911 was called.

**Summarize professional, medical or psychological findings or opinions: What is the collateral's oral or written finding/opinion of the incident(s)/allegation(s)?**

On November 18, 2023, Dr. [redacted] confirmed brain death at 1715 hours. On November 20, 2023, [redacted] died as a result of the incident and the allegation of Abuse Death was added. The cause of death is listed as "Complications of restraint with a contributing factor of asthma." Manner of death was listed as "Undetermined."

**Summarize alleged perpetrator's statement or admission: What is the perpetrator's explanation of the incident(s)/allegation(s)?**

[redacted] and [redacted] were all interviewed and detailed their account of what happened. The alleged child victim was transported to an appointment off campus. While at the appointment, it was reported she became aggressive and a physical restraint was utilized by staff lasting 30 minutes, which was the maximum amount of time allowed for consecutive restraint. Law enforcement was notified and assisted with transporting her back to [redacted] It was reported she became aggressive and uncooperative, and the restraint was used again. A small portion of the restraint was captured on video. The restraint lasted 29 minutes. It was discovered she became unresponsive. Medical intervention was initiated. The nurse retrieved and ammonia packet and initiated a sternum rub to attempt to elicit response and paramedics were called. Some staff reported hearing her make grunting or gurgling sounds. She was transported to the hospital while CPR was in progress and placed on a ventilator. She remained unresponsive. CT scans revealed a suspected brain bleed and a brain death occurred.

**Summarize witnesses' descriptions of what they saw and what they believe indicates child abuse/neglect:**

Witnesses observed the child becoming aggressive while off campus at an appointment where a restraint was initiated. Police arrived and brought the child back to the facility. Child was aggressive again. Another restraint was initiated. Multiple people were involved in the restraint giving each other breaks due to the length of the restraint. Witnesses detailed seeing the child go quiet and make gurgling or grunting sounds. Medical intervention was initiated. The nurse retrieved and ammonia packet and initiated a sternum rub to attempt to elicit response and paramedics were called. CPR was initiated while paramedics were enroute child was transported to the hospital.

### THE FAMILY TOGETHER

This section focuses on the family system. The first step is to define who makes up the family. Generally it is a household but sometimes two households in which the children spend considerable amounts of time could be considered (e.g. divorced parents with 50:50 visitation).
