School/ Daycare: Unknown
Active Military: No but Mr. [redacted] is in the Army Reserves

Reporter's Name/Relationship: [redacted]

-Child/Family Identification and Relationship Introduction Paragraph:
[redacted] (6m) lives with her parents, [redacted] (28) and [redacted] (30), in [redacted] County. There are two male children in the home, but their names are currently unknown. One is estimated to be 24-30 months old. The other child is estimated to be 6 or 7 years old.

-Are you requesting immediate assistance from DCS to your location, or only an immediate phone call?
Yes. The reporter is requesting an immediate in person response to [redacted] Emergency Room.

-Please provide a brief summary of the concerns and why DCS is needed to respond immediately.
On 11/23/2023, [redacted] County Medic [redacted] responded to a call regarding an unresponsive child at the family home. Upon paramedic arrival, [redacted] was already cold to the touch. It was noted that slight lividity had set in and that she was blue. Paramedics started asystole protocol and immediately transported [redacted] to the hospital. [redacted] was pronounced deceased at 0439 hours. Both parents were in the home with the child. The parents are presently at the hospital after arriving around 5:30am. It was reported that Mrs. [redacted] found [redacted] in the crib lying on her right side. The crib was said to be in living room. It was reported that [redacted] ate at 9:30pm and was put to bed at about 10:30pm. It is unclear if the parents checked on [redacted] before going to bed at 12:30am. Mrs. [redacted] found [redacted] around 4am.

Upon examination, [redacted] was noted to have an obvious bruise to her right eyelid and eye. [redacted] has a possible bruise to the right lateral foot/ankle area. [redacted] was born premature and was not old enough to get up, walk or fall down. Detective [redacted] with [redacted] Police is at the hospital. Currently, the cause of death is cardiopulmonary arrest with unknown causes. There will be an autopsy performed. Mr. and Mrs. [redacted] have their other two children with them in the emergency room. The family has a history with DCS. [redacted] had a twin that died on 06-22-2023 with no explanation. At that time, Mrs. [redacted] was the only parent present. Mr. [redacted] was out of state for military related tasks. The DCS referral made at that time was intake [redacted] Based on the last referral, it is known that Mrs. [redacted] has a history marijuana use and breastfeeding. There were also prior concerns of meth use. It is unknown if the substance use is ongoing, but Mrs. [redacted] does have psychiatric issues. Mrs. [redacted] said today that she completed psych behavioral modification. It is unknown if that was ordered by DCS or the court. Mrs. [redacted] response has not been appropriate for the death of a child. Today, Mrs. [redacted] stated "I've heard that this happens with twins." Mrs. [redacted] is not emotional, and her response was the same when she her child died in June. The parents have not yet been allowed to see [redacted] body, but it is believed that they won't stay at the hospital long after they do. The reporter is requesting an immediate response from DCS to ensure the safety and wellbeing of the remaining children in the home.

-Are there any concerns for the safety of a Department of Children's Services Case Manager responding to the child's home?

Tennessee Department of Children's Services

Closing Summary
On November 23rd, 2023, the Department of Childrens Services (DCS) received a referral for an allegation of Abuse Death regarding alleged child victim (ACV) [redacted] (6 Months). The alleged perpetrator was listed as an Unknown Participant. This investigation was assigned to Case Manager (CM) [redacted] by intake specialist [redacted] This case was worked in conjunction with [redacted] Police Department Detective [redacted] lived in the home with her mother [redacted] her father [redacted] her brothers [redacted] (7), and [redacted] (2). Her twin brother [redacted] passed away on June 22nd, 2023.
On November 23rd, 2023, at 6:05 am CM [redacted] received a referral requesting immediate response for allegations of Abuse Death reporting (ACV) [redacted] was found unresponsive in the home. Mother, [redacted] notified Emergency Medical Services (EMS) around 4:00 am. [redacted] County EMS responded to the home. [redacted] was already cold to the touch. EMS noticed that slight lividity had set in and that she was blue. [redacted] was found in her crib in the living room by Mrs. [redacted] lying on her right side. Paramedics started asystole protocol and immediately transported [redacted] to the [redacted] Emergency Room. Upon examination, [redacted] was noted to have bruises on her right eye and eyelid and on her right lateral ankle/foot area. The hospital noted [redacted] was premature and was not old enough to stand on her own. It was noted the cause of death is cardiopulmonary arrest with unknown causes, and an autopsy will be performed. [redacted] was pronounced deceased at 4:39am. Mr. and Mrs. [redacted] were at the hospital with her other two children. [redacted] twin [redacted] passed away on June 22nd, 2023, his cause of death was failure to thrive.
On November 23rd, 2023, at 8:00am CM [redacted] and CM [redacted] arrived at the [redacted] Hospital to begin the investigation. CM [redacted] and CM [redacted] interviewed the nurse [redacted] in a private room at [redacted] Hospital. Ms. [redacted] reported [redacted] arrived at the hospital at 4:29am and was pronounced dead at 4:39am. Ms. [redacted] reported when EMS arrived at the home, they performed CPR, but lividity was already set in. Ms. [redacted] reported when [redacted] was examined, she had a ton of milk in her stomach and diaper full of poop. Ms. [redacted] reported [redacted] had bruises around her eye, eyelid, ankle, and foot. [redacted] reported an ex-ray was not performed on the bruising.
On November 23rd, 2023, at 9:00am CM [redacted] and CM [redacted] began to interview Mr. [redacted] CM [redacted] and CM [redacted] spoke to Mr. [redacted] in a private room in the hospital. Mr. [redacted] reported he worked earlier that morning when he got home around 2:00pm. Mr. [redacted] reported he played with [redacted] and fed [redacted] a 12oz bottle. Mr. [redacted]

Tennessee Department of Children's Services

Case Recording Summary

Case Id: [redacted] Case Name: [redacted]

Case Status: Close Organization: [redacted] Region

reported [redacted] was able to hold her own bottle and burp herself. Mr. [redacted] reported after he fed [redacted] he laid her down for nap around 7:30pm. Mr. [redacted] reported after her nap at 9:30pm, [redacted] woke up fuzzy and he fed her another 12oz bottle. Mr. [redacted] reported he laid her down for bedtime around 11pm. Mr. [redacted] reported at 12:30am he touched [redacted] and she was startled when he touched her. Mr. [redacted] reported around 4am he woke up to Mrs. [redacted] screaming and crying that [redacted] was unresponsive and he preceded to call 9-1-1. Mr. [redacted] reported EMS arrived and perform CPR, but it was too late.

On November 23rd, 2023, at 9:18am CM [redacted] and CM [redacted] interviewed Mrs. [redacted] in a private room in the hospital. Mrs. [redacted] reported she was home all day with [redacted] and [redacted] until Mr. [redacted] came home. Mrs. [redacted] reported her, and [redacted] left for food. Mrs. [redacted] reported when she returned [redacted] was taking a nap. Mrs. [redacted] reported at 9pm she placed [redacted] on her stomach for tummy-time. Mrs. [redacted] reported at 11pm Mr. [redacted] fed [redacted] and placed her in the bed. Mrs. [redacted] reported [redacted] was still up watching tv. Mrs. [redacted] reported everyone went to bed around 12:30am. Mrs. [redacted] reported at 4:00am her alarm went off and she got up and checked on her [redacted] Mrs. [redacted] reported she did not startle. Mrs. [redacted] reported she started to panic, she called the police and Mr. [redacted] began CPR until the police arrived.

On December 11th, 2023, at 2:00pm CM [redacted] arrived at [redacted] for the FI for [redacted] and [redacted] spoke in a private room. [redacted] reported he misses his brother [redacted] reported his mom told him [redacted] was gone to Heaven with [redacted] reported he would help his mom with [redacted] when she was busy. [redacted] reported he would make a bottle for [redacted] explained how to make an 8oz bottle.
On February 26th at 4:36pm CM [redacted] received the autopsy of [redacted] The medical examiner determined the cause of death was Undetermined infant death in an unsafe sleep environment.

On February 27th at 3:00pm CM [redacted] arrived at the adjudication for [redacted] and [redacted] The judge dismissed the case determining Mr. and Mrs. [redacted] did not harm [redacted] and did not have any concerns for [redacted] and [redacted]
Per DCS Policy Work-Aid 1 Section E:
Child death is defined as:
a) Any child death caused by abuse or neglect
b) Any unexplained death of a child when the cause of death is unknown or pending an autopsy report.
c) Any child death caused by abuse or neglect resulting from the parent or legal custodian/caretaker failure to stop another persons direct action that resulted in the death of the child. Child deaths are always treated as severe abuse.

2. A near death, per Tennessee Code Annotated (TCA) 37-5-107(c)(4) is defined as a serious or critical medical condition resulting from abuse, neglect or child sexual abuse, as reported by a physician who has examined the child subsequent to the abuse or neglect.
Lack of Supervision is defined as:
: Failure to provide adequate supervision, by a parent or other legal custodian/caretaker, who is able to do so. A lack of supervision allegation or determination means that: a) The child has been placed in a situation that requires actions beyond the childs level of maturity, physical ability, and/or mental ability; or b) Caregiver inadequately supervises a child. The caregiver is with the child, but is unable or unwilling to supervise (e.g., the caregiver is under the influence of alcohol or drugs, is depressed, sleeps during the day or has inadequate parenting knowledge or skills).
On March 5th at 12:00pm. Child Protective Investigative Team (CPIT) was convened for [redacted] CPIT determined the case would be classified as AUPU for Mrs. [redacted] for the alleged Abuse Death per the autopsy for [redacted] CPIT did discuss classifying the case as Substantiating Mrs. [redacted] on the Lack of Supervision of [redacted] due to her being found by EMS wrapped in an adult size comforter in her pack n play, but that allegation was not severe so there is not a CPIT form for this allegation.

The following members were present during the CPIT presentation: [redacted] Police Department, ADA [redacted]

Narrative Details

Narrative Type: Original Entry Date/Time: 05/30/2024 09:18 AM Entered By: [redacted]

TL [redacted] staffed this case on 11/23/2023 with CM [redacted] and CM [redacted] The case was called in with immediate assistance requested. The allegations on the intake were Abuse Death with Alleged Child Victim (ACV) as [redacted] (DOB [redacted]) and the Alleged Perpetrator being unknown. The referral stated that [redacted] was pronounced deceased at [redacted] Medical Center around 4:30am. [redacted] was brought to the hospital via EMS after mother, [redacted] found her in the crib on her side not breathing. TL [redacted] notes that there is an open case regarding the twin of [redacted] ([redacted]) who was pronounced deceased at the same hospital in June 2023 and that case is open pending final autopsy report. TL [redacted] also notes that there are two other children in the home, [redacted] (6) and [redacted] (2).

CPIT was convened with [redacted] Police Department and Detective [redacted] was assigned the case. TL [redacted] spoke with Detective [redacted] who reported he observed and took pictures of [redacted] interviewed the mother and father, and was reviewing notes from the previous investigation from June 2023. He reported that he did not have concerns with the interviews from the parents but did feel that the situation with two infant deaths in a short time was concerning. Detective [redacted] stated he saw the previous death had an autopsy which showed natural causes / failure to thrive. Detective [redacted] stated he would share his interview documentation with TL [redacted] when completed and that he was fine with CMs going on the case without him. He reported that he has spoke with the ADA and Medical Examiner and has scheduled an autopsy to take place tomorrow 11/24/2023.

TL [redacted] spoke with the charge nurse at [redacted] Medical Center, [redacted] reported that the mother and father ([redacted]) and [redacted] were both at the hospital with their two older children. She stated that Mr. [redacted] was distraught but that mother was un-emotional and had made comments like Ive heard this happens with twins. She stated that the mother shared with hospital staff she recently had a psychotherapy treatment at [redacted] and that the children were with their father. Nurse [redacted] stated that she spoke with the mother who reported they fed [redacted] at 9:30, put her to bed at 10:30 in the living room in her bed, and that they stayed in there to watch TV until about 12:30 before going to their bedroom. At roughly 4am, the sibling woke the mother up and she went to the living area of the home and saw [redacted] had rolled to her right side in her sleep and that is when mom noticed she was cold and blue. Nurse [redacted] stated [redacted] arrived at the hospital around 4:30 and the parents did not get there until about 5:30 but noted the parents only live 8

Tennessee Department of Children's Services

Case Recording Summary

Case Id:	[redacted]	Case Name:	[redacted]
Case Status:	Close	Organization:	[redacted] Region

minutes away from the hospital so she felt this was strange. She stated that she observed [redacted] body to be cold and blue, with some notable dirt under her toenails and blue around the right eye.

CM [redacted] and CM [redacted] arrived at [redacted] Medical Center and met with Nurse [redacted] at approximately 8:30am. Nurse [redacted] reported to them that [redacted] was brought in at 4:29am and pronounced deceased at 4:36am. She reported they did not do scans or x-rays but that [redacted] belly was full of formula and her diaper was full of poop. CMs spoke with the Emergency Room physician, ([redacted] who reported that [redacted] had a blue and swollen eye which they are not sure the cause of but believes it was due to injury. Doctor [redacted] also reported formula coming out of her nose and her mouth when CPR was being performed. She also reported that [redacted] fists were clenched when she arrived at the hospital which is not typical.

CM [redacted] and CM [redacted] spoke with [redacted] in a private room at the hospital. [redacted] reported he got home from work at 2:00pm on 11/22/2023. [redacted] reported he played with [redacted] and fed her a 12oz bottle. [redacted] reported he put her down for a nap at 7:30pm, she woke up at 9:30pm and he played with her more after. [redacted] reported [redacted] was fussy, so he fed her another 12oz bottle and laid her down for her nap around 11:00pm. [redacted] reported he touched [redacted] at 12:30am and she was startled. [redacted] reported alarm went off at 4:00am, he went back to sleep and then woke up to screaming from [redacted] to do CPR on [redacted] reported they then called 9-1-1. Mr. [redacted] was drug screened and was negative for all substances. Mr. [redacted] denied bruising on [redacted] and stated he had pictures he could show of [redacted] yesterday (11/22) to show she did not have bruises then.

CM [redacted] and CM [redacted] spoke with [redacted] in a private room. [redacted] reported around 4pm her and [redacted] went to a few stores, then came back home and ate pizza. [redacted] reported [redacted] was playing with [redacted] and feeding her. [redacted] reported after her feeding at 11pm, she asked [redacted] to put her in the bed while she took her nap. [redacted] reported she went to take a shower around 12:30am and then went to put [redacted] in her crib and proceeded to bed. [redacted] reported the alarm went off at 4am and [redacted] ran in the living room. [redacted] reported she went into the kitchen to get a drink. [redacted] reported she went to check on [redacted] and was half turned on her belly and half on her side. [redacted] reported she picked her up she did not move or cry, she then ran into the room with [redacted] was panicking and rushing him to do CPR on [redacted] [redacted] reported they then after called 9-1-1. Mrs. [redacted] was drug screened and positive for THC, reportedly using THC gummies for pain management. Mrs. [redacted] denied knowing of any bruising on [redacted] Mrs. [redacted] reported that [redacted] was just seen by the primary care pediatrician for her six-month shots earlier this month. Mrs. [redacted] denied any psychotherapy treatment since [redacted] died in June 2023 but is on medications which she is taking regularly for her mental health.

CM [redacted] interviewed the grandmother, [redacted] who reported that she previously assisted mom and dad in caring for the children for a weekend in August. She reported [redacted] would eat 5-6 ounce bottles every few hours during her stay then. Grandmother expressed concerns about Mrs. [redacted] aggression and mental health.

The siblings, [redacted] and [redacted] will be added to this case as Alleged Child Victims for Lack of Supervision. They were observed by Doctor [redacted] and CM [redacted] with no concerns for abuse, with one noted bruise on [redacted] back reported to be from playing with [redacted]

TL [redacted] and TC [redacted] discussed this case and a legal consult was completed with RGC [redacted]. The parents were asked to complete an Immediate Protection Agreement (IPA) to which they agreed. They identified the paternal grandmother, [redacted] who lives in [redacted] County and was present at the hospital. Ms. [redacted] agreed to be placement, consented to a urine drug screen and background checks. The drug screen was negative for all substances and the local, state, and federal background checks had no results. TFACTS checks were negative for any cases with Ms. [redacted] as the perpetrator. A home visit was completed at her residence ([redacted] County) and the 1620 was signed by CM [redacted] and Ms. [redacted] TL [redacted] has updated Detective [redacted] of the steps taken by DCS today.

Tennessee Department of Children's Services

Case Recording Summary

Case Id:	[redacted]	Case Name:	[redacted]
Case Status:	Close	Organization:	[redacted] Region

Next Steps:
CM will consult with CARE team about siblings.
CM will schedule and attend the forensic interview on [redacted]
CM will follow up with Detective [redacted] about autopsy.
CM will contact [redacted] Pediatrics for records on [redacted]
CM will contact the TEIS worker as collateral.
CM will update documentation and complete initial FAST assessment.

UPDATE as of 12/05/2023

The prelim hearing was set for this date and was reset for January. The family his having difficulties with visitation so a CFTM is being scheduled to discuss a visitation schedule and appropriate visits.

UDPATE as of 01/04/2023

The safety placement has changed to Mr. and Mrs. [redacted] THe prelim is set for January 23rd. THe preliminary autopsy was completed and Det. [redacted] reported there were no findings of concern at this point. [redacted] final autopsy has been received and the cause of death was failure to thrive.

CM will continue to complete monthly visits and will attend all court hearings and will ensure the parents are compliant with all services. [redacted] had an intake with [redacted] this week so CM will also follow up regarding the intake appointment.

UDPATE as of 02/12/2024

Case is pending autopsy. The children are now home as of the last court hearing and the case is set for review. Cm will continue monthly visits and will ensure mother completes all services.

Update as of 03/15/2024

Case has been resolved in court and the allegations in court have been dismissed. The case was presented in CPIT and the team agreed to the allegations of AUPU regarding abuse death but the team agreed to ASPS based on the allegations of LOS. The team agreed that mother has been formally educated on safe sleep numerous times, has a previous child death and should know to keep a child with appropriate safe sleep settings, and the child was found wrapped in an adult sized comforter in a pack n' play.

Update as of 04/03/2024

CM is preparing the closing case summary and is preparing case for closure.

TL [redacted] notes the allegation of LOS is non-severe and there is no CPIT form for the allegation classification, but lengthy discussion still occurred regarding this allegation.

UDPATE as of 05/30

This case has been sent for review for approval and the case summary has been submitted. All case notes are updaed and all documents are uploaded.

their bedroom. At roughly 4am, the sibling woke the mother up and she went to the living area of the home and saw [redacted] had rolled to her right side in her sleep and that is when mom noticed she was cold and blue. Nurse [redacted] stated [redacted] arrived at the hospital around 4:30 and the parents did not get there until about 5:30 but noted the parents only live 8 minutes away from the hospital so she felt this was strange. She stated that she observed [redacted] body to be cold and blue, with some notable dirt under her toenails and blue around the right eye.

CM [redacted] and CM [redacted] arrived at [redacted] Medical Center and met with Nurse [redacted] at approximately 8:30am. Nurse [redacted] reported to them that [redacted] was brought in at 4:29am and pronounced deceased at 4:36am. She reported they did not do scans or x-rays but that [redacted] belly was full of formula and her diaper was full of poop. CMs spoke with the Emergency Room physician, ([redacted] who reported that [redacted] had a blue and swollen eye which they are not sure the cause of but believes it was due to injury. Doctor [redacted] also reported formula coming out of her nose and her mouth when CPR was being performed. She also reported that [redacted] fists were clenched when she arrived at the hospital which is not typical.

CM [redacted] and CM [redacted] spoke with [redacted] in a private room at the hospital. [redacted] reported he got home from work at 2:00pm on 11/22/2023. [redacted] reported he played with [redacted] and fed her a 12oz bottle. [redacted] reported he put her down for a nap at 7:30pm, she woke up at 9:30pm and he played with her more after. [redacted] reported [redacted] was fussy, so he fed her another 12oz bottle and laid her down for her nap around 11:00pm. [redacted] reported he touched [redacted] at 12:30am and she was startled. [redacted] reported alarm went off at 4:00am, he went back to sleep and then woke up to screaming from [redacted] to do CPR on [redacted] reported they then called 9-1-1. Mr. [redacted] was drug screened and was negative for all substances. Mr. [redacted] denied bruising on [redacted] and stated he had pictures he could show of [redacted] yesterday (11/22) to show she did not have bruises then.

CM [redacted] and CM [redacted] spoke with [redacted] in a private room. [redacted] reported around 4pm her and [redacted] went to a few stores, then came back home and ate pizza. [redacted] reported [redacted] was playing with [redacted] and feeding her. [redacted] reported after her feeding at 11pm, she asked [redacted] to put her in the bed while she took her nap. [redacted] reported she went to take a shower around 12:30am and then went to put [redacted] in her crib and proceeded to bed. [redacted] reported the alarm went off at 4am and [redacted] ran in the living room. [redacted] reported she went into the kitchen to get a drink. [redacted] reported she went to check on [redacted] and was half turned on her belly and half on her side. [redacted] reported she picked her up she did not move or cry, she then ran into the room with [redacted] was panicking and rushing him to do CPR on [redacted] [redacted] reported they then after called 9-1-1. Mrs. [redacted] was drug screened and positive for THC, reportedly using THC gummies for pain management. Mrs. [redacted] denied knowing of any bruising on [redacted] Mrs. [redacted] reported that [redacted] was just seen by the primary care pediatrician for her six-month shots earlier this month. Mrs. [redacted] denied any psychotherapy treatment since [redacted] died in June 2023 but is on medications which she is taking regularly for her mental health.

CM [redacted] interviewed the grandmother, [redacted] who reported that she previously assisted mom and dad in caring for the children for a weekend in August. She reported [redacted] would eat 5-6 ounce bottles every few hours during her stay then. Grandmother expressed concerns about Mrs. [redacted] aggression and mental health.

The siblings, [redacted] and [redacted] will be added to this case as Alleged Child Victims for Lack of Supervision. They were observed by Doctor [redacted] and CM [redacted] with no concerns for abuse, with one noted bruise on [redacted] back reported to be from playing with [redacted]

TL [redacted] and TC [redacted] discussed this case and a legal consult was completed with RGC [redacted]. The parents were asked to complete an Immediate Protection Agreement (IPA) to which they agreed. They identified the paternal grandmother, [redacted] who lives in [redacted] County and was present at the hospital. Ms. [redacted] agreed to be placement, consented to a urine drug screen and background checks. The drug screen was negative for all substances and the local, state, and federal background checks had no results. TFACTS checks were negative for any cases with Ms.

[redacted] as the perpetrator. A home visit was completed at her residence ([redacted] County) and the 1620 was signed by CM [redacted] and Ms. [redacted] TL [redacted] has updated Detective [redacted] of the steps taken by DCS today.

Next Steps:
CM will consult with CARE team about siblings.
CM will schedule and attend the forensic interview on [redacted]
CM will follow up with Detective [redacted] about autopsy.
CM will contact [redacted] Pediatrics for records on [redacted]
CM will contact the TEIS worker as collateral.
CM will update documentation and complete initial FAST assessment.

UPDATE as of 12/05/2023

The prelim hearing was set for this date and was reset for January. The family his having difficulties with visitation so a CFTM is being scheduled to discuss a visitation schedule and appropriate visits.

UDPATE as of 01/04/2023

The safety placement has changed to Mr. and Mrs. [redacted] THe prelim is set for January 23rd. THe preliminary autopsy was completed and Det. [redacted] reported there were no findings of concern at this point. [redacted] final autopsy has been received and the cause of death was failure to thrive.

CM will continue to complete monthly visits and will attend all court hearings and will ensure the parents are compliant with all services. [redacted] had an intake with [redacted] this week so CM will also follow up regarding the intake appointment.

UDPATE as of 02/12/2024

Case is pending autopsy. The children are now home as of the last court hearing and the case is set for review. Cm will continue monthly visits and will ensure mother completes all services.

Update as of 03/15/2024

Case has been resolved in court and the allegations in court have been dismissed. The case was presented in CPIT and the team agreed to the allegations of AUPU regarding abuse death but the team agreed to ASPS based on the allegations of LOS. The team agreed that mother has been formally educated on safe sleep numerous times, has a previous child death and should know to keep a child with appropriate safe sleep settings, and the child was found wrapped in an adult sized comforter in a pack n' play.

Update as of 04/03/2024

CM is preparing the closing case summary and is preparing case for closure.

Narrative Type: Addendum 1 Entry Date/Time: 05/13/2024 01:20 PM Entered By: [redacted]

TL [redacted] notes the allegation of LOS is non-severe and there is no CPIT form for the allegation classification, but lengthy discussion still occurred regarding this allegation.

Narrative Type: Original Entry Date/Time: 04/03/2024 02:04 PM Entered By: [redacted]

TL [redacted] staffed this case on 11/23/2023 with CM [redacted] and CM [redacted] The case was called in with immediate assistance requested. The allegations on the intake were Abuse Death with Alleged Child Victim (ACV) as [redacted] (DOB [redacted]) and the Alleged Perpetrator being unknown. The referral stated that [redacted] was pronounced deceased at [redacted] Medical Center around 4:30am. [redacted] was brought to the hospital via EMS after mother, [redacted] found her in the crib on her side not breathing. TL [redacted] notes that there is an open case regarding the twin of [redacted] ([redacted]) who was pronounced deceased at the same hospital in June 2023 and that case is open pending final autopsy report. TL [redacted] also notes that there are two other children in the home, [redacted] (6) and [redacted] (2).

CPIT was convened with [redacted] Police Department and Detective [redacted] was assigned the case. TL [redacted] spoke with Detective [redacted] who reported he observed and took pictures of [redacted] interviewed the mother and father, and was reviewing notes from the previous investigation from June 2023. He reported that he did not have concerns with the interviews from the parents but did feel that the situation with two infant deaths in a short time was concerning. Detective [redacted] stated he saw the previous death had an autopsy which showed natural causes / failure to thrive. Detective [redacted] stated he would share his interview documentation with TL [redacted] when completed and that he was fine with CMs going on the case without him. He reported that he has spoke with the ADA and Medical Examiner and has scheduled an autopsy to take place tomorrow 11/24/2023.

TL [redacted] spoke with the charge nurse at [redacted] Medical Center, [redacted] reported that the mother and father ([redacted]) and [redacted] were both at the hospital with their two older children. She stated that Mr. [redacted] was distraught but that mother was un-emotional and had made comments like Ive heard this happens with twins. She stated that the mother shared with hospital staff she recently had a psychotherapy treatment at [redacted] and that the children were with their father. Nurse [redacted] stated that she spoke with the mother who reported they fed [redacted] at 9:30, put her to bed at 10:30 in the living room in her bed, and that they stayed in there to watch TV until about 12:30 before going to their bedroom. At roughly 4am, the sibling woke the mother up and she went to the living area of the home and saw [redacted] had rolled to her right side in her sleep and that is when mom noticed she was cold and blue. Nurse [redacted] stated [redacted] arrived at the hospital around 4:30 and the parents did not get there until about 5:30 but noted the parents only live 8

CM [redacted] and TL Page arrived at [redacted] Tennessee [redacted] to see [redacted] welcome CM [redacted] and TL [redacted] into her home. [redacted] was playing in his room with his toys. [redacted] reported her mom sexually abused [redacted] and wanted to know what to do about it. TL page referred [redacted] to the DCS hotline number to call in a referral. [redacted] reported [redacted] abused her sons and they had bruises on them when they arrived at [redacted] home. [redacted] reported [redacted] home was dirty and she did not feed her grandchildren. [redacted] reported she is trying to find a therapist. [redacted] reported she has not taken the parenting classes.

Observation: [redacted] is too young to interview. [redacted] did not have any visible marks or bruises on him.

CM [redacted] and TL [redacted] arrived [redacted] Elementary school to speak with [redacted] CM [redacted] and TL [redacted] spoke with [redacted] privately. TL [redacted] interviewed [redacted] reported he was glad to be back home. [redacted] reported school was going well for him. [redacted] reported she liked staying with [redacted] reported [redacted] is not his grandmother anymore. [redacted] reported is rude, mean and lies a lot. [redacted] reported [redacted] told [redacted] everyone is going to be dead when she wakes up. [redacted] reported [redacted] home was never clean and she never cared about them. [redacted] reported [redacted] would only feed them cereal. [redacted] reported he does not get in trouble, so he isnt really disciplined at home.

Observation: [redacted] did not have any visible marks or bruises on him.

Narrative Details

Narrative Type: Original Entry Date/Time: 01/04/2024 01:09 PM Entered By: [redacted]

TL [redacted] staffed this case on 11/23/2023 with CM [redacted] and CM [redacted] The case was called in with immediate assistance requested. The allegations on the intake were Abuse Death with Alleged Child Victim (ACV) as [redacted] (DOB [redacted]) and the Alleged Perpetrator being unknown. The referral stated that [redacted] was pronounced deceased at [redacted] Medical Center around 4:30am. [redacted] was brought to the hospital via EMS after mother, [redacted] found her in the crib on her side not breathing. TL [redacted] notes that there is an open case regarding the twin of [redacted] ([redacted]) who was pronounced deceased at the same hospital in June 2023 and that case is open pending final autopsy report. TL [redacted] also notes that there are two other children in the home, [redacted] (6) and [redacted] (2).

CPIT was convened with [redacted] Police Department and Detective [redacted] was assigned the case. TL [redacted] spoke with Detective [redacted] who reported he observed and took pictures of [redacted] interviewed the mother and father, and was reviewing notes from the previous investigation from June 2023. He reported that he did not have concerns with the interviews from the parents but did feel that the situation with two infant deaths in a short time was concerning. Detective [redacted] stated he saw the previous death had an autopsy which showed natural causes / failure to thrive. Detective [redacted] stated he would share his interview documentation with TL [redacted] when completed and that he was fine with CMs going on the case without him. He reported that he has spoke with the ADA and Medical Examiner and has scheduled an autopsy to take place tomorrow 11/24/2023.

TL [redacted] spoke with the charge nurse at [redacted] Medical Center, [redacted] reported that the mother and father ([redacted]) and [redacted] were both at the hospital with their two older children. She stated that Mr. [redacted] was distraught but that mother was un-emotional and had made comments like Ive heard this happens with twins. She stated that the mother shared with hospital staff she recently had a psychotherapy treatment at [redacted] and that the children were with their father. Nurse [redacted] stated that she spoke with the mother who reported they fed [redacted] at 9:30, put her to bed at 10:30 in the living room in her bed, and that they stayed in there to watch TV until about 12:30 before going to their bedroom. At roughly 4am, the sibling woke the mother up and she went to the living area of the home and saw [redacted] had rolled to her right side in her sleep and that is when mom noticed she was cold and blue. Nurse [redacted] stated [redacted] arrived at the hospital around 4:30 and the parents did not get there until about 5:30 but noted the parents only live 8

minutes away from the hospital so she felt this was strange. She stated that she observed [redacted] body to be cold and blue, with some notable dirt under her toenails and blue around the right eye.

CM [redacted] and CM [redacted] arrived at [redacted] Medical Center and met with Nurse [redacted] at approximately 8:30am. Nurse [redacted] reported to them that [redacted] was brought in at 4:29am and pronounced deceased at 4:36am. She reported they did not do scans or x-rays but that [redacted] belly was full of formula and her diaper was full of poop. CMs spoke with the Emergency Room physician, [redacted] who reported that [redacted] had a blue and swollen eye which they are not sure the cause of but believes it was due to injury. Doctor [redacted] also reported formula coming out of her nose and her mouth when CPR was being performed. She also reported that [redacted] fists were clenched when she arrived at the hospital which is not typical.

CM [redacted] and CM [redacted] spoke with [redacted] in a private room at the hospital. [redacted] reported he got home from work at 2:00pm on 11/22/2023. [redacted] reported he played with [redacted] and fed her a 12oz bottle. [redacted] reported he put her down for a nap at 7:30pm, she woke up at 9:30pm and he played with her more after. [redacted] reported [redacted] was fussy, so he fed her another 12oz bottle and laid her down for her nap around 11:00pm. [redacted] reported he touched [redacted] at 12:30am and she was startled. [redacted] reported alarm went off at 4:00am, he went back to sleep and then woke up to screaming from [redacted] to do CPR on [redacted] reported they then called 9-1-1. Mr. [redacted] was drug screened and was negative for all substances. Mr. [redacted] denied bruising on [redacted] and stated he had pictures he could show of [redacted] yesterday (11/22) to show she did not have bruises then.

CM [redacted] and CM [redacted] spoke with [redacted] in a private room. [redacted] reported around 4pm her and [redacted] went to a few stores, then came back home and ate pizza. [redacted] reported [redacted] was playing with [redacted] and feeding her. [redacted] reported after her feeding at 11pm, she asked [redacted] to put her in the bed while she took her nap. [redacted] reported she went to take a shower around 12:30am and then went to put [redacted] in her crib and proceeded to bed. [redacted] reported the alarm went off at 4am and [redacted] ran in the living room. [redacted] reported she went into the kitchen to get a drink. [redacted] reported she went to check on [redacted] and was half turned on her belly and half on her side. [redacted] reported she picked her up she did not move or cry, she then ran into the room with [redacted] was panicking and rushing him to do CPR on [redacted] reported they then after called 9-1-1. Mrs. [redacted] was drug screened and positive for THC, reportedly using THC gummies for pain management. Mrs. [redacted] denied knowing of any bruising on [redacted] Mrs. [redacted] reported that [redacted] was just seen by the primary care pediatrician for her six-month shots earlier this month. Mrs. [redacted] denied any psychotherapy treatment since [redacted] died in June 2023 but is on medications which she is taking regularly for her mental health.

CM [redacted] interviewed the grandmother, [redacted] who reported that she previously assisted mom and dad in caring for the children for a weekend in August. She reported [redacted] would eat 5-6 ounce bottles every few hours during her stay then. Grandmother expressed concerns about Mrs. [redacted] aggression and mental health.

The siblings, [redacted] and [redacted] will be added to this case as Alleged Child Victims for Lack of Supervision. They were observed by Doctor [redacted] and CM [redacted] with no concerns for abuse, with one noted bruise on [redacted] back reported to be from playing with [redacted]

TL [redacted] and TC [redacted] discussed this case and a legal consult was completed with RGC [redacted]. The parents were asked to complete an Immediate Protection Agreement (IPA) to which they agreed. They identified the paternal grandmother, [redacted] who lives in [redacted] County and was present at the hospital. Ms. [redacted] agreed to be placement, consented to a urine drug screen and background checks. The drug screen was negative for all substances and the local, state, and federal background checks had no results. TFACTS checks were negative for any cases with Ms. [redacted] as the perpetrator. A home visit was completed at her residence [redacted] County) and the 1620 was signed by CM [redacted] and Ms. [redacted] TL [redacted] has updated Detective [redacted] of the steps taken by DCS today.

The Abuse Death investigation regarding Alleged Child Victim (ACV) [redacted] was debriefed with the following staff: Case Manager (CM) [redacted] Team Leader (TL) [redacted], TL [redacted] Team Coordinator (TC) [redacted], CPS Director (CPSD) [redacted], and Director of Critical Incident Support (DCIS) [redacted].

The CPS investigation was assigned on 11/23/23 concerning the death of ACV [redacted] (5mo). It was reported [redacted] resided with her birth mother [redacted] birth father [redacted] and two siblings [redacted] 2yo and [redacted] 6yo] in [redacted] County. [redacted] was also the twin sibling of [redacted] who died on 6/22/23. There was an open CPS death investigation for this child at the time of [redacted] death.

On 11/23/23 911 was called from the family home regarding [redacted] who was found unresponsive and by the family in her crib on her right side. EMS responded and reported [redacted] was cold to the touch, blue, and had slight lividity. [redacted] was transported to the hospital where pronounced deceased. [redacted] was observed to have an obvious bruise to her right eye, swelling to the eyeball as well, and a small bruise on her right ankle. Cause of death is unknown and autopsy results are pending.

The father reported feeding [redacted] 12 ounces of formula at 7:30pm and 12 ounces at 9:30pm The mother reported she believes the amount was likely between 6-8 ounces. At 10:30pm [redacted] was reportedly placed asleep in her crib with a blanket in the living room. The parents watched television until 12:30am then went to bed, at which time the father checked on [redacted] and everything seemed fine. At approximately 4am the parents alarm went off accidentally and the 6yo sibling woke and went into their room. The mother then got up and checked on [redacted] finding her unresponsive. She immediately screamed and alerted the father who called 911. It was reported [redacted] had no known health concerns and was last seen by the PCP on 11/20/23 at which time no concerns were noted and she received immunizations. The parents deny any knowledge of the eye injury and provided pictures of [redacted] in the immediate 48 hours before her death in which no bruising was present. A FI has been scheduled for the 6yo sibling next week. Due the second child death, unknown causes of death for both children, and the eye injury the siblings were safety placed with the paternal grandmother with supervised contact for the parents. The parents have agreed to parenting and mental health assessments. A family member cited concerns regarding the 6yo having a black eye in August, but he and the parents maintain the injury occurred falling off a slide on the

playground.

Next Steps:
-- CM will request ACVs birth and PCP records. Records will be reviewed and uploaded to TFACTS.
-- CM will request Safety Nurse to review most recent PCP appointments for ACV and deceased sibling.
-- CM will request all interviews and information/evidence collected by LE within their investigation and review, summarize, and upload what is shared to TFACTS.
-- CM will complete FI interview for 6yo sibling.
-- CM will complete collateral with 6yos school and inquire about any injuries or concerns.
-- CM will follow-up with the parents on service progression/compliance for parenting and MH assessments/recommendations.
-- CM will request CARE team evaluation of siblings.
-- CM will file D/N petition.
-- CM will document and upload autopsy into TFACTS once received.
-- CM will complete Closing FAST prior to case closure.
-- CM will present findings to the Child Protective Investigative Team (CPIT) for classification review.

Employee Assistance Program (EAP) information and supervisory support was discussed with involved staff.

Narrative Details

Narrative Type: Original Entry Date/Time: 11/23/2023 08:23 PM Entered By: [redacted]

TL [redacted] staffed this case on 11/23/2023 with CM [redacted] and CM [redacted] The case was called in with immediate assistance requested. The allegations on the intake were Abuse Death with Alleged Child Victim (ACV) as [redacted] (DOB [redacted]) and the Alleged Perpetrator being unknown. The referral stated that [redacted] was pronounced deceased at [redacted] Medical Center around 4:30am. [redacted] was brought to the hospital via EMS after mother, [redacted] found her in the crib on her side not breathing. TL [redacted] notes that there is an open case regarding the twin of [redacted] ([redacted]) who was pronounced deceased at the same hospital in June 2023 and that case is open pending final autopsy report. TL [redacted] also notes that there are two other children in the home, [redacted] (6) and [redacted] (2).

CPIT was convened with [redacted] Police Department and Detective [redacted] was assigned the case. TL [redacted] spoke with Detective [redacted] who reported he observed and took pictures of [redacted] interviewed the mother and father, and was reviewing notes from the previous investigation from June 2023. He reported that he did not have concerns with the interviews from the parents but did feel that the situation with two infant deaths in a short time was concerning. Detective [redacted] stated he saw the previous death had an autopsy which showed natural causes / failure to thrive. Detective [redacted] stated he would share his interview documentation with TL [redacted] when completed and that he was fine with CMs going on the case without him. He reported that he has spoke with the ADA and Medical Examiner and has scheduled an autopsy to take place tomorrow 11/24/2023.

TL [redacted] spoke with the charge nurse at [redacted] Medical Center, [redacted] reported that the mother and father ([redacted]) and [redacted] were both at the hospital with their two older children. She stated that Mr. [redacted] was distraught but that mother was un-emotional and had made comments like Ive heard this happens with twins. She stated that the mother shared with hospital staff she recently had a psychotherapy treatment at [redacted] and that the children were with their father. Nurse [redacted] stated that she spoke with the mother who reported they fed [redacted] at 9:30, put her to bed at 10:30 in the living room in her bed, and that they stayed in there to watch TV until about 12:30 before going to their bedroom. At roughly 4am, the sibling woke the mother up and she went to the living area of the home and saw [redacted] had rolled to her right side in her sleep and that is when mom noticed she was cold and blue. Nurse [redacted] stated [redacted] arrived at the hospital around 4:30 and the parents did not get there until about 5:30 but noted the parents only live 8

Case Status:	Close	Organization:	[redacted] Region

minutes away from the hospital so she felt this was strange. She stated that she observed [redacted] body to be cold and blue, with some notable dirt under her toenails and blue around the right eye.

CM [redacted] and CM [redacted] arrived at [redacted] Medical Center and met with Nurse [redacted] at approximately 8:30am. Nurse [redacted] reported to them that [redacted] was brought in at 4:29am and pronounced deceased at 4:36am. She reported they did not do scans or x-rays but that [redacted] belly was full of formula and her diaper was full of poop. CMs spoke with the Emergency Room physician, ([redacted] who reported that [redacted] had a blue and swollen eye which they are not sure the cause of but believes it was due to injury. Doctor [redacted] also reported formula coming out of her nose and her mouth when CPR was being performed. She also reported that [redacted] fists were clenched when she arrived at the hospital which is not typical.

CM [redacted] and CM [redacted] spoke with [redacted] in a private room at the hospital. [redacted] reported he got home from work at 2:00pm on 11/22/2023. [redacted] reported he played with [redacted] and fed her a 12oz bottle. [redacted] reported he put her down for a nap at 7:30pm, she woke up at 9:30pm and he played with her more after. [redacted] reported [redacted] was fussy, so he fed her another 12oz bottle and laid her down for her nap around 11:00pm. [redacted] reported he touched [redacted] at 12:30am and she was startled. [redacted] reported alarm went off at 4:00am, he went back to sleep and then woke up to screaming from [redacted] to do CPR on [redacted] reported they then called 9-1-1. Mr. [redacted] was drug screened and was negative for all substances. Mr. [redacted] denied bruising on [redacted] and stated he had pictures he could show of [redacted] yesterday (11/22) to show she did not have bruises then.

CM [redacted] and CM [redacted] spoke with [redacted] in a private room. [redacted] reported around 4pm her and [redacted] went to a few stores, then came back home and ate pizza. [redacted] reported [redacted] was playing with [redacted] and feeding her. [redacted] reported after her feeding at 11pm, she asked [redacted] to put her in the bed while she took her nap. [redacted] reported she went to take a shower around 12:30am and then went to put [redacted] in her crib and proceeded to bed. [redacted] reported the alarm went off at 4am and [redacted] ran in the living room. [redacted] reported she went into the kitchen to get a drink. [redacted] reported she went to check on [redacted] and was half turned on her belly and half on her side. [redacted] reported she picked her up she did not move or cry, she then ran into the room with [redacted] was panicking and rushing him to do CPR on [redacted] [redacted] reported they then after called 9-1-1. Mrs. [redacted] was drug screened and positive for THC, reportedly using THC gummies for pain management. Mrs. [redacted] denied knowing of any bruising on [redacted] Mrs. [redacted] reported that [redacted] was just seen by the primary care pediatrician for her six-month shots earlier this month. Mrs. [redacted] denied any psychotherapy treatment since [redacted] died in June 2023 but is on medications which she is taking regularly for her mental health.

CM [redacted] interviewed the grandmother, [redacted] who reported that she previously assisted mom and dad in caring for the children for a weekend in August. She reported [redacted] would eat 5-6 ounce bottles every few hours during her stay then. Grandmother expressed concerns about Mrs. [redacted] aggression and mental health.

The siblings, [redacted] and [redacted] will be added to this case as Alleged Child Victims for Lack of Supervision. They were observed by Doctor [redacted] and CM [redacted] with no concerns for abuse, with one noted bruise on [redacted] back reported to be from playing with [redacted]

TL [redacted] and TC [redacted] discussed this case and a legal consult was completed with RGC [redacted]. The parents were asked to complete an Immediate Protection Agreement (IPA) to which they agreed. They identified the paternal grandmother, [redacted] who lives in [redacted] County and was present at the hospital. Ms. [redacted] agreed to be placement, consented to a urine drug screen and background checks. The drug screen was negative for all substances and the local, state, and federal background checks had no results. TFACTS checks were negative for any cases with Ms. [redacted] as the perpetrator. A home visit was completed at her residence ([redacted] County) and the 1620 was signed by CM [redacted] and Ms. [redacted] TL [redacted] has updated Detective [redacted] of the steps taken by DCS today.

CM [redacted] traveled to [redacted] home to complete the home study for the IPA placement of [redacted] and [redacted] During the home study Ms. [redacted] told CM she was concerned with a couple different aspects that strike her as odd. She reports one is that [redacted] was in the room at the time of both [redacted] and [redacted] deaths. She reports Mother's story about [redacted] death does not match [redacted] story. She also reports her other concern is mother is aggressive by nature. She reports she has witnessed [redacted] being aggressive towards [redacted] for years and states he tells her all the time she is mean to him. She reports she can be very aggressive with words towards everyone. She reports she had the children with her the weekend of August 19 2023 and [redacted] showed up with a black eye. When she questioned [redacted] she was told it happened at school. She reports [redacted] would not talk about the injury. [redacted] sister [redacted] was present and she stated once several years ago she went to their home to visit after [redacted] was born and [redacted] had gotten angry at the 8 week old puppy and she grabbed it up and tossed it across the room then proceeded to walk over and kick it. [redacted] reported she took the puppy to the vet and it had several broken ribs. [redacted] reports this was the first time she saw [redacted] be aggressive but has since witnesses her being aggressive with [redacted] CM thanked them both for the information.

CM [redacted] and CM [redacted] traveled to [redacted] Hospital to meet response on Abuse Death P1 for [redacted] Upon arrival CM asked to speak to detective but he had already left. CM then asked to speak to the Nurse for the case. CM [redacted] choose not to view the child per policy Case manger worker is not required to view the deceased child. CM [redacted] went into the room to view the child and to view the reported bruising on the child. CM [redacted] observed discoloration around the eye but was unable to confirm by looking at it if it was from injury. Child appeared to be of a healthy size. CM [redacted] stepped out of the room where [redacted] was resting and went to speak with CM [redacted] and RN [redacted]

CM [redacted] and CM [redacted] spoke to Nurse [redacted] about the case. CM [redacted] and CM [redacted] was informed by Nurse [redacted] that [redacted] got to the hospital at 4:29am and [redacted] was pronounced dead at 4:39am. She stated that EMT did CPR, but that lividity was already set in. She stated parents reported [redacted] last ate at ate at 9:30pm last night and that she went to bed at 10:30pm. She stated that the parents went to bed around 12:30-1am. She stated that mom got up and got a drink and saw that her son ([redacted] was on the couch and decided to check on [redacted] She stated that the baby was sleeping on their right side, not the left side. Nurse [redacted] stated that when mom picked up the baby, she did not startle, and that dad started CPR. Nurse [redacted] stated dad was distraught and that mom said lets pretend shes dreaming. Afterwards, [redacted] was crying for [redacted] last night. Nurse [redacted] stated that the baby was at the hospital for an hour before the parents showed up at 5:30am. Nurse [redacted] reported that the ambulance stated that the parents were not going to come to the hospital. Nurse [redacted] stated that mom is going to psychotherapy with Nancy and that mom has been receiving help from a friend with the kids. There were no scans or x-rays done for bruising. Upon arrival, the diaper was full of poop. There were also tons of formula in her system. CM [redacted] requested a quiet place to interview the parents and thanked Nurse [redacted] for the information.

She stated that the parents went to bed around 12:30-1am. She stated that mom got up and got a drink and saw that her son ([redacted] was on the couch and decided to check on [redacted] She stated that the baby was sleeping on their right side, not the left side. Nurse [redacted] stated that when mom picked up the baby, she did not startle, and that dad started CPR. Nurse [redacted] stated dad was distraught and that mom said lets pretend shes dreaming. Afterwards, [redacted] was crying for [redacted] last night. Nurse [redacted] stated that the baby was at the hospital for an hour before the parents showed up at 5:30am. Nurse [redacted] reported that the ambulance stated that the parents were not going to come to the hospital. Nurse [redacted] stated that mom is going to psychotherapy with [redacted] and that mom has been receiving help from a friend with the kids. There were no scans or x-rays done for bruising. Upon arrival, the diaper was full of poop. There were also tons of formula in her system. CM [redacted] requested a quiet place to interview the parents and thanked Nurse [redacted] for the information.
